

PENN ANNUAL RELAYS TO BE RUN THIS WEEK

(By Associated Press.) PHILADELPHIA, April 26.—With the leading college athletes of the United States and England competing, the University of Pennsylvania will stage her twenty-sixth annual relay meet at Franklin Field here next Friday and Saturday. More than 200 schools and colleges of the nation will be represented, besides the combined track and field team from Oxford and Cambridge Universities of England.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN. A certain relief for Feverishness, Constipation, Headache, Stomach Spasms, Vermin, Diarrhea, and Hoarse Throat. They break up colds in 24 hours. As all druggists handle Mother Gray's Sweet Powders, ask for them. **MOTHER GRAY CO., LA. Reg. U. S. P.**

Established in 1895 with competition among a limited number of institutions, the yearly games have grown in scope and popularity until today the Penn. Relays stand on the greatest track and field meet in the world with the possible exception of the Olympic games. The contests are officially accepted as the opening of the collegiate athletic season and the entries have increased in late years until two days are required to complete a program which is run off with clock-like regularity. From time to time additional championship relays have been added until at present there are six open events with a score or more of division contests for schools and colleges. No more than 28 teams are entered for the 60 open championship relays next week. These represent colleges and universities from every part of the United States.

For the second time in the history of the relays a foreign team of collegians will compete in the combined Oxford-Cambridge quartet which is to run against America's best in the two-mile championship. Each of the four English half milers is a star runner over the 880 yards course. The race is expected to develop the same sensational result as was the time when Oxford's four competed in 1914 and won by a scant two inches from Pennsylvania at the end of a thrilling four-mile contest.

DOCTORING OF BALL NOT ALLOWED BY 1920 RULES

(By John B. Foster.) In the new issue of Spalding's Official Base Ball Guide the "fan" will find exactly what the pitcher must not do under the rules as they have been amended for 1920.

- He must not rub the ball in the soil.
- He must not discolor it with flour, paraffin, or other foreign substance.
- He must not expectorate upon it.
- He must not roughen the surface with sand paper, emery paper or other hard substance.
- He will not even be permitted to bound it to an infielder, in order that the cover may be slightly abraded.
- No other player is permitted to commit any of the above offenses and then toss the ball to the pitcher for delivery.
- If the pitcher delivers the ball to the batter after this is done he is arbitrarily suspended for ten days.
- The correct position for the pitcher to assume when he receives the ball for delivery is to stand on the plate holding it in front of him with both hands.
- He cannot take either hand from the ball unless he is intending to throw it to first base or deliver it to the batter.
- If he drops the ball in the act of delivering it to the batter it is a balk. This latter now makes the balk rule uniform in both major leagues. It had not been so previously.

KEEGHEIS WINS SWIM

(By Associated Press.) ALAMEDA, Cal., April 26.—Ray Keegheis of the Los Angeles Athletic club won the junior national 100-yard back-stroke swimming championship at Neptune Beach today, covering the distance in one minute, 12.5 seconds. Jim Powell, Stockton, finished second and George Schrott, Oakland, third.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop itching, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, itchy hands and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy, salve-like, does not stain. Where others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rice Co., Cleveland, O.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Oud-Time Recipe that Anybody can Apply.

The use of Sage and Sulphur for removing faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

CANADA AND SWEDEN IN FIGHT FOR PUCK HONOR

(By Associated Press.) ANTWERP, April 26.—Canada defeated the United States 2 to 0, in a hard-fought hockey game last night and today will play Sweden in the finals for the Olympic championship.

It was not until late in the second half that the Canadians were able to score against the Americans, who strove valiantly all through the game to penetrate Canada's defense. It was lightning hockey throughout but the Americans were outplayed. The Canadians expect an easy victory today.

Frederickson penetrated the American defense after a long skate in the tenth minute of the second half and scored. In the fifteenth minute Johnsen also scored.

Both the Canadian goals were shot from scrimmages and after hard fighting.

Swedes Defeat French

The Swedish hockey team defeated the French team in the Olympic hockey competitions here Sunday afternoon. The score was: Sweden 4; France 0.

The Swedes, by their victory, won the right to compete in the final. The game was the hardest fought and most evenly matched yet played.

The Swedes were unable to score in the first fifteen minutes of play but immediately thereafter made two goals in rapid succession. It was the same story in the second half, the Swedes scoring their remaining two goals in the last remaining three minutes of play.

One of the French players had a long black beard but was spry on his feet, as was also another Frenchman who was middle-aged and bald-headed.

AT THE THEATRES

What the play-house managers have to tell you about present and coming attractions.

WALLACE REID'S NEW PICTURE HAS FINE CAST OF PLAYERS

Lila Lee and Others Appear in "Hawthorne of the U. S. A." Coming Here

It is not often that a motion picture has in its cast two recognized stars. "In Hawthorne of the U. S. A." the film attraction at the Arcade Theatre Sunday and Monday the role of the hero is played by Wallace Reid, while Lila Lee appears in the chief feminine part. As this pair of favorites were not enough, the rest of the company has been selected exclusively from prominent screen players. Theodore Roberts plays the role of a United States Senator and Harrison Ford, who has been leading man for Marguerite Clark and other feminine stars, is Wallace Reid's partner in adventure. Such sterling character actors as Tully Marshall, Edwin Stevens, Charles Ogilvie and Guy Oliver also appear.

The picture was adapted from James B. Fagan's well known stage play of the same name, in which Douglas Fairbanks once starred in the legitimate. It concerns the experience of a pair of improvident American law clerks touring Europe in a "jitterney" when they break the bank at Monte Carlo and invade an obscure little revolution torn kingdom.

ALTA TODAY

"Upstairs," Goldwyn's latest release, starring Mabel Normand, comes to the Alta beginning Sunday.

Miss Normand never had a better vehicle for her peculiar talents than in this story by Perley Poore Sheean. She plays Elsie MacFarland in the "downstairs" of a great, palatial hotel; a slayer always anxious to get "upstairs," where the music and the laughter and wine are. But apparently she is always to stay below and suffer castings-down from the brutal chef who dominates the kitchen.

There is humor enough in her dealings with that individual and her attempts to play when she should be working. But the real humor of the piece is seen when she is providentially lifted upwards by a bell-boy who is a millionaire in disguise. In passing it may be noted that his sole reason for donning a role was to become acquainted with Elsie, whom he had seen peeping through a doorway.

GET WISE TO GOITRE

Why suffer the discomforts and embarrassments of a Goitre?

O. G. C. preparation for goitre has benefited many.

Why pay several hundred dollars for an operation to remove a goitre when O. G. C. can be obtained for such a comparatively small expenditure?

O. G. C. when properly applied gives satisfactory results, or your money will be refunded. O. G. C. is sold direct, by mail only. Write for booklet.
