

# News of Pendleton

**Putting On Hot Stuff.**  
Crews are at work today putting on the hot stuff on the road this side of Athena. This will complete the road to Athena and will close up the gap. Several places on the pavement between Pendleton and Adams have been repaired recently.

**Crushed Rock for Road**  
C. J. Carlson, who was awarded the contract for the placing of crushed

**Stiff Joints**  
**Sore Muscles**

**Limber Up Quickly Under the Soothing, Penetrating Application of Hamlin's Wizard Oil**

In cases of rheumatism and lame back it penetrates quickly, drives out soreness, and limbers up stiff, aching joints and muscles.

Wizard Oil is an absolutely reliable antiseptic application for cuts, burns, bites, and stings. Sprains and bruises heal readily under its soothing, penetrating qualities.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever contipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 50 cents. Guaranteed.

rock on the Pendleton-Helix road, put his crew to work today. They are erecting bunkers and installing the crushing plant a half mile from the Wild Horse road. It is expected that the work will be finished in four months.

**Flag To Be Presented.**  
The local chapter of the Daughters of the American Revolution will present a large flag to the Pendleton Post of the American Legion on Memorial Day. The flag, which is of silk, is reversible, and is mounted on a hardwood staff, surmounted by a bronze eagle. Fitting ceremonies will accompany the presentation of the flag, which is to be the official banner of the Legion.

**Going to Rochester, Minn.**  
Glen Shull, operator at the O.-W. R. & N. station here, will leave tomorrow morning on No. 6 for Rochester, Minn., where he will enter the Mayo Brothers hospital for medical treatment. He will be accompanied on the trip by his brother, Dean Shull, a brakeman on the O.-W. road. Dean Shull will make the return trip at once.

**Motor Trip Planned**  
Major and Mrs. E. L. Swartzlander and family leave the Indian agency tomorrow morning in their car for a trip to Cheney, Wash., from where Major Swartzlander will supervise the shipment of flour bought by the gov-

ernment for the various Indian schools in the country. On the way to Cheney they will stop at the Nez Perce agency at Lapwai, 12 miles from Lewiston. Before returning on Monday they will also visit in Spokane.

**Will Remodel Building.**  
C. W. Matthews was issued a permit today to remodel his dwelling at 300 Lewis street at an estimated cost of \$200.

**Chester Fee Assists.**  
Chester Fee, well known athlete, is giving assistance to Pendleton high school athletes. The local track team is in training for the track season and there is some good material.

**Barometer Is Rising.**  
The barometer is rising and fair weather is assured, says Major Lee Moorhouse, weather observer. The maximum today is 72, with a minimum of 49. Today the barometer registers 29.80.

**MacMaster Moving House**  
The old house recently purchased by J. H. MacMaster at the corner of Alta and Garden streets was started on its way to the new location on Bluff street last night and today was taken west on Alta street.

**East Birch Fishing Good.**  
Good catches of trout on East Birch creek have been reported recently, although it is slightly hard to reach with cars as yet. L. C. Schupp and Fred Moes got well-filled baskets there this week and Sam Walker on Sunday got 15, the smallest being 10 inches long. It is reported. Upper Butter Creek is also good, in the Vincent vicinity where it is not posted.

**Catch Trout and Whitefish**  
Nine trout, nine whitefish and an eight-pound steelhead was the catch made in the upper Umatilla river yesterday by Guy Matlock, Loren Hoover, P. F. Gilman and Sol Baum. They found the water clear, but still high. It is falling several inches each day, however, William Hoch, manager of Bingham Springs, told them. There are numerous steelheads in the river, the one taken having been landed on Loren Hoover's hook.

**Fire Might Have Swept Town.**  
The fire which early yesterday morning destroyed four buildings at Pilot Rock might have wiped out the business section of the town had there been a wind blowing. N. D. Swearingen, part owner of the destroyed property, said today. Not a board or shingle in the building escaped being reduced to ashes and the sidewalk for 200 feet also was consumed. The heat from the fire broke plate glass windows across the street and also broke the thermometer in the bank building. The estimated loss is \$3800.

**Official Pictures Are Made.**  
Theodore James, official picture man in the Pendleton high school student body, spent a part of yesterday snapping pictures of various groups at Pendleton high school. The senior class picture was taken for the Senior Edition of the Lantern; the debate team also got "shot" as did the cast of the senior play. As a result of the "shootings" several other cameras appeared on the high school campus today, their owners encouraged by the bright sunshine and the usual aggregation of bright and smiling faces.

**Range Is Backward**  
The range in the Heppner region, Umatilla national forest, is extremely backward, according to a phone message today to the Umatilla forest office from George Langdon, forester. He reported that up to the last three or four days, snow has fallen every night, thus holding back the growth of the grass. Most of the stock, he says, is now on the range, as stockmen were very anxious to place horses and cattle on the range early in the season because of the high cost of feed.

**State President To Be Here.**  
Mrs. Elizabeth Hayhurst, state president of Parent-Teacher Associations, will be in Pendleton next Wednesday to speak in favor of the two mill tax for elementary schools, and the college millage tax, for the University of Oregon, O. A. C. and the State Normal School. The following committee met yesterday to make plans for the appearance of Mrs. Hayhurst in Pendleton: Mrs. Thomas Hampton and Mrs. E. J. Murphy, representing the Parent-Teacher Association; A. C. Thompson, principal of the Hawthorne school; Fred P. Austin, city school superintendent, and James Johns, Jr., vice-chairman of the joint alumni organization of this city.

**Busy Days Ahead at H. S.**  
If indications are correct, the students of Pendleton will have every day from now until school closes, early in June, as a "busy day." Rehearsals for the senior play go on daily under the direction of Miss Mary Johns; C. S. Cramer and the dramatic club are working on a program for next Tuesday night; the debate team, with H. E. Inlow in charge, are putting the finishing touches on their speeches for the state championship contest at Eugene next week; the seniors are planning graduation exercises; class picnics are being talked up; an Oregon day assembly is being planned as well as a review of the cadet corps; and the usual activities such as glee club, literary society etc., go on as usual. In all everyone is busy and happy, too.

**FAILURE TO PAY DUES CAUSES UNION WALKOUT**

(By United Press.)  
SCHENECTADY, N. Y., May 5.—Eighteen hundred men, members of the electrical workers union, employed at the general electric company struck here today. It is reported 2000 more will quit. The men demanded that the company either compel four men to pay their dues to the union or discharge them.

CUSTOM SERVICE WITHOUT THE ANNOYANCE OF A TRY-ON

READY-TO-PUT-ON TAILORED AT FASHION PARK

The Man, a Man's Book on Dress, is ready.

\$52.50 to \$87.50  
Other Makes \$25.00 up

There is a given amount of value in a shoe, according to the quality put into the shoe when made. You can't get blood out of a turnip; neither can you get \$14 shoe satisfaction from a \$9 shoe.

You want all that you can get for what you pay—every one does. You want service, comfort, style—full returns for the amount you invest. Pay for quality and you get it in the Florsheim shoe.

\$14—\$16

## WOMEN'S TAILORED SUITS REDUCED

The word "value" gains a new interpretation, the word "smartness" also lies in these suits. Quality is the thing at once apparent in fabric treatment of style and workmanship.

In the assortment you will find the season's best materials. Ripple, box, straight line models. All sizes in the collection.

### PROPOSAL EXPECTED.

(By United Press.)  
LONDON, May 5.—Premier Miller and, in coming to the allied-German economic conference at Spa, will propose to Lloyd George that Britain sanction the proposal to have Ger-

many pay an allied fixed annuity of \$200,000,000 for a period of 20 years, special dispatches from Paris today forecast.

Men are always trying to get rid of some habits and form others.

**"It's a Lucky Day for You"**  
says the Good Judge

When you learn about the Real Tobacco Chew.

A small chew of rich tobacco lasts so much longer than the old kind.

You don't need a fresh chew so often. That's why it costs less to use.

Any man who uses the Real Tobacco Chew will tell you that.

Put Up In Two Styles

RIGHT CUT is a short-cut tobacco

W-B CUT is a long fine-cut tobacco
