

WALLACE REID MUSICAL.

Wallace Reid's talents are evident by not confined to the screen. At least, in his new picture, "Double Speed," which is proving a thoroughly enjoyable comedy at the Arcade Theatre today, he is shown as the hit of the evening at a fashionable dinner party, where he entertains on the violin. Screen fans will remember that in a previous picture, "You're Fired," Mr. Reid was shown as a trap drummer. It is a fact that in real life the breezy star is very fond of music and can play practically and instrument expert. He has organized a large band of his own at the Lasky studio, which was a welcome attraction at all Red

Cross and other driven during the war and now frequently amuse the people of Los Angeles at benefits and other affairs. "Double Speed" is a Paramount Aircraft picture directed by Sam Wood.

Marguerite Clark Charming In "Miss George Washington"

Like-like bricks, must be piled one upon the other in order to construct any semblance of an edifice of truth. One single lie, like a single brick, is comparatively useless, except for the purpose of hurting it at someone else. But even then the chances are that it will have to follow unless the aim was exceptional.

Upon this sound philosophy of life there is built a screamingly funny motion picture entitled "Miss George Washington," in which delightful little Marguerite Clark scored a decided success at the Pastime Theatre yesterday. It is a charming picture and presents Miss Clark in one of the most delightful roles in which she has ever appeared.

HIGHWAY BRIDGE AT ADAMS BEING CHANGED

ADAMS, May 24.—A crew of men are working on the county steel bridge northeast of Adams. The frame work is moved 30 feet back and a new concrete foundation is being built. The old foundation was badly washed out by the recent high waters. Joe McCollum and sons Edward and Joe have moved to Athena as Mr. McCollum is working on the highway. 150 Shaves!

Every tube of Purola Shaving Cream contains the "makin's" for about 150 cool, satisfying shaves. Each particle of cream multiplies itself hundreds of times with water.

We waited years before we put out a "Purola" Shaving Cream. We were not satisfied to put the "Purola" name and guarantee on record until we had a cream that represented a real improvement.

Now, make this test! Take a several days growth of beard—those boasting of tough, wiry beards, especially invited. Use hot water and a pinch or so of Purola Shaving Cream. Sixty seconds of lathering and you'll have the face covered with the creamiest, softest lather a man could want. It'll retain its creaminess without replacing until you've been over the face, and leaves a comfortable, exhilarating impression that lasts long after you shave.

Get a tube at your druggist's. Try it tomorrow, and if Purola Cream doesn't do what we say, the trial is on us. That's our guarantee.

SENSATIONAL PRICE DROP IS HERALDED ON ISLES
(By United Press.)
LONDON, May 24.—This week's sensational decline in cotton prices is interpreted by some newspapers as the beginning of a general decline in prices in the British Isles. The prices of tea, syrup, tinned salmon and mutton have also dropped in the past week. Reductions in shoe prices are predicted.

EXPLORER, WHO REDISCOVERED GIANT WHITE CANIBALS OF THE ORINOCO, AND HIS WIFE

Dr. and Mrs. Alexander Hamilton Rice

Dr. Alexander Hamilton Rice, famous for his explorations along the Amazon and its tributaries, who has just returned to New York from the seventh expedition he has made in nineteen years, is confident that he has rediscovered the legendary white, or near white, giant cannibals of the Orinoco. Dr. Rice and his party encountered the savages seven days up the river from Esmeralda, the base of the expedition, where they had gone to map out a small island. They were forced to fire on the tribesmen, who were about seven feet in height and killed several of them before they escaped. This tribe was last reported by a party of Spaniards in 1752 and an attack was made on the Spanish explorers at about the same spot that Dr. Rice and his party were attacked with bows and arrows, spears and blowguns. Mrs. Rice, who was Mrs. George D. Widener, of Philadelphia, in accompanying her husband on this expedition, achieved the distinction of penetrating further into the Amazon wilderness than any other white woman, breaking the record made by Mrs. Louis Agassiz in 1862.

DANCE THEIR WAY TO FARM SUCCESS? SURE!

MANHATTAN, Kas.—Does dancing make better farmers? Miss Ethel L. Bond, teacher at the Kansas Agricultural College, says "Yes." So she teaches it. Beauty More Than Skin Deep
There is an old saying that beauty is only skin deep. That may be so with those who get their beauty out of a box but not the genuine sort. Beauty is really only another word for good health and no woman who is bilious and constipated can reasonably hope to be beautiful. Chamberlain's Tablets will correct these disorders, then with proper diet and exercise there is no reason why any young woman with regular features may not hope to be beautiful.

She Sets a Good Example.
"I keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house at all times and have recommended it to many friends and acquaintances who have used it with good results," writes A. O. Newell, New Kensington, Pa. Should you not do like wise? Think of the pain and suffering that must be endured when medicine must be sent for.

Now Is the Time to Get Rid of Your Rheumatism.
If you are troubled with rheumatism get a bottle of Chamberlain's Liniment and use it according to the plain printed directions. You will be surprised at the quick relief which it affords. No internal treatment is required in cases of chronic or muscular rheumatism. All you need is to use this liniment freely.
