GOLF ACTIVITY LOOMS ON SPOKANE'S LINKS

(By Associated Press.)
SPOKANE, May 14.—Golfers of Spokane are looking forward to a season of activity on the four links in or near this city, over each of which, in addition to the usual individual play, a number of tournaments will be held during the summer.
Play here continued through the winter, except during inclement weather, over the Country club links and the municipal course, and with the opening of the regular greens for play, the less ardent devotees of the sport are becoming active.
At the municipal course, a clubhouse erected for the use of its members by the Spokane Amateur Athletic club has been taken over by the city park board, which controls the links, and locker room accommodations now will be available to its patrons. Several tournaments, for men and women, are to be played over these links during the season.
New tournaments, in addition to the weekly affairs and the inland Empire and city tournaments, are being plan-

ned by the Country club golfers, and at Hayden Lake, in northern Idaho, where many Spokane golfers enjoy the game, especially over the week-end, the usual Decoration day, Fourth of July and Labor day tournaments, will be played.
The Manito Golf Club, which has a course within the city, not far from the business district, is planning a re-organization campaign for an enlarged membership and a greater program of activity, it has announced.

CHAMP DARE DEVIL TO SHOOT NIAGARA

BRISTOL, Eng., May 14.—Charles George Stephens, a barber of this town, has announced that he is going to try to shoot Niagara Falls in a barrel.
He has booked his passage from Liverpool to Quebec on June 18 and says he intends to make the attempt at the end of June, or early in July.
Stephens is 56 years of age and stands 5 feet, 9 1/2 inches high. The barrel will be 6 feet, 2 inches and in the middle 22 inches. Inside the barrel Stephens plans to be secured by straps and the barrel is to be weighted at the bottom with a hundred pound weight to keep it upright in the water. Special breathing apparatus is also being fitted.
Among the many other feats which Stephens claims to have performed are the following:
Kissing a lion in its den, shaving customers in a lion's den, boxing in a lion's den and parachute descents from balloons; for which feats he boasts three ribbons, five gold medals and six silver medals.

To shoot Niagara Falls in a barrel has been the ambition of numerous persons seeking notoriety but few have accomplished it. Mrs. Anna Edson Taylor who went over the falls in a wooden barrel about 1904 was severely injured but recovered. "Bobby" Leach made the drop successfully and without injury in a steel barrel in 1911.

Smaller colleges had favored a plan whereby they were given a guarantee of a fixed return in events at their home grounds.

POLISH ARMY PUTS TROTZKY ON THE RUN

Leon Trotsky's Red army was victorious in Russia as long as it was battling with such armies as those led by Generals Kolchak and Denikin. The first clash with a real army, that of Poland, however, put Trotsky's outfit on the run—and they're still running. The latest picture of the Bolshevik leader shows him in his uniform.
