Reports from the committee on playgrounds, consideration of the housing of students at the summer normal school extension here and whether the city will observe Independence Day are expected to be among the matters before the Pendleton Commercial Association tomorrow night at its regular monthly meeting. Plans for the Oregon Products Week beginning next Monday may also be heard, although N. J. Blydenstein, chairman of the committee in charge, is absent from the city.

Should Feature Goods He Carries

Every Pendleton merchant who makes up window displays in observance of Oregon Products Week, June 14 to 19, should feature Oregon products which he regularly handles, according to a word of advice received today from A. G. Clark, manager of the Associated Industries of Oregon, who will be general sponsor for the event. Some local merchants were misinformed on this point and objected to giving their windows over to products carried by some other dealer. The letter from Mr. Clark clears up this point and urges all merchants to make a strong effort to boost their own products along with boosting Oregon made goods.
