About Rheumatism
People are learning that it is only a waste of time any money to take medical internally for chronic and muscular rheumatism, and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 25 cents per bottle. Large size 60 cents.

Do Your Best
Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.

For a Weak Stomach
As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull headache, or if your meals sour and ferment, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal. Those subject to headache, backaches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

GET WISE TO GOITRE

Why suffer the discomforts and embarrassments of a Goitre? O. G. C. preparation for goitre has benefited many. Why pay several hundred dollars for an operation to remove a goitre when O. G. C. can be obtained for such a comparatively small expenditure? O. G. C. when properly applied gives entire factory results, or your money will be refunded. O. G. C. is sold direct, by mail only. The City Manager Plan

Two books, recently off the press, which deal with the city manager form of government are among the latest purchases at the County Library and are now ready for circulation. They will be reserved in the order of application for those who wish to inform themselves on this timely subject. Call at the library or phone 394 for a reserve privilege on these or any other informational books no matters of interest and if the book is out at the moment, one can be assured that notification will be sent as soon as the busy book is returned to the library. City Manager in Dayton, Ohio, by C. E. Rightor and others.

"This volume gives the actual record of four years of commission-manager government in Dayton (1914-1917) and compares them with the four preceding years under the mayor-council plan (1910-1913). Other cities throughout the country have turned to Dayton for information as to the working of the city-manager plan. This book answers hundreds of questions about the experiment which are constantly being asked by civic leaders in other communities throughout the country. Mr. Rightor offers a statement of fact, not an argument. "A clear non-controversial record. It is illustrated with photographs and statistics showing Dayton before and after the new system was installed." "The presentation of the essential facts by Mr. Rightor, former director of the Dayton Bureau of research, is precise, clear, and full of interesting sidelights. He has, in fact, created a new model for municipal publicity." New Municipal Program, by Clinton P. Woodruff.

"This book is one of the National Municipal League series. To explain and justify their conclusions the various members of the league's committee on municipal program have cooperated in producing this volume. To each was assigned a specific subject for treatment, and to the editor the welding of them together. Municipal government in America has assumed a leading position among questions of government and this report is offered as a contribution to the solution of those phases of the problem having to do with machinery.

The committee's conclusions which are embodied in a model city charter form a very valuable appendix so that the book is doubly valuable alike to the student and to the charter draftsman. The "New Municipal Program" is put forth with the hope that it may be a substantial contribution to charter revision and a stimulating factor in developing American character making along sound lines."

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—yours is a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are purely vegetable compounds mixed with honey. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 50c. Take one or two nightly and note the pleasing results.

Book for Young Mothers

The County Library has purchased several copies of the latest edition of the "Care and Feeding of Children" by Dr. L. E. Holt. Note is being made at the library of the birth notices in the newspapers and postal cards are then sent to the parents with the information that this book is available for their free use.

"The foremost authority on babies in America here answers many perplexing questions which are apt to confront the mother or nurse—the little things about bathing, feeding and diet, clothing, exercise, ailments, etc., which come up every day."

SHIPPING BY BARGE COMES BACK AGAIN

CINCINNATI, Ohio, May 4.—Shipping by barge down the Ohio river is "coming back," according to river men. A few years ago indications were that freighting by barge would soon be a thing of the past because of the quicker transportation by rail. However, the tables have turned. Since the beginning of the war, freight congestion, coupled with acute car shortage, has forced manufacturers to seek every known means of transportation. Automobile manufacturers were particularly hard hit. Last year a few enterprising dealers

along the Mississippi as far south as New Orleans began driving their cars overland from Detroit and other cities to Cincinnati where they loaded them on barges to be pushed by tugs to their destination. The cost is said to have been about the same as shipping by rail and to have been much quicker.

AMHERST GRIDIRON MEN PRACTICE FOLK DANCING

(By Associated Press.)
AMHERST, Mass., May 5.—Folk dancing as training for football is being given candidates for the Massachusetts Agricultural College eleven this spring. Instead of lunging and charging against a tackling dummy, husky candidates for places on the "Aggies" line are being taught the intricacies and graces of the English folk dances. Thirty men, with the broadness of shoulder and bulk of frame necessary to the efficient football lineman, are learning to do gracefully the handkerchief folk-dance known as "Laudanum Bunches," and to trip lightly through other steps of the old dancing school. For a time they were embarrassed as waving handkerchiefs in the air they pivoted on one toe with an arm and hand extended, but they have since taken to the dance and appear to enjoy it. The object of the dancing instructor

LUCKY STRIKE

"IT'S TOASTED"

NOW! About this famous Lucky Strike cigarette.

You'll like it; millions of other men like it. It is the popular cigarette at the present time.

And why? Because it's made of Burley tobacco and because it's toasted.

Think of bread, muffins, crackers—flavor improved by toasting.

And, of course, Burley tobacco is better toasted. Bound to be. Toasting brings out all the Burley flavor; improves it. Lucky Strike, the real Burley cigarette—it's toasted.

Are you a pipe smoker? Then try Lucky Strike pipe tobacco. Made from the finest Burley tobacco that money can buy. The toasting process seals in the Burley flavor and takes out every bit of bite. It's toasted.

WIRE LINES COST \$14,000,000

(By Associated Press.)
WASHINGTON, May 4.—Operation of telegraph and telephone companies during the war cost the government \$14,000,000. Postmaster General Burleson informed congress today in asking an immediate appropriation of that amount to liquidate affairs of the federal wire administration.
