CITY OFFICIAL PAPER

CARRANZA IS LAID IN CEMETERY OF SORROWS, AND HERRERA, W. TALE OF SUICIDE, MUST ANSWER

MEXICO CITY, May 25.—General Obregon, commander of revolutionary forces today commanded that Rodolfo Herrera, surrender and answer a charge of assassinating Carranza. Obregon declared that a clear case of treachery had been proved.

The order followed Herrera's offer to come to Mexico City, if guaranteed protection and give evidence which he claimed would prove that Carranza died at his own hand. He declared that Carranza suicided rather than suffer the dishonor of becoming a fugitive.

Buried With Paupers

Surrounded by paupers graves, marked only by tiny heaps of stones or simple wooden crosses, in the midst of a clump of evergreen trees on a knoll overlooking the valley, which nestles Mexico City, Carranza's body was buried late yesterday. The mound covering the simple casket is no different than scores of those covering the more humble dead with whom Carranza was buried, according to his wishes, in the Dolores cemetery—the cemetery of sorrows.

Not in years has Mexico seen such crowds as those which choked the streets during Carranza's burial. Were all classes, embowered in wealth and position, with thousands of women and children elbowing their way to positions where they could better view the procession. The services were brief and were attended only by intimate friends and a few officials.

NEW RETURNS SWELL VOTE FOR PETERSON

Returns on the count for democratic national committee from the second district may yet show Will M. Peterson, of Pendleton, one of those elected. It was said here today. The figures printed in Portland and other newspapers yesterday and this morning did not include the totals from Union and Umatilla counties. Mr. Peterson says.

Umatilla county figures give Mr. Peterson a big majority and George Blakeley, of The Dalles, runs second. In Union county Nolan Skiff is first with 560 votes and Mr. Peterson second with 245. Calls are in for several other county seat towns in this district and Mr. Peterson hopes yet to be one of the high men.

ROTARIANS WILL PASS WEDNESDAY AT BINGHAM

Fifteen Rotarians from Portland and a number from Walla Walla will be guests of Pendleton's new Rotary Club tomorrow at Bingham Springs. The visitors will be driven to the mountain resort in a caravan of 10 or more cars belonging to the local Rotarians.

The visit is a junket trip of the Portland men and they will be here on No. 6. The trip to the springs will be taken in time for them to arrive by noon. In place of the weekly Wednesday luncheon, there will be the spread at the hotel at Bingham as the official meeting of the club.

Swimming and the other sports of the resort will be indulged in following the luncheon and the return trip will be made tomorrow evening. Arrangements for the trip and entertainment are being made today by J. H. Sturgis and R. E. Chloupek.

U. S. ACCEPTANCE OF MANDATE OVER ARMENIA STRIKES SNAGS IN CONGRESS AND BRYAN

(By Associated Press.)
WASHINGTON, May 25.—Bryan today placed himself in direct opposition to President Wilson's foreign policy when he declared against the United States accepting the mandate for Armenia. "Any mandate is impossible," he stated in an interview.

"The one proposed for Armenia, if undertaken, would involve us in enormous expenditure at a time when the war tax is still so grievous a burden that congress has difficulty in finding money necessary to do justice to the men who served in the world war. It would involve us in the politics of Europe and compel us to deal in an implacable race hatred. It would involve us in the fierce commercial rivalry of the big nations. But worst of all, it would compel us to surrender

HUERTA IS ELECTED AS PROVISIONAL HEAD OF MEXICAN GOVERNMENT

MEXICO CITY, May 25.—Adolfo de la Huerta, former governor of Sonora, was elected provisional president of Mexico last night by an extra session of congress.

Sixty Thousand Bolshevik Troops Concentrate for Attack on Dvina Sector Warsaw Statement Indicates.

(By United Press.)
LONDON, May 25.—A Polish authoritative source today denied a report that Bolsheviks have entered Kiev.

An official statement issued at Warsaw today said: "In the Ukraine sector, our operations have been very satisfactory. Our troops are advancing. The Bolsheviks continue to launch violent attacks against our lines in the Berestia and Dvina sectors. In one sector alone there are 19 divisions attacking our forces. Our counter attacks are developing with great success and all bolshevik attacks so far have been repulsed with heavy losses to the enemy."

This would mean that the bolsheviks have concentrated a force of 60,000 on the Dvina sector.

Reds Driven Back

(By Associated Press.)
WARSAW, May 25.—Bolshevik troops which succeeded in crossing the upper Berestia in several places have been driven across river with heavy losses, including over 400 prisoners, according to an official statement issued here yesterday. The enemy is attacking along the entire northern Polish front, but has been checked everywhere, it is declared. The fighting continues along the whole front and the bolsheviks have brought up the largest number of troops ever faced by the Poles.

SIXTH CARLOAD OF DISTILLATE COMES

The sixth carload of distillate, brought to Umatilla county farmers through the Farm Bureau, arrived here today for distribution. The shipment consists of 10,000 gallons and is for Pendleton farmers, who are filling tanks today. Fred Bennion, county agent, and W. W. Harrah, members of the bureau, are in charge of the unloading.

Another car will be unloaded in Pendleton tomorrow, and still another has arrived here and will be unloaded at Blakeley tomorrow. With the two loads unloaded here and the two at Athena, tomorrow's deliveries will bring the total up to seven out of the 12 carloads ordered. In the near future an additional car for Milton, one for Pendleton and two for Blakeley will arrive, with a car for Nolin, completing the 12 car shipment.

It is estimated that the Umatilla county farmers who signed up for the distillate, which came from the Shell company, saved \$10,000 by the deal. Aside from this is the advantage that plenty of distillate is assured for plowing, in the face of the serious gasoline shortage.

LEGION POST WARS ON PICTURE BRIDE CUSTOM

SEATTLE, May 25.—In an effort to force Japan to live up to its "Gentlemen's agreement" with the United States and quit the practice of issuing passports to "picture brides" bound for this country, the Colonel Roosevelt Post, veterans of the foreign wars, appealed to all women of the Pacific Coast today. It passed resolutions urging "that women of the Pacific coast demand the federal government take vigorous measures looking to discontinuance of admission of Japanese picture brides into this country."

MORRIS ISRAEL HURT WHEN TRUCK PLUNGES OVER STEEP BLUFF

Morris M. Israel of the Eastern Hide & Junk Co. of this city, was hurt when a truck he was driving went over a bank near Heppner Junction yesterday morning.

News of the accident was brought to the city yesterday by George Peterson, an employee of Smythe Bros. A brother and a nephew of Mr. Peterson saw the accident, which occurred near the Smythe lambing camp on Willow creek just above the junction. The truck at the time was coming around a curve and in some manner went over the bank and into Willow creek. Israel was alone in the truck at the time and is believed to have been crushed under the truck.

According to the report received here the injured man was placed on the westbound passenger train yesterday and taken to the hospital at The Dalles.

At 2:30 this afternoon the East Oregonian was informed by The Dalles hospital that Mr. Israel was merely bruised and is resting well in the institution there. The doctor believes he will be able to be about tomorrow.

(By United Press.)

The "white meat" was discovered in an auto in which there were three Japs. They were arrested and will be prosecuted by federal authorities, under the Harrison act. Among others arrested were Harry Troy and John Brown, in a hotel, where a quantity of dope was seized. A high-powered automobile awaited the pair at the door when the officers arrived.

M'CAMANT WONT VOTE FOR HIRAM JOHNSON

(United Press.)
PORTLAND, May 25.—Judge M'Cament, elected as one of the four delegates at large to the republican convention, will not cast his vote at Chicago for Johnson, son who has apparently won the republican presidential endorsement at the primary election. M'Cament says he will vote for Wood and contends that because he filed as a candidate for delegate by the petition route, he was required to take no pledge to support the voters' choice, and therefore is a free agent.

TICKETS ARRIVE FOR 1920 CHAUTAUQUA

Tickets for the 1920 Chautauqua season, which will be held in Pendleton from Saturday, July 3, to Friday, July 9, inclusive, were received from the Ellison White Bureau today by Miss Grace A. Gilliam, treasurer of the local Chautauqua. There are 650 season tickets to be sold in order that the 60 local guarantors meet their guarantee. Sale of the adult season tickets will begin in a few weeks, Miss Gilliam said today. A meeting of the local Chautauqua association is first necessary, but inasmuch as J. V. Tallman, president, and A. W. Ruge, vice president, are both absent from the city, it will devolve upon the other remaining officers to call the meeting.

DECISION OF SUPREME COURT GUIDES VICTORY FOR BARTON HENDRYX

A decision of the supreme court of Oregon was followed today by the high school election board in deciding that Barton Hendryx is duly elected president of the student body for the coming year. He won, 87 to 86, over Sam Oliver.

Several ballots at first not counted by the board were taken to a local attorney for consultation while the board withheld its final decision. These were examined and a decision made in each case that where the voter's intent was clear, the ballot should count. The final count of legally cast ballots gave the election to young Hendryx by a one vote.

EXPERIMENT STATION AT HERMISTON SOON TO BE DISCONTINUED

Lack of Support From Federal and State Funds Caused by Congress Disagreement is Held Responsible.

The government experiment station, located at Hermiston for over 10 years, is to be discontinued June 30, because of lack of funds, according to orders from the federal government.

The support for the station is from federal and state funds, the federal funds being derived from the western irrigation and experiment station funds. These funds, because of a disagreement among members of a conference committee in congress as to the size of the appropriation, have decreased to such an extent that three stations must be closed, and the Hermiston station is one. Oregon has entered a plea for more funds but Senator McNary says there is little hope that the request will be granted.

The station, which is under the management of Harold K. Dean, has done much to aid the farmers of the county. Experiments are carried on and new methods used. Umatilla county farmers are expressing great regret that the station is to be discontinued.

MRS. MARY CORNOYER, PIONEER, IS CALLED

Mrs. Mary S. Cornoyer, wife of the late Major N. A. Cornoyer, and identified with the early history of Umatilla county, died late yesterday afternoon at the age of 87, after a lingering illness of five months.

Mrs. Cornoyer was born August 27, 1832, near Salem. In 1854 she came to Umatilla county. Her husband, Major Cornoyer, who died in 1909, won his title during the Indian wars, and the family has been well known for the past 58 years.

She was the mother of 12 children, three of whom survive. They are Mrs. Dan Kirk, of Maple Creek, Alberta; Mrs. A. O. Kirk, of Athena, and Mrs. E. J. Sommerville, of this city. The late Mrs. L. J. Forest was a daughter of Mrs. Cornoyer. A brother, John Bellevue, of Woods, Oregon, also survives.

Funeral services will be held tomorrow at 10 p. m. in Walla Walla, from the Catholic church of which Mrs. Cornoyer was a member.

BONUS BILL OPENS HOT FIGHT IN HOUSE

WASHINGTON, May 25.—One of the hottest fights of this session of congress is being waged over the soldier bonus bill "behind the scenes" in the house today. When the bill will be called up appears uncertain. Republican Leader Mondell said he could not predict when efforts will be made to pass the bill, but Chairman Fordney, of the ways and means committee, said it might be considered Thursday. The fight now centers over whether the measure will be opened up for amendments.

COST OF HIGH LIVING TOBOGGANS WITH CUT IN AEROPLANE FARE

(By United Press.)
LOS ANGELES, May 25.—The high cost of high living dropped 50 per cent when aviators today reduced the price of pleasure trips from \$1 to 50 cents a minute.

William G. McAdoo was the high man in the presidential preference ballot of Umatilla county last Friday, drawing a total of 1573 votes, whereas the next highest candidate, General Wood, had a total of 1342 in this county. The extent of the McAdoo popularity may be seen when it is noted that he drew 476 votes more than did Sheriff Taylor, whose political strength is unquestioned.

Fifty votes separated I. M. Schannep and B. B. Richards, candidates for the republican nomination for county judge, when the final count of votes was announced today by County Clerk R. T. Brown. Mr. Schannep receives the nomination in one of the closest fights for county office seen here in many an election.

Leonard Wood was returned favorite for the presidential nomination in Umatilla county by a majority of 484 over Hiram Johnson. Umatilla county also favored heavily another loser, Fred Lockley, candidate for secretary of state. Mr. Lockley, formerly a Pendleton newspaper man, received 761 votes to Sam Koser's 599.

F. S. Curi and Will M. Peterson, respectively republican and democratic candidates for delegate to their national conventions from the second congressional district, had substantial leads in the county, but throughout the district their election has been in doubt.

Every one of the nine referendum measures was carried by a good majority. The state elementary school tax fund and the blind school tax measure received the heaviest majorities. Nearly all the measures carried close to two to one.

Complete returns, as certified by the official count, gave the various men and measures the following votes, those standing high being marked with a *:
