

People Here and There

Two Pendleton people won the first prize for the best float in the big Marion county Fourth of July celebration. They are Miss Ethel Wirth, who returned today after visiting friends in Marion county, and Guy Sloper, formerly of this city, now employed in the flour mills of Stayton. The two designed and executed a Hawaiian float, complete in all picturesque details. Sixteen people in Hawaiian costume rode on the float and the prize money was spent in giving a dinner in their honor.

Senator George E. Chamberlain and Joseph N. Tuel, Portland lawyers, passed through Pendleton yesterday on their way from Washington, D. C., to Portland.

Henry Judd and Edward Thompson, formerly of this city, now of Portland, arrived here this morning to help harvest Umatilla county's crops. Both were students at University of Oregon during the past year and will return to college after spending the summer here.

Guy H. Johnson, local grain buyer, went to Pilot Rock today on business.

Jean Kirkpatrick, editor of the Pilot Rock Record, wears the town marshal's star when he is not wrestling with the linotype. Mr. Kirkpatrick was in Pendleton yesterday.

Second cutting of alfalfa will begin in a week in the west end of the county, says L. C. Todd, of Hagarston who was here yesterday. Mr. Todd says that cutting will not be general for about two weeks as the season has been delayed because of the recent rains.

"We had trout for every meal," said L. C. Esharoff today in telling of the trip to Wallawa, Horsehoe, Ice and Lee lakes in Wallawa county, from which he and Mrs. Scharoff and children returned last night. Eastern brook trout are plentiful in Ice lake and so large that they have to be cut up before being cooked. Fishing was excellent there and the mountains in places at such an elevation that the party was able to have snow flights, while those at lower altitudes were feeling the heat of summer.

M. Nadeau, of Hermiston, planted potatoes this year on his farm in the west end of the county. Recently he dug half an acre of the tubers and the yield was 46 sacks of 100 pounds each. He sold them for 9 cents a pound or

\$360 for the lot. He has five acres of alfalfa so you can figure his profits for yourself. Mr. Nadeau was in the city yesterday.

Stock is in fine condition in the John Day country and stockmen are expecting good prices, says W. W. Cryder, formerly supervisor of the Umatilla forest, now of the Malheur forest, who is here for a few days leave of absence. Mr. Cryder says the forest is affording excellent range and that the hay crop is good.

On a week's leave is Corporal Robert W. Bender, who is here from Camp Lewis. He is the guest of his father, H. E. Bender.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Man Unable to Give Bail.

PICKPOCKET REVIEWS SUCCESS OF CAREER

(By United Press)
PORTLAND, Ore., July 8.—Men talk pride in boasting of their achievements; artists prate of their pictures; poets of their compositions; business men of their successes in commercial life.

George Stevens is one who views with pride the "successes" of his life, but it is a mispent career, for Stevens is a pickpocket and jailbird. He has broken out of a score of jails—and is proud of the fact. In fact, his pride led to his humiliation. It sent him back to Anamosa penitentiary in Iowa, with leg irons and manacles on his ankles and wrists.

Stevens, who is a middle-aged man, has seen the interior of a large number of jails in the country—also the outside of them, for he escaped from many of them. Stevens broke away from the Anamosa penitentiary, to which he had been sentenced to serve 15 years, and came to Portland, fell in with old associates—and was caught.

Stevens is now on his way back to Anamosa prison, but he brags that he will not stay there long. "I've broken out of nearly every jail in the country, and you'll never hold me there," he told the officers who came here for him.

Hence the humiliation of the irons and manacles.

WILSON WILL SUMMON LEAGUE IN NOVEMBER

(By Associated Press)
LONDON, July 8.—President Wilson has accepted an invitation of the League of Nations to call a meeting of the assembly of the league early in November. It was announced in the house of commons today by the under secretary for foreign affairs.

GERMAN PLAN OPENS WAY FOR DISCUSSION

(By Associated Press)
SPA, July 8.—The German plan for progressive demobilization to 100,000 men in 15 months was presented to the representatives of the allied governments here this afternoon and was declared unsatisfactory to the allies.

The associated press is informed by a prominent member of the conference that it will be examined seriously and acted upon after the experts report today.

The impression in allied circles last night was far more favorable than on Tuesday the presentation of the German plan opening the way for discussion and removing danger of a rupture.

Dr. Simmons German foreign minister, gave it as his opinion that the crisis had not yet passed. The only moment when there was any bitterness shown at yesterday afternoon's session was when Premier Lloyd George said rather impatiently: "You only have to make a law to reduce your army and execute it."

To this Simmons replied: "I wish to remind the honorable gentleman that there are parts of the British empire in which there are laws concerning the keeping of arms by subject, which the British empire is unable to enforce."

Soil for Growth.
At Christmas time Elinor got several little candy animals, which she has been saving because they were so cute. But one day the toy rabbit was missed. "What did you do with Bunny?" "Oh, he got too dirty to play with, so I ate him," replied Elinor.—Chicago Tribune.

New Hair Growth After BALDNESS

On legend affidavit, John Hart Brittain, business man, certified to this: "My hair at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 40, I have a luxuriant growth of soft, strong, lustrous hair. No trace of baldness. The pictures shown here are from my photographs."

INDIAN'S SECRET OF HAIR GROWTH

"As I was advised when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a medicine made by a medicine maker who had an ailment that he asserted would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fast soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as profuse as in my youthful days."

"I am satisfied and happy in expressing my note of mind amidst. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing power of the mysterious pomade. I speculated for and came into possession of the principle for preparing this mysterious elixir, now called KOTALKO, and later had the recipe put into practical form by a chemist."

"That my own hair growth was permanent has been amply proved."

How You May Grow YOUR Hair

"It has been proved in every man's case that hair roots did not die even though the hair fell out through dandruff, fever, electric arcs or certain other hair or scalp disorders. Miss A. D. Otis reports: "About 10 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until I used KOTALKO. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had spots completely bald, over my forehead in two places. I used KOTALKO." Mrs. Matilda Brown reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using KOTALKO, hair is growing all over the place that was bald. Many more splendid cases, including reports from satisfied users."
