### WAR ON GAMBLING IS **OPENED BY PRESIDENT** M'CARTHY OF LEAGUE

Three Known Gamesters Ordered Barred from San Francisco Park and General Cleanup Over Circuit is Promised.

SAN(FRANCISCO, Cal., May 18.—A drive to stamp out gambling on baseball games in the Coast League parks was opened Sunday with an announcement by President William H. McCarthy of the Goast League that three known gamblers" would henceforth be barred from all parks in the league. "I would close every park in the league rather than permit gambling to continue." McCarthy declared. The

league rather than permit gambling to continue," McCarthy declared. The text of the statement follows:

"I have today notified the San Francisco baseball club to hereafter refuse admission to three known gamblers.

"In doing this I am acting under a resolution passed by the board of directors of the Pacific Coast Baseball League and the expulsion applies to every park under our jurisdiction.

Detectives Have Been Busy.

"For the past two weeks through the assistance of the chief of police and through private detectives I have endeavored to stop gambling on ball games. It is difficult to secure the evidence that would warrant a con-viction under the law. However, the men who make this their business are

going to be stopped. Baseball is the one sport that must be kept clean. It cannot be clean if these influences are permitted to thrive. Irrespective of the consequences, every known gambler—and they are and will be known—is going to be expelled from our parks.

parks.
"Directly this action has nothing to
do with the dismissal of players Seaton
and Smith by the San Francisco club.
Indirectly it has. Men like those who
have been warned off in this instance
breed the rumors and suspicions that
neither true or untrue, compelled the
action which Manager Graham was
forced to take.

"San Francisco will be cleaned of lasschall gambling first. Every other city in the Pacific Coast League will be clean before many weeks.

"It is a crime that the one sport which is peculiarly American, the one sport that every American loves and encouraces, should have to combat such influences. But it means either

Pickett, Pilot Rock second baseman, was removed from the game and taken to the Helix jail for fighting with Umpire Miles late in the contest. Pickett took exception to the umpire calling Krause out on a thrid strike which hit the batter and made his objection more emphatic by swinging on the umpire. Miles, although smaller than Pickett, threw him over his shoulder to the ground and would have pummeled him had not the marshal arrested the offending players. He was released on ball.

#### QUEBEC KEEPS BUREAU TO DIRECT SPORTSMEN

(By United Press.)

MONTREAL Que., May 16.—In future when American sportsmen wish to visit the wilds of this province in quest of game or fish a bureau here will be at their disposal where guides, game wardens and inspectors will be on hand to tell the Nimrods where they are "biting best" and where the game comes in droves, waiting for the mill of the frigger.

pull of the trigger.

The new fish and game information bureau is part of a greater colonization plan funched by the provincial government and for which \$5,000,000 was voted at the last session of parlia-

ment.
Inquiries from the United States already indicate that the largest number
of American fishermen and hunters
as well as tourists, since before the
war, will come north this summer and
the new bureau is only one of many plans to look after their needs.
