FOUR WILL GRADUATE FROM UMAPINE SCHOOL

(East Oregonian Special.)
UMAPINE, May 12.—Commencement week for the Graduating class of Umapine High school begins May 16 with the baccalaureate sermon in the Presbyterian church. It is expected that Dr. Hum of Walla Walla will make the address. On Wednesday evening the commencement program will be as follows:
Processional—Della Records.
Invocation—Rev. Habbidge.
Chorus—When the Robin Sings—Glee Club.
Essay—Local History—Opal Peffley.
Solo—Sing, Sing, Bird on the Wing—Thelma Phillips.
Essay—League of Nations—Albert Stark.
Recitation—Jean Despres—Faye Givens.
Chorus—Springtime—Glee Club.
Presentation of Diplomas.
Chorus—Leaving the Nest—Glee Club.
Benediction—Rev. Habbidge.
The graduates number four this year. Those who will be present are: Opal Peffley, Thelma Phillips, Faye Givens and Albert Stark. Ivan Calnor also is a graduate but he is in Portland. On Thursday the boys of the high school entertain at a picnic up the Walla Walla river for the girls of the school. The picnic is a return party

for the last year party the girls gave last winter. The trip will be made in autos and the expedition chaperoned by Miss Phillip and Mr. Garver.
Rosario LeRoux of Walla Walla, son of Mr. and Mrs. LeRoux of Umapine brought home this week for a short visit his bride, after a honeymoon spent in Spokane two weeks ago. Romeo LeRoux, another son, also brought home his bride for a short visit.
Merle Icano who was operated on in St. Mary's hospital for appendicitis a week ago Monday is making a good recovery.
Kyle McDaniel recently closed a deal whereby he exchanged the Hagar ranch west of Umapine for 22 acres of fruit in the Ferndale district. The ranch was owned by C. A. Spear.
H. Blinford will take possession of the Fred Morley ranch which he purchased last week for \$15,000. The ranch consists of 80 acres.
On the last day of school at Umapine, no picnic will be held on account of so many of the pupils who are scheduled to take part in the program being home with either whooping cough or measles.
On Friday, May 21, Primary Day, the ladies of the Presbyterian church have decided that a cafeteria dinner will be served at the hall. On account of the school picnic, this dinner was at first called off, but now that no picnic will be held, it has been decided to have the dinner. Every lady of the community is asked to bring either sandwiches, baked beans, pie, cream, pickles, cake, cooked meat or scalloped potatoes. This will also postpone the tea at Mrs. John Allen's on Thursday.
Mrs. Guy Young is visiting her uncle and aunt Mr. and Mrs. W. W. Phillipi this week. On Wednesday they motored to Prescott where they will be the guests of Mr. and Mrs. Judge Kelly.
Jesse Martin received word this week of the serious illness of an aunt at Touchet.
Eighth grade state examinations are being conducted this Thursday and Friday in the Vincent schools by the examiner, Kyle McDaniel.
On Saturday evening friends of Mr. and Mrs. Claude Beale gave them a surprise in the nature of a dance at their home. The guests brought the refreshments and a jolly evening was enjoyed by the crowd present. On Monday evening Mr. and Mrs. Jim Wisnor entertained a party of friends at a dance at their home east of Umapine. Genuine old time fiddlers furnished the music which was much appreciated.

The Tube

How Firestone is Able to Produce the Finest Laminated Inner Tube and Still Hold to a Moderate Price

Firestone Man Power: Firestone has gathered together a remarkable body of workers, 17,000 strong — many of them stockholders in the Company. Men financially interested in the success of their product do better work.
Firestone Buying Power: Firestone has established purchasing headquarters at Singapore in the Straits Settlement where 85% of the world's rubber is produced. Thus Firestone gets first choice

of the raw product at quantity prices. And this saving is turned back to car owners.

Firestone Selling Power — Firestone's immense production requires a widespread distribution system. Sixty-five branches and 46,000 dealers throughout the United States selling Firestone Tubes assure a fast-moving product, which means fresh stock at all times—most miles per dollar in tubes as well as tires.

Firestone

After Sickness

Nothing restores Strength and Vitality as quickly as Vinol, our Cod Liver and Iron Tonic.

Mrs. Moore Proved This:
Warsaw, Ind.—"Influenza left me terribly weak and anemic and with no appetite. I could not even walk around the house without being all exhausted, and as I am a housewife I had to have help. I tried tonics and doctors without benefit. I read about Vinol, and four bottles built me up and restored my strength, and I have several friends who were benefited in the same way by its use."—MRS. CHARLES MOORE.
Weak, anemic persons of all ages are promptly benefited by this famous tonic. We are so sure it is better than any other that we will give
Your money back if it fails.

SPOT WILSON'S CAR

WASHINGTON—The next time you're in the Capitol City and want to spot President Wilson's automobile, it'll be simple enough! Just memorize the above license plates and you'll have his number.

NEW PASSENGER LINER WILL BE LAUNCHED SOON

VANCOUVER, B. C., May 13.—It is officially announced that the great new passenger liner Empress of Canada will be launched on August 17 at the Fairfield yards on the C.B.C. The ship will be of 22,000 tons displacement, 644 feet in length, 77 feet beam and 54 feet deep, with a speed of 20 knots. The Empress of Canada will come to Vancouver via the long round-the-world route. The big liner will go on a regular run to Hong Kong, Yokohama and Shanghai. Passengers are now being booked for the first cruise from Liverpool through the Mediterranean, Suez Canal, Red Indian Ocean to the Orient; thence across to Canada, arriving here in June, 1921.

Laying Down the Law
The young wife regarded the breakfast table with a critical eye. "Phyllis," she said sternly to her handmaiden, "how often have I told you that when you lay eggs you must lay spoons too!"—London Tid-Bits.

Diamond Squeegee Tread TIRES

To say that Diamond Tires are far and away the best tires made is a sweeping claim for us to make.

Yet thousands of Diamond Users say so every day—declare it without reservation, and cite the performance of their tires to prove it.

Talk tires with a Diamond User, and the chances are he'll sell you Diamond Tires before you are through.

The Car Problem is "Gas" HOW CHALMERS SOLVES IT

GASOLINE is steadily going down in grade. Motor car engineers are much concerned. Some have found a remedy by accepting the Chalmers principle of Hot Spot and Ram's-horn.

For this principle has supplied the answer to the problem of "gas."

Hot Spot transforms the raw, inferior "gas" into a fine fuel, simply by "breaking up" the particles into a "cloud."

Ram's-horn, minus abrupt sharp corners, short in length and ingeniously designed, makes the distance "gas" travels from Hot Spot to each cylinder equal.

At a velocity estimated at 100

miles an hour the "gas cloud" is rushed through Ram's-horn and the results are marked:

- Quick starting
- Power
- Smooth action
- Spark plugs seldom foul
- Absence of engine troubles such as burned bearings and scored cylinders.

The sum of results from Hot Spot and Ram's-horn looms large in your mind once you become

a Chalmers owner and you, too, will say Chalmers is one of the few great cars of the world.
