WHAT WOULD YOU DO IF YOU SAW CHIEF OF POLICE IMBIBE?

(By United Press.)
LOS ANGELES, July 8.—What would you do if you saw the chief of police taking a drink?

When a score of experienced "cops" went before the Los Angeles civil service commission to be examined for promotion to the rank of police sergeant, that was the truly staggering question they were asked.

Here are some of the answers: Bill Muldoon—"I'd ascertain what the chief was drinking. If water I'd congratulate him; if whiskey, I'd congratulate him; if milk, I'd be dumfounded."

Bill Cornwall—"I'd take him home."

E. D. Brown—"I might lit one myself."

Billy Mann—"I'd ask the chief if he understood the Volstead act if he feared arrest; if his wife objected; and if it was good stuff."

Walter Gross—"I'd observe his condition; ask him if it is true Detroit is dry; did he have any at the Chicago convention; turn my back and say 'Have another'."

Wave Box—"I'd take the bottle away from him and tell him to get another for himself."

Rex Houston—"I'd drag him into a dark alley and tell him to kill the bottle."

Just one officer gave a serious answer and has suffered social ostracism among his fellow cops. He said: "I'd report him to the police commission."

IOWA'S CLAIM TO AID FOR LOS ANGELES IS DISPROVED BY CENSUS

(By Associated Press.)
LOS ANGELES, July 8.—The belief, held by many residents of Los Angeles, as well as by people in many other parts of the United States, that Iowa has contributed more citizens to the permanent population of this city than any other state in the union was disproved by the census figures.

Of the 575,489 residents credited to Los Angeles, Illinois lost 29,983, Ohio 30,792, New York 29,444, Missouri 23,844, Pennsylvania, 21,169, and Iowa, 21,071.

Every state and territory of Uncle Sam's found representatives in Los Angeles except Guam, the little island in mid-Pacific.

CHAUTAUQUA GUARANTEE NOT MET BY TICKETS

Guarantors of Pendleton's 1920 Chautauqua will be obliged to supply \$400.19 deficit from the sale of season tickets, according to announcement made last night by James E. Akey, chairman of the local committee.

At first the deficit was figured at \$237.60, but when it was called to the committee's attention that the government had \$162.56 in war tax coming, the deficit mounted that much.

A number of local persons are signing the contract for next year and last night 13 names had been placed on the roll. There were 60 guarantors for this year's Chautauqua and they will each have a \$6.67 debt to stand.

"There is a regret that a deficit again prevails," said J. E. Akey, local chairman. This however, does not indicate that the people of Pendleton do not wish and appreciate the Chautauqua, but largely because of mismanagement.

The increasing attendance reveals the fact that the citizens are willing to support and patronize this summer institution. The public needs to know definitely that the local committee gets no credit whatsoever from single admissions and must depend solely upon selling season tickets before the opening day of the Chautauqua.

"A number of these years guarantors are again assuming the responsibility to bring the Chautauqua next year, and will appreciate the support of the community in purchasing season tickets when the opportunity is presented.

The financial report of the committee on the deficit is as follows:

Total guarantee	\$1650.
Adult tickets sold	445 \$1225.75
Student tickets sold	117.15
Childs tickets sold	71.50
Total	\$1412.40
Guarantee	\$1412.40
Sale	1412.40
Deficit	237.60
Plus war tax	162.56
Total deficit	400.19
Total deficit	\$6.67.

MANY FRIENDS ATTEND AFFAIR NEAR WESTON

(East Oregonian Special.)
WESTON MT., July 8.—A miscellaneous shower was given Mr. and Mrs. Will Gould Thursday evening. About 30 guests were present and a number of beautiful and useful presents were received. A dainty lunch of coffee, cake and sandwiches was served at midnight.

July 4th was celebrated on the mountain by three or four families having a basket dinner together. Each

have been a few north winds that have hastened the ripening of the grain unduly, but he doubts that appreciable damage will result. A week more probably will put the wheat crop beyond the danger stage.
Contracting for wheat is not at all lively but, on the contrary, is very quiet. This is due to the fact that within a week trading in wheat is expected to be reopened in the Chicago pit. Until a price is fixed for wheat, neither buyers nor growers are especially anxious to contract crops.
