

Beauty Secrets for Women

A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have headache and dragging pains. Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. In tablet or liquid form at all druggists, or send 10c for trial package of the tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

RESULT OF ELECTIONS IN CHILE STILL UNCERTAIN

SANTIAGO, Chile, June 28.—Uncertainty still exists as to the result of the presidential election held last Friday. A compilation of the returns received by the government up to noon yesterday gave Arturo Alessandri, candidate of the liberal alliance, 173 electors, and Luis Barros Borgoño, liberal unionist, 173.

President Sanfuentes today requested Federico Cuga Borne, minister of the interior, to renew his efforts to reconstruct the cabinet with representation in it for all the political parties.

The uncertainty of the final result of the election, coupled with continued demonstrations has virtually paralyzed the business of the capital. Street car traffic remained tied up, all the large stores closed their doors and troops were parked in the plaza de Armas, near where the college of electors of the department of Santiago is counting the votes.

SERGEANT HOMER PARKS

FLINT, Mich.—Sergeant Homer Parks, ex-soldier, recently married Miss Lelia Moore of Yeakum, Tex., in the Memphis, Tenn., Y. M. C. A. Now he thinks the whole world should look up to him. And believe us that is some job, for Parks is 6 feet 9 1/2 inches tall—just a foot higher than his bride. He was the tallest man in the A. E. F., and led the American military parade through Paris.

HOUSEHOLD

To Prevent Bread from Getting Dry.
Now that the warm weather is coming soon, a good many housewives are doubtless striving to find a way whereby they can keep their bread, especially after a portion has been cut from the loaf, moist and new.

If butter is spread on the part exposed after it has been cut, the moisture in the butter is sufficient to insure that the slice beneath will become neither stale or dry for a long time.

Cleaning Hints.
Use one-half cup of kerosene oil in a pail full of water to wash your window sashes and sills. Wash glass with ammonia and water and you will be proud indeed of your sparkling glass and clean paint.

A good thing for your enameled bath tubs and wash bowls which have become yellow is to wash them with turpentine and salt. Scrub well and then wash them off with hot water. This will restore their original whiteness.

The most satisfactory towels for wiping plain glass and silver are the small Turkish bath towels. On account of their rough surface they give a brilliant polish with little labor.

Wants His Money Back.

"I can thank Mr. O'Brien, a neighbor, for my recovery from severe colic attacks and stomach trouble that nearly forced me to cross the river Jordan. I spent thousands of dollars in the next nine years for doctors and medicine and would have died but for my neighbor's advice to use Mayr's Wonderful Remedy. I wish I had the money back I spent for other medicine." It is a simple, harmless preparation that removes the intestinal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded.—At all druggists everywhere.

Used Lydia E. Pinkham's Vegetable Compound and Recovered.

Newark, N. J.—The doctor said I had an organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and limbs so I often had to stay in bed. HIGHWAY TRAVEL IS POORLY DIRECTED

Direction of highway travel in and out of Pendleton and over detours in this vicinity could be vastly improved, in the opinion of Dr. F. W. Vincent, who, on Sunday, drove over the road to Cabbage Hill and the mountains en route to Meacham, in company with E. W. McComas. On their journey they found numerous tourists who had completely lost the road and, in many cases, were in rather precarious positions with their cars.

The roads leading to the mountains are especially hard to find. Dr. Vincent said. The few road signs which are in place lead tourists through an alkali grade near the Kirkpatrick place beyond Meacham, which is almost impassible. More than one car has stalled in this place, because of wrong under way there. Other roads, such as that around the Pat Ryan hill, are not being touched and are in far better shape, he said.

On the mountain there are roads leading to nowhere which are not posted, Dr. Vincent says. Hardly any forks in the roads have the proper directions for tourists. On a recent trip to Bingham Springs Dr. Vincent says he met a couple near Gibbon who asked if they were on the right road to La Grande.

With a view to having the roads in and out of town clearly designated and detours marked, Dr. Vincent has presented his report to both the state highway department here and to the city authorities.

HAWAIIAN CATTLEMAN LEAPS FROM WINDOW

(By Associated Press.)
ALAMEDA, Cal., June 29.—After a struggle in which he overpowered and hurled away his wife and his nurse, W. A. Shaw, wealthy Hawaiian cattleman, leaped from the second story window of his residence yesterday and was killed, the fall breaking almost every bone in his body, according to the physician who had been attending him for a nervous breakdown, illness and a recent slump in prices of hides of which he has many thousands of dollars worth in Honolulu ready for market, caused the nervous breakdown which is blamed for his suicide. His wife fought with him for several minutes to prevent his reaching the window through which he leaped. He was 55 years old and had no children.

TELEPHONE CO. WILL OCCUPY ENTIRE FLOOR

The entire lower floor of the telephone building, 132 West Court street, is to be occupied by the local Pacific Telephone Co. as soon as the necessary remodeling can be completed, according to announcement made today by J. A. Murray, manager of the office. The quarters have been leased from Mrs. W. M. Matlock.

The improvements, which will probably be completed by August 1, will include the moving of the stairway from the Court street entrance to Garden street, thus permitting the company to extend its present quarters to Garden street. An entire new front will be built on Court street.

A private office for Mr. Murray, enlargement of the business desk and of

the waiting room, are included in the plans. A new feature will be the rest room for employees, and this will be suitably furnished with chairs, couches, etc. The change will also permit the use of greater space for the switchboard. Besides the complete rearrangement of the interior, the office is to be retined and the woodwork will be refinished. The space at the rear of the business office, booths, waiting room, etc., will be used for the telephone plant or mechanical department.

BANDIT RIDING IN LOCOMOTIVE CAB IS SHOT BY MESSENGER

TONOPAH, Nev., June 29.—A bandit suspected of having held up the Desert Club here at 3 o'clock yesterday morning was shot and wounded 20 miles from here by L. S. Jackson, an express messenger who had been told to watch for him. Jackson was in the locomotive cab and believed the man was preparing to hold up the train.

The bandit suspect was quickly captured and gave the name of George Strickland. Before being shot by Jackson he engaged in a running pistol duel with Chief of Police Jack Grant, who overtook him at Miller's, 15 miles west of here. The bandit escaped from Grant and was believed to have followed the railroad tracks in the direction of Mina.

Strickland was brought back to Tonopah and identified by some of the patrons of the Desert Club as the man who held up the club and obtained \$500, according to Chief of Police Grant.
