(By Associated Press.)  
CORVALLIS, Ore., May 14.—A cat-  
alog of the Oregon Agricultural  
college for the year 1917 was recent-  
ly unsealed here, and the first thing  
to strike the finder in the face was a  
notice reading: "Board and room for  
young ladies \$1 per week." At that  
time there were 124 students of whom  
about one-third were women. Now  
there are more than 1600 women in at-  
tendance here. The faculty at that  
time consisted of four members.  
There are now 240 professors and in-  
structors.

The hall was beautifully decorated with flowers and the class colors, blue and white. The four graduates each intend to enter college or university this fall.

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

**REMEDY FOR TEACHER  
SHORTAGE REVEALED**

Each Community in Oregon Should Know Instructors of Children Today.

In making the state of Oregon to vote favorably for the two-mill elementary school measure, popularly known as the Children's Rights Bill, the teachers of this state of Oregon are not asking for an increase in salary. They are merely working for a fair and equal distribution of taxes for the support of these basic schools.

The shortage of teachers in Oregon is growing so rapidly that the situation is alarming in the extreme. Last year 100 schools were closed, and in these 100 schools, 230 rooms were closed and close to 4000 pupils were unable to have the instruction that rightly should have been theirs.

It was due entirely to a shortage of teachers. Why? Because the teachers are being underpaid and are leaving the profession for better-paid work. They have to do this. Some day Oregon must come to the rescue of the teacher. Now, it is being asked to save the child, the voter of tomorrow.

Do we want him educated? Sure. Only recently in New York did the question of raising the teachers' salaries come up before the legislature and it was due to a lack of sufficient information as to the extent to which they should be increased, and the ability of communities to pay increases.

The temporary readjustment of salaries will fix the minimum rate for the rural school teacher at \$850, while in the larger country districts the lowest paid elementary teachers will get \$900.

Republicans, It is Up to Us to Elect a Real President This Fall

He Must Be the Biggest and the Soundest and the Most Effective American We Can Find

In states where the contest was between Wood and Johnson for the instruction of delegates to the Republican National Convention, the strongest candidate has been Wood, even with part of his backing among other contestants. The outcome in these states has been as follows:

FOR WOOD	FOR JOHNSON
MINNESOTA SOUTH DAKOTA NEW JERSEY MASSACHUSETTS MARYLAND INDIANA NEW YORK NEW HAMPSHIRE IDAHO	NORTH DAKOTA MICHIGAN NEBRASKA MONTANA
Total number of delegates pledged to vote for Wood at Republican National convention—321.	

Since the narrowing down of the field the situation is diagnosed as follows:  
A VOTE FOR HOOVER, FOR LOWDEN, OR FOR FOINDEXTER IS A VOTE FOR JOHNSON.

Here Are Some Newspaper Estimates of the Situation

New York Tribune, April 29. (Republican)  
The country is beginning to take note of the character of the Senator's chief support. He has attracted to his standard the remnants of the old German-American Alliance, like-wise the special champions of Eamon de Valera, and also radicals and their dupes who regard Lemine as a great statesman. Finally, he has the vociferous indorsement of Hearst, who makes little secret of the fact that in his irritation he will consent to head a third party.

Evening Post, N. Y., April 28. (Democratic)  
Wood remains the one contestant who figures everywhere, even where there are "favorite sons." The only place where he makes a distinctly poor showing is in industrial centers of radical tendencies. There, on the contrary, Johnson runs best; in addition, Johnson gathers in the Germans and the Irish. This is true of New Jersey and of Ohio as it was true of Michigan and of Nebraska.

New York Times, April 29. (Democratic)  
In New Jersey Johnson was strong in the cities, especially in such cities as Hoboken and Jersey City, where the German vote is strong. He undoubtedly got the vote of extremists among labor men.

**STATE ROADS**  
Vote 302 X Yes  
For 4% State Road Bond Limit

BALLOT TITLE IS AS FOLLOWS:  
302 X Yes  
303 No

**NO PROPERTY TAX—NO DIRECT TAX  
NO INCREASE IN AUTO LICENSE FEES  
NO INCREASE OF GASOLINE TAX**

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

**FEDERAL FUNDS MUST BE MATCHED.**

Oregon must have sufficient Highway Funds to match Federal apportionments for Oregon, cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is necessary. Unless this is increased either state roads cannot be constructed for many years or construction by direct property taxation. This means a very serious industry tax for state highways and makes early completion impossible. Let's get the roads built now.

Income from Present Sources Sufficient to Pay Principal and Interest.

The fact that revenues from auto license fees and gasoline tax, without increase of present rates, will be ample to pay both principal and interest on the bonds to be sold for state roads in the State of Oregon, is a fact that should be known by every citizen. Refer to State Pamphlet for verification. Examine the table carefully. It proves that no property tax is required and that present rates for auto license fees and gas tax will reduce principal and interest and yield a surplus besides.
