

ALTA TODAY

MADGE KENNEDY IS SOME DISHWASHER

When Madge Kennedy essayed the role of the society girl in her latest Goldenwyn picture, "Through the Wrong Door," which will be shown at the Alta Theatre, commencing today she did not dream that she would have to wash dishes.

Trapped in the house of a strange man, where she had come through the mistake of her chauffeur, Isabel Carter (Madge Kennedy) takes the situation lightly, and enjoys the adventure of dining table-side with her host. Lightheartedly she dresses her host in apron and chef's cap and together they tackle the heaped pile of dishes in the kitchen.

PASTIME SUNDAY

FLORENCE DAGMAR COOL AS CUCUMBER WITH SNAKE NEARBY

One of the most thrilling experiences in the life of a motion picture actress befell Florence Dagmar, the clever ingenue leading woman, who appears in the Paramount picture, "The Clown," which will be seen at the Pastime theatre on Sunday, with Victor Moore in the stellar role.

The company, under the direction of William C. DeMille, was taking some scenes in the desert near Palm Springs. In one scene, Miss Dagmar was required to lean against a large rock, and then slide slowly to the ground, apparently overcome with the heat.

Miss Dagmar came on—the camera grinding away—staggering to the rock, and was about to collapse when the onlookers were horrified to see the wicked head of a rattlesnake within four feet of her face. Miss Dagmar caught a glimpse of the reptile, but never moved a muscle.

Mr. DeMille called to one of the cowboys who shot the snake, the bullet passing within one foot of Miss

Dagmar's face. The last bit of film the cameraman had with him was being used, and Miss Dagmar's courage saved the scene. She now wears the eight rattles from the dead snake as a souvenir.

ARCADIE SUNDAY AND MONDAY

"RED HOT DOLLARS" CASTS CHARLES RAY AS FOUNDRY WORKER

Charles Ray dons overalls and carries a dinner pail in his new picture, "Red Hot Dollars," which will be the attraction at the Arcade theatre for Sunday and Monday. The youthful star has the role of Tod Burke, a machinist in a small town iron foundry. Peter Garton, owner of the foundry, is cold and selfish and has been the means of driving to the wall Angus Muir, his old business associate. Muir and his pretty daughter, Janet, live in poor financial straits in a humble cottage. Tod picks up an acquaintance with them.

Later, his quick wit enables him to save his employer's life when a heavy timber falls, though Tod himself is badly hurt. Old Garton is affected by the boy's sacrifice and, taking him to his mansion, looks after him while he regains his strength and then decides to adopt him. Tod tells Muir of his good fortune, innocent of the strong enmity between the Scotchman and Garton, and Muir drives him out of his house. Thereupon, Tod gets Janet a job in the Garton offices and the two evolve a clever and successful scheme to bring about a reconciliation between Muir and Garton.

"Red Hot Dollars" is said to provide Charles Ray with a characteristic role. The supporting company is headed by Gladys George. It is a Paramount-Artcraft picture produced by Thomas H. Ince.

Every time a man fails to make good he invents a new excuse.

Widow of Henry Field Will Marry Englishman

Mrs. Nancy Perkins Field, widow of Henry Field of Chicago, is said to be engaged to marry Arthur Lambert Tree, son of Lady Beatty of Brooksby Hall, Leicester, England. Mrs. Field is a niece of Mrs. Charles Dana Gibson and Lady Astor.

QUAKE PREDICTION MAY SPARE LIVES

(By Associated Press.)

HILO, Island of Hawaii, T. H., May 15.—Predictions of volcanic eruptions have been brought within the realm of practical things, while predictions of earthquakes and a consequent great saving of human life are within the range of possibility in the near future, according to Dr. Thomas A. Jaggar, Jr., director of the Kilauea volcano observatory near here, who has just left for a tour of New Zealand and other South Pacific lands.

Coordination of the work of volcanic and seismological observatories throughout the Pacific area and further development of the system, together with a study of the relation of volcanic and earthquake activities in the Pacific are the main objects of Dr. Jaggar's tour.

Determination of tides in the rise and fall of lava, similar to tides of the sea, is one of the achievements of Dr. Jaggar at the Kilauea observatory.

The volcanologist said before his departure that valuable observatory work was being done in Japan and that interest in New Zealand was increasing. More stations, better coordination of work and extension of observations are necessary, said the doctor, to obtain the complete data required for exact determination of laws governing volcanic and earthquake activities.

RAILROAD PRESIDENT WEARS OLD CLOTHES

(By Associated Press.)

LORDSBURG, N. M., May 15.—President William Spruille of the Southern Pacific Railroad gave this town some inside information on circumventing the high cost of clothing, while here recently when he displayed the date of October 12, 1917, on the suit he was wearing.

CALIFORNIA WILL PUT TRACK TEAM IN FIELD

(By Associated Press.)

BERKELEY, Cal., May 15.—The University of California probably will send only four men to the eastern intercollegiate track and field meet. These men will be Sprott, Hendrixon, Merchant and Peterson. It is expected, Sprott, without being closely pressed, ran the mile in 4:16 this season. He has a record of 1:58 for the half mile.

Hendrixon ran the quarter mile in close to 49 seconds. Merchant with 165 feet to his credit is expected to win the hammer throw. He did 23 feet 2 inches in the broad jump. Peterson is a pole vaulter and went 12 feet 6 inches this year.

HEN'S NEST PROVES TO BE BOOZE KEG

(By Associated Press.)

PHOENIX, Ariz., May 15.—Hearing a hen cackle a short distance from their house, two ranchers near here went out to the roadside to look for the egg. Instead of an egg they found a keg of "moonshine" whiskey which they turned over to the sheriff's office. The keg had been hidden in brush growing beside the road. Officials hazarded a guess that it had been placed there by illicit distillers and was to have been taken away by "boot-leggers" value of the keg's contents was estimated at \$500.
