AMERICAN MADE SHOES SELL CHEAPER ABROAD

By Ralph F. Couch (United Press Staff Correspondent) WASHINGTON, May 14.—American made shoes now are being sold for export at prices ranging from \$1 to \$8 1/2 per cent below those charged within the United States, government reports showed. Commerce Department reports show that more than 1,000,000 pairs of American made shoes are now being shipped abroad monthly. Average prices for these export shoes in January were: Men's, per pair, \$4.43; women's \$3.77, and children's \$1.91. These prices are wholesale quotations declared by the shippers in customs papers. Average wholesale prices in America in December, the month previous were: men's \$3.25 per pair, women's \$3.85 per pair, children's, no average quotations available. These quotations were obtained by the labor department. Differences between the two sets of average wholesale quotations in favor of the foreign buyer thus were: men's shoes \$1.40 per pair, or 42 per cent; women's shoes \$2.95 per pair of 41 per cent. Whole sale prices in America now range from 50 to 100 per cent, below retail prices, reports indicate. American shoe manufacturers explain the difference in wholesale prices for export and inside of America by saying shoes sold for export are of a quality inferior to those consumed in the U. S. This is beside the point, according to some government officials. The vital thing, they point out, is that foreign buyers now fill their complete needs at wholesale prices ranging below \$5 per pair. The full need of American buyers can only be satisfied at a price nearly double this, it is explained. Other comparisons of reports obtained by the Commercial and Labor departments show that since 1914 the difference in price at which foreign buyers and American buyers have been able to satisfy their needs has been continually increasing. The following table shows the per cent of increase in average wholesale shoe prices in America over prices paid by foreign buyers: Year Men's Women's 1914 (July) 62 32 1919 (January) 79 69 1919-20 (Winter) 98 81

BARNES CIRCUS UNLOADS

(Continued from page 1.)

and he accorded the privilege of taking in Barnes' circus, he would be only too glad to revise his famous saying to something like this: "There is nothing new under the sun—except in Al G. Barnes' circus."

The parade was a revelation, so far as the display of wild animals is concerned. The long line of cages were open to the gaze of the public and there was no lack of excitement for young and old. Never before has there been such an aggregation of citizens of the jungle, and long as it was, it was all too short for spectators who lined the streets.

Big Crowd Attends. The circus this afternoon was attended by an enthusiastic crowd, and the performance was one continual round of pleasure. All the standard features of a circus, with animals as the star performers, were shown together with an infinite variety of novel and original acts. The band, the clowns, the wild animals were all remarkably proficient.

The performance will be repeated this evening. The doors open at 7 o'clock and the performance will begin at 8 p. m. A band concert will precede the evening performance.

VIENNA DISTRIBUTES LARGE MEDAL FUND

(By Associated Press.)

VIENNA, May 14.—In the work of unscrambling the affairs of the old empire curiously complications occur. One that is now giving the authorities a good deal of trouble is the disposition of the Maria Theresa Medal fund. This decoration was the Victoria Cross of Austria. Its award carried a handsome pension. The foundation fund now amounts to more than 170,000,000 crowns. There are several hundred applicants for the medal for deeds performed in the world war, but none has been passed upon pending the distribution of the foundation fund among the states of the former empire.

TOWN HAS SOAP AND SUDS WAR ON HAND

(By Associated Press.)

MERCHANTVILLE, N. J., May 14.—Merchantville has a soap and suds war on its hands. Washwomen want more money and housewives have declared a lockout.

When the negro women formed a union and posted a scale of \$3 a day for doing the family wash and \$2.50 for a day's housework, the employers became indignant. The Women's club of Merchantville voted for a lockout and refuse to pay more than \$2.50 a day. So in face of the paper shortage, Merchantville has issued an emergency call for paper collars and cuffs and reversible paper shirt fronts.

THOUGH 92 SHE STILL LIKES OLD CLAY PIPE

(By United Press.)

DENVER, O., May 14.—Mrs. Margaret Copeland, 92, much concerned over the reported movement to exile tobacco, Mrs. Copeland said she would have a difficult time breaking

Al Crooks, one of the 40 fun makers with Barnes Circus today.

herself of a habit she has been indulging for 70 or 75 years.

She recently celebrated her ninety-second birthday and puffed an ancient clay pipe in solid enjoyment. She firmly believes that smoking has helped prolong her life. None of this mild blend of tobacco for her, either. The more kick or bite the better she likes it.

Why not help to save the wild flowers by discouraging the florists' cheerful habit of offering them for sale? Give the hoaster a chance to make good and watch him fade away.

TOO BUSY FOR GODFATHERING NOW!

MEXICO—One little Mexican baby would probably tell you, if it could talk, that President Carranza makes a mighty fine godfather. Minus his uniform and without the assistance of his horse or troops, he played the part of the child of one of his trusted adherents, Colonel Paulino Fuentes, general manager of the National Railway. The chief executive of Mexico seemed to enjoy his "job," judging from the smile on his face. This picture was taken before the revolt ousted all of Carranza's time.

CROWN JEWELS ARE RETURNED TO TOWER

LONDON, May 14.—The crown jewels, which were removed to a place of greater safety during a recent succession of daring burglaries about London, have now been returned to their accustomed place in the Tower. The fact is regarded as hardly likely to prompt anyone to try to steal them, but it is somewhat remarkable that Colonel Blood's attempt on the regalia in 1671, recalled by this incident should be the only one on record, considering the manner in which his audacity was rewarded. It did not, of course, succeed in his enterprise, but Charles II was so impressed by his daring that he pardoned Blood and gave him an appointment in his household and an estate in County Clare which was held by his family for over 200 years.

GEE, NEWSIES SURE HAD SOME TIME ON TRIP TO CARNIVAL

BY E. O. NEWSBOY "And a good time was had by all." There was one night in our young lives when we were in possession of something worth while. That was when we followed Happy Holligan out to the Greater Alamo show grounds and started the managers of the different shows bidding for our patronage. Gee, folks it was a grand and glorious time we had. Happy Holligan quit us at the entrance and as we started down the midway Doc Zeno, manager of the Museum of Wonders, called "Bring them in here first." We went and Gosh, talk about curiosity shops, Doc has them all beat a mile. First Charlie Klump did some wonderful things with glass, and then Prof. Cordian, made a deck of cards do about anything but talk. Next came Haha Haha the monkey man. Before we got out of that show Paul Johanning of the trained wild animal circus was there telling us he had a place reserved for us. Gee, that was some show. There was pretty Princess Florine and her acting ponies and dogs and oh, a lot of stuff that was good

and then Johanning topped it all off by putting his head in a big lion's mouth, Oh Boy.

Coming out of the animal show Tony Bernardi saw us and megaphoned for us to come over. I don't think any of those Yanks rushes on the battle fields had anything on our rush over to Tony's wrestling show. Post Say! We saw one thing that if we had time to stop and study would have been of great value to us and that was the hair raise exhibition. "Happy" Peter Le de Koschik, who did so much to the Boche that he was decorated with medals.

Well it had to end sometime so to top it all we went into the barrel of

ton: "O Mamma o Mine" what a headache. Post Say, that crowd of more than 100 "newsies" were already for bed, when we got out of that barrel. We sure had some time at some show.

It takes a woman to tell a secret and magnify its importance.
