Corn Pain Stopped Quick

"Gets-It" Loosens Them So They Lift Off in a Jiffy.

The corn pains cease as soon as a few drops of "Gets-It" reach the corn. It goes out of the hurting business forever.

This Sure-Kick Corn Shoe "Gets-It" Got It

For a day or so the corn remains getting looser and looser without twinge from it. Then it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easily and simply "Gets-It" disposes of the corn nuisance. "Gets-It" is the infallible, guaranteed, money-back corn remover, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago.

Sold in Pendleton and recommended as the world's best corn remedy by Tallman & Co. and Economy Drug Co.

WASHINGTON FEARS FARM LABOR LACK

(By Associated Press.)
 SEATTLE, Wash., April 23.—A shortage of farm labor over the state was reported to the state development bureau of the chamber of commerce today. However there is no report on a shortage of seasonable labor, orchards of the Yakima and Wenatchee districts reporting sufficient help to meet present needs according to information received.

In anticipation of shortage of labor later on, orchardists are reported to be planning their work so that as much as possible will be done now. There have been so many berry plantings that there has been a heavy drain on nursery stocks and it is estimated several thousands acres of new lands in Western Washington have been put into berries since last fall.

PIONEER MARINER DIES AFTER SHORT ILLNESS

(By Associated Press.)
 PORT TOWNSEND, Wash., April 23.—Captain H. L. Tibbals, 92, pioneer Northwest mariner and a resident of Port Townsend for sixty-five years died here yesterday after a brief illness.

Captain Tibbals came to Puget Sound in 1855, as navigator of the United States revenue cutter Jeff Davis, and in 1856 took up his permanent residence here. In 1864 he represented Jefferson county in the territorial legislature and in the early seventies was general manager on Puget Sound for the Pacific Coast Steamship Company, later becoming a pilot for the same company.

He leaves four sons and one daughter.

C. & N. W. WOULD BUY 11 BABY RAILROADS

CHICAGO, April 23.—Eleven baby railroads may be bought outright if officials of the Chicago & Northwestern railroad can prevail on stockholders meeting here today to take up the matter.

The railroads which are serving as branches of the Northwestern are scattered throughout the Middle West

LIFT OFF CORNS!

Drop Frezone on a touchy corn, then lift that corn off with fingers

Doesn't hurt a bit! Drop a little Frezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, Magic! No humbug!

A tiny bottle of Frezone costs but a few cents at any drug store, but is sufficient to remove every hard-corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezone is the sensational discovery of a Cincinnati genius. It is wonderful.

CHAS. W. MORSE

WASHINGTON — Charles W. Morse, looking the picture of health, called on President Wilson the other day. It was announced years ago when Mr. Morse was in federal prison for fraudulent transactions, that he had but a short time to live and President Taft pardoned him. During the war he handled big government contracts.

Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself

past 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monaca, Illinois.

and are sought by the Northwestern and The De Pue, Ladd and Eastern R. R. Co., and The Albany Railroad Bridge Co.

The railroads are:
 Wolf River Valley Ry. Co., Belle Fourche Valley Ry. Co., James River Valley and North Western Ry. Co., Macoupin County Extension Ry. Co., Iowa Southern Ry. Co., Missouri Valley and Blair Ry. & Bridge Co., Wyoming & Northwestern Ry. Co., Pierre, Rapid City and Northwestern Ry. Co., Pierre and Fort Pierre Bridge Ry. Co.

At the offices of the Northwestern here today it was stated that the object of taking over the roads is for bookkeeping purposes.

"All these roads are controlled by the Northwestern but the company is preparing to negotiate a loan and wants to include these roads in its available assets," it was stated.

Does 3¢ = Americanism?

Did you know that 3c is MORE than the churches average from each member per day?

WE AMERICANS may be thoughtless. Sometimes we may appear selfish. But when a great need arises, no one can say that we have ever shirked.

Ask any son of France. Ask any soldier of Great Britain. Or ask any Armenian mother or a girl with a red cross on her sleeve or one with a tambourine in her hand.

And now the churches come to us for help—our churches. Not begging. Not asking alms. But with heads lifted high facing a task so worthy that we, as loyal Americans, ought to feel it a *privilege* to help.

Here is the Plain, Unvarnished Truth

We don't need to be told that the church is the heart of the Nation. We admit its influence for lasting good in our children. We see its stabilizing influence on our communities. We know a little of its great hospitals, its homes for children, its schools and colleges here and abroad.

But most of us do not realize how pitifully inadequate the support of the churches is when compared to the urgent needs.

Less than 3¢ a day!

In spite of the great tasks which we expect our churches to carry out, those of us who give to the church—and the number is all too few—are now giving an average of **less than 3¢ a day for all church purposes.**

Less than 3¢ a day.
 Shall our churches go on? It is for you to say.
 Without your help the work of your church must be just that much less.
 Give—and give from your heart as well as from your pocketbook.

A World Survey Was Made

Our churches know the needs that must be met. They know exactly how every dollar—every penny—will be used for the greatest good without waste.

A world survey was made by the churches that astounds business men in its thoroughness. Country after country was studied; the countries of the world were visited and reported in minute detail.

How the Interchurch World Movement Originated

Our churches said: "The task of meeting the urgent needs shown by the world survey is too great for us to do individually as denominations. We must do this work together."

So thirty great denominations are cooperating—each keeping its own purpose and identity—but all working together under the name of the Interchurch World Movement.

Because of this cooperation, it is estimated that over one million dollars will be saved alone in eliminating waste and duplication.
