What Do Your Clothes Cost You?

When anyone asks you that question you probably think of the price you paid.

That isn't the real cost. The real cost is the price divided by the number of days you wear the clothes.

That's why we say your clothes will cost you less if you buy them here.

Not only are the prices we ask considerably lower than other first-class stores, but a nationwide institution stands behind every sale.

Because we sell merchandise at a lower price than any other retail organization in America does not mean that you are buying less service here. There are no reservations, mental or otherwise. If for any reason you do not get from Penney merchandise the service you have a right to expect for the price you paid, all we ask is a chance to make good to your entire satisfaction.

April, 1919, returning on a troop ship. The woman he contends is his bride arrived here in September and lived with his parents. While he lay in a hospital, suffering from injuries incurred in an accident, Eller was told by the woman he believed to be his wife that her twin sister was really his bride, and that she died. As a proof, she produced a photograph of the twins. He maintains that the woman is his wife, and that she became infatuated with his friend, Charles Guemaco, with whom she is now living in New Orleans, the husband declares.

Where is Relief From Blazing Skin Diseases?

Must I Endure Forever the Torturous Itching?
 The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other distressing and unsightly disorders.
 The sensible treatment that will show real results is a remedy that will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S. which cleanses the blood of the disease germs, at the same time building up the general health.
