### DIAMOND DISK TATTLE ON AUTO THIEF

NEW YORK—Third Deputy Police Commissioner Joseph A. Faurot (left) and Lieutenant James J. Skehan, instructor of the police training school, have invented a device which will tattle on auto thieves. Circular and diamond shaped disks are the important factors. When the former is showing it indicates the owner is driving the car. When the diamond disk is up, the ignition is shut off and, if the car is being run, it indicates that it has been stolen. The device contains a road mirror and lights to indicate the direction of the auto.

### 'ELOPEMENT OF ELLEN' BRIGHT EXTRAVAGANZA

"The Elopement of Ellen," presented last night at the high school, proved to be the most elaborate play given by the Drama Class of the school. Especially designed scenery, with good electric effects, combined with clever acting to make the play a success.

Daphne Molstrom as "mother Earth" and Josephine Kirtley as "The Girl" carried the principal parts of the extravaganza. The solo dances were especially well received. The fairy dances proving a charming feature.

The members of the cast of the principal play displayed their usual talent and showed good training. The principals included: Lola Swagart, Mary Chisholm, Thelma Blanchett, David Swanson, Donald Woodworth, John Henderson and Claude Snow. The play was presented under the direction of C. S. Cramer and Miss Dorothy Flize. Miss Olive Rosche acted as accompanist.

This is the last of the club's plays for the year although there is some talk of giving the play in a nearby town at some future date.

A four minute talk was given during the evening by Mrs. Elizabeth Sturthurst, president of the State Parent-Teachers association who presented

### WOOD NOTICES NO DANGEROUS UNREST

(By Associated Press.) WASHINGTON, May 12.—Major-General Leonard Wood, here yesterday for a hurried conference with Senator Lodge of Massachusetts, and other republican leaders, declared that in his recent trips over half the country he had found no evidence of dangerous unrest.

"The unrest we find today," he said, "is the unrest growing out of the industrial situation, with the high cost of living and realization that increased wages do not give all one needs in the face of high prices. Present conditions are due more to our own indifference."

"The people are more interested in the cost of living than any other thing," he added.

General Wood declined to comment on President Wilson's letter to Oregon democrats concerning the league of nations.

On the question of soldier relief legislation, the general said he did not accept the view that there was a reaction against it, declaring it was more of a question of studying methods.
