OF INTEREST TO WOMEN

This is a Short Letter, but it Brings a Message of Importance to every Woman.

Woodford, Va.—I took Lydia E. Pinkham's Vegetable Compound and Liver Pills before my child was born and it did wonderful work for me. My baby weighed eight and one-half pounds when born and I did not suffer many pains. You can publish this letter if you wish for I would not be without your medicine before child birth."
—Mrs. JOAN LAMBERT, Woodford, Va.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

Will M. Peterson

Place a cross "X" before my number, "27"

on the ballot, and elect me a delegate to the Democratic National Convention at San Francisco from the Second Congressional District.

I believe that President Wilson is the greatest, grandest President in the history of America; that George E. Chamberlain is the greatest, the grandest Senator in the history of Oregon; that Mr. Starkweather is a good man; that all democrats, like "old sparkling wine", are good and useful. They may fall out, quarrel and even sometimes fight, but are good fellows nevertheless.

I am a Democrat "through and through." Elect me, my good democratic friends, and I will help to nominate some great and good democrat who will be elected President of the United States.

Refrigerators that Save the ICE and SAVE the FOOD

SPRING AND SUMMER TIME IS REFRIGERATOR TIME

We are showing a full line of ICE KING REFRIGERATORS—the ice saving kind—not the ice-eating kind, in all sizes. White enameled interiors, three w all charcoal lined to keep the cold in; best nickel trimmings. See the ICE KING at Crawford's before buying. Prices from \$65.50 down to \$34.50.

THE ICELESS REFRIGERATOR
will convince the most skeptical when properly set up and connected, that it WILL REFRIGERATE 365 DAYS IN THE YEAR WITHOUT ANY EXPENSE

The principle under which the ICE-LESS works is air and water. It is therefore necessary to force a draft around the bar. To accomplish this a 6 inch stovepipe is attached and connected to any convenient flue. Setting the box beside the kitchen range does not interfere with its operation. Actual tests have shown where it maintains an average temperature for two days within three degrees of the temperature in a well known refrigerator fully lead.
