PEAK REACHED: PRICES SLASHED

(Continued from page 1.) Merchandise by many stores is an indicator of the break, they agree. New York newspapers are carrying many advertisements announcing drastic cuts in prices. The drop is due to a gradual slackening of public buying, and tight money conditions, financial leaders believe.

Trend is Definite.

(By United Press.) WASHINGTON, May 19.—The public is on strike against high prices and there is a definite downward trend in commodities throughout the country, according to advisers received here today. The people are acting together, government and economic experts believe. The people have delayed purchasing summer outfits, leaving the merchants with large stocks on hand.

Baruch sees "Strike" WASHINGTON, May 19.—Price cuts in clothing and merchandising are the beginning of a horizontal deflation in the case of all commodities, in the opinion of Bernard Baruch, noted financier and former chairman of the war industries board. "A nationwide buyer's strike against high prices has begun," Baruch told

the United Press. "There is no doubt it will extend itself to food prices insofar as people are able to curtail their consumption of necessities. If prices generally go down too far, however, there is danger of a rebound. But I don't believe prices will go clear back to their former level. I think the limit of high prices has been reached and passed."

RAILROAD TRACK INUNDATED

(Continued from page 1.) to wade out in the water to get their small sons off to school in time this morning, so numerous were the youngsters chasing suckers and other fish in the shallow water overflowing the streets. A number of youngsters caught fish with their hands. Two caught steelheads. In one backyard this morning a steelhead was seen flopping around in less than enough water to float him and he was easily captured.

No losses of magnitude were reported as a result of the accident and little or no time will be lost by the mills. A large number of lawns were covered with mud and debris and lots will be slow in draining. One of the heaviest losses of fowl was that of Mrs. Elmer Eshwyder, who is reported to have lost nearly 100 chickens.

GENEVA TO BE SEAT OF LEAGUE HEADQUARTERS

(By United Press.) ROME, May 19.—The council of the league of nations in session here today, decided upon Geneva as the seat of the league's headquarters, it is learned. The decision followed Switzerland's vote to become a member of the league. The council also decided that states desiring to join the league must first conform to its regulations regarding armaments to be prepared by the league commission.

RUSSIAN ARMY CLAIMS SUCCESS OVER POLES

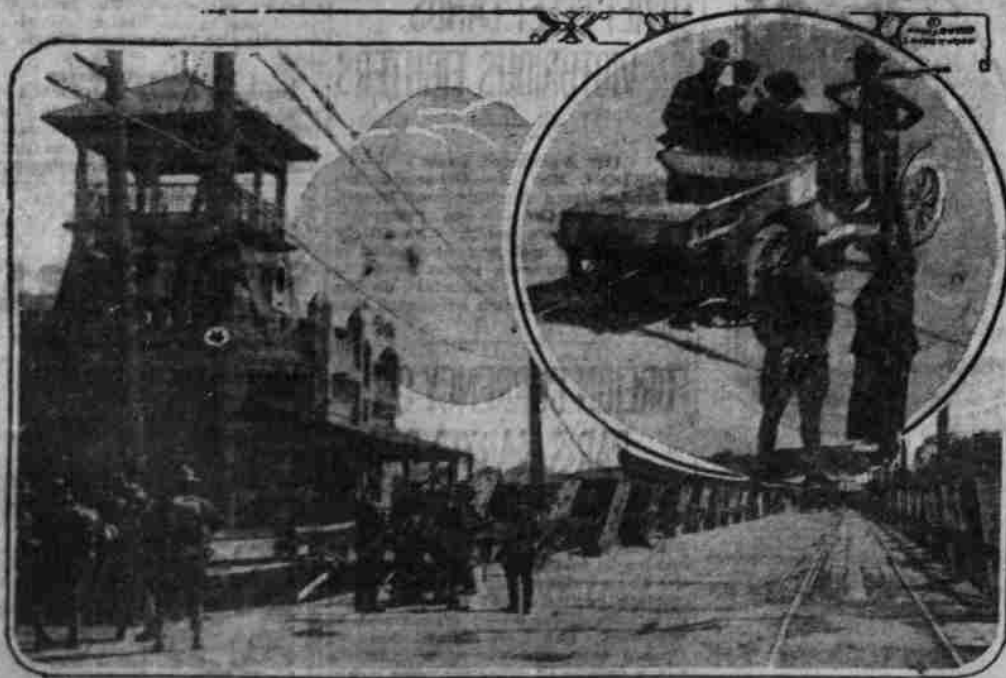

(By Associated Press.) LONDON, May 18.—Success against the Poles in fighting on the northern part of the front is reported today by the Russian soviet government in an official message from Moscow, dated Monday.

DRY LAW DRIVES MEN TO DRINK!

WASHINGTON—The bootleggers of America have degenerated into a crowd of cheats and swindlers. Analysis made by Uncle Sam's chemical laboratory shows that men have been drinking hair tonics, shellac, footwashes and shaving lotions. With this home-made "mountain pot" R. A. Babbitt, of the laboratory, tests confiscated whisky.

U. S. SOLDIERS GUARD BRIDGE LEADING INTO MEXICO

EL PASO—In these days of revolution it requires an iron-clad excuse to pass anyone across the International Bridge, leading from El Paso to the Mexican town of Juarez, as these pictures, the first since the Oregon revolution, show. The Seventh U. S. Cavalry is guarding the bridge. Inset picture shows soldiers searching an auto. The soldiers watch carefully for violations of the arms and ammunition embargo.

S. D. PETERSON

Candidate for Republican Nomination for District Attorney at the Primary Election May 31. TO THE REPUBLICAN VOTERS OF UMATILLA COUNTY. I appeal to you for your endorsement and support at the coming primary election. No. 63 on ballot. The office of district attorney is second to none in importance, especially so at the present time when more or less unscrupulous prevail. The public has a right to know what to expect from the incumbent of that office. If I am elected, I shall exercise a proper regard for the natural and constitutional rights of every citizen and the same time take aggressive action for the repression of anything which threatens the safety of our institutions. The proper handling of the county's civil legal business is of great importance to the people. In this work, the county is entitled to, and should have the services of a lawyer of ability and experience. I have practiced law successfully in Umatilla county for the past fifteen years, and in North Carolina four years before coming to Oregon, and if I am elected I shall give every matter wherein the county court or any of the other county officials need legal services, my most careful and undivided attention. If I am elected I shall justly, fairly, and impartially enforce all the criminal laws, and will at all times, vigorously, and fearlessly conduct the business of the office in an economical manner as can be done, consistent with an efficient and thorough administration of the office. I shall at all times exercise due regard for the interests of the taxpayers. I shall consider the duties of the office an imperative demand upon my time and best energies, ever conscious of the fact that I am the people's servant and that the people demand the best and most efficient services which I am capable of performing. I promise a just, fair, vigorous, fearless and impartial administration of the office. S. D. PETERSON (Paid Advertisement.)
