# THROUGHOUT ANATOLIA

Dolletta the smallest human mother on earth will be seen here all this week with The Greater Alamo Shows, Dolletta is now 36 years old, 28 inches high, weight 37 pounds and is the mother of two handsome children. Her oldest child is a girl 14 years old. Her size is about twice that of her mother, while the boy who is now 8 years of age. Is a head and shoulders tailer than his mother. She can easily walk beneath his out stretched arm with her half done up high on the top of her thy little head. The most remarkable part of this attraction is that both of Dolletta's children were born through the Caesarian operation, for it was that alone that enabled them to see the light of day and gave to Dolletta the distinction of being the only midset that ever gave birth to normal children.
