Vitagraph detective and mystery serial, "The Invisible Hand," starring Antonio Moreno. This episode will be shown at the Pastime Theatre today and it is appropriately entitled, "Flirting With Death."

The big thrills referred to comes at the close of the episode and it will certainly leave those who see it on the proverbial pins and needles until the next episode determines the fate of those in the scene. Moreno, in the other role, is a master detective of the Secret Service. He has been given a job where all others failed—that of running down a band of organized criminals in the West, known as the Crime Trust and led by a wily and cultured crook, Iron Hand by name.

Although Moreno is rapidly closing his net on the criminals in this episode and has decimated the band by capture and death, the plans of the nefarious organization, Iron Hand and his lieutenant, are still at large and plotting to do away with the great detective. The big thrill comes here when the detective and an assistant are ambushed in the country outside

of Frisco by the gangsters. Hiding in an automobile the detective refused to halt and speeds up the machine and runs a gauntlet of bullets. The gangsters follow on horseback and run the detective into the mountainous country. Caught in a blind canyon pass with heavy cliffs on one side and yawning chasm on the other, the only means of escape for the sleuth is a rickety little footbridge crossing the canyon. He takes the chance but loses and the machine and the two men plunge down into the depths of the gorge.

The average featured western photoplay sits under the shade of a giant cactus while his "double" does all the dangerous work for the scene.

The exception to the rule is Harry Carey, the Universal western star, whose daring work in Universal photodramas has won for him the world-wide title "The Ace of the Saddle."

In "The Rider of the Law," which comes today to the Arcade Theatre, Harry Carey did a bit of riding that almost loosened every tooth in his head.

He rode "Dynamite," a notoriously bad horse who cared not a whit for the motion picture camera and concentrated his entire mind on dislodging the rider. Yet with his superb horsemanship Carey stayed on top and eventually tamed the wild animal down to about three-kitten-power.

"The Rider of the Law" is the story

"Gosh! How my back aches!"

After Grip, "flu" or cold, the kidneys and bladder are often affected—called nephritis, or inflammation of kidneys. This is the red flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful discovery of Dr. Pierce's, known as Anuric (anti-uric-acid), because it expels the uric acid poison from the body and removes those pains, such as backache, rheumatism in muscles and joints.

Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

Dr. Pierce's Anuric is many times more potent than lithia and often eliminates uric acid as hot tea melts sugar.

MADRA, CAL.—"I recommend Dr. Pierce's Anuric very highly. I have suffered for the last three years with catarrh of the bladder, having tried every remedy I heard of but without relief. I saw Anuric advertised in the paper, and like the doctoring man grabbing at a straw I thought I would try it also, which I did with great success, as it relieved me almost immediately, before I had taken all of the trial package, and having great confidence in the remedy I immediately sent to the drug store and bought a package. I can say to all suffering from any disease of the kidneys or uric acid troubles, try this remedy and suffer no longer. I have great faith in Doctor Pierce's remedies.—S. P. BENJAY.

HEAVY MEAT EATERS
HAVE SLOW KIDNEYS

Eat less meat if you feel Back-ache or have Bladder trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Woman's Faith Helps Husband.

"I owe my good health to my wife who had faith in a newspaper ad she saw for May's Wonderful Remedy. I was down on my hands and knees with stomach and liver trouble after 15 years of suffering and trying every known remedy that I had no faith in anything. This medicine has certainly been a 'Godsend' to me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

BESSIE LOVE
VITAGRAPH STAR

It will be surprising news to thousands of admirers of Bessie Love, the Vitagraph star, to learn that she was graduated from the Los Angeles High School only this summer. Not that little Miss Love was backward in her studies—far from it, as she graduated with honors—but she really is young and completed her education on schedule time. Her stardom, coming so early in life, gave the impression that she was older than she looked. As it is, she is very much still in her teens. And not only has Miss Love completed her high school course, but she has completed two very excellent features for Vitagraph as well. "A Fighting Colonel," in which she again appears as a little Irish lassie, and "Pepepe," an adaptation of the novel by Eleanor Hoyt Brainerd.

PRINCE DELAYS TOUR
UNTIL TRAINS BEGIN
RUNNING FOR "PEOPLE"

(By Associated Press.)

ANCKLAND, N. Z., May 4.—The Prince of Wales resumed his tour of New Zealand by train yesterday, the strike of the railway men having been ended. In the afternoon the Prince reached Tauranga, having been welcomed everywhere with enthusiasm.

An interesting incident connected with the strike is related. Prior to the settlement of the walkout, the Prince was told there would be no difficulty in finding men to run the royal train.

"Will they run trains for the people?" the prince inquired.

"At present they will not," a railroad official replied.

"That being so," the Prince answered, "they cannot run trains for me. I am one of the people."

That impending bankers' strike would better watch its step with all these graduated doughboys all about.

Senator Johnson's favorite outdoor and indoor sports seems to be feeding red pepper to the elephant.
