YACHTS ARE DOCKED FOR MEASUREMENTS AND TO BE WEIGHED

Columbia Professor and Corps of Assistants Scale Resolute and Shamrock in Preparation for Race.

(By Associated Press.) NEW YORK, July 8.—Sir Thomas Lipton's Shamrock IV, challenger for the America's cup and Resolute, defending craft of the New York Yacht club, were hauled out of the water in Brooklyn today for measurement in anticipation of the international races off Sandy Hook beginning Thursday July 15.

The yachts are being measured by Professor Harold W. Webb of Columbia university and a corps of assistants. Measuring the cup yachts is a difficult proposition as the rule this year requires that the craft be weighed for displacement. It will require at least 500 square measurements being drawn off on each craft.

At the rate of progress made today, it is doubtful whether the work will be finished before Saturday.

It is generally believed that Shamrock IV is the larger craft and will have to give at least six minutes to the American defender.

A look at the two boats as they were out of the water was an interesting study to all interested in naval architecture. Resolute is decidedly smaller and has a more conventional hull. She looks every inch the modern yacht with absolutely nothing revolutionary in her lines.

The challenger looks smoother beneath her water line than she does on deck. She is unlike any other yacht that ever has come after the cup and if properly handled she undoubtedly will be a most dangerous contender.

When Professor Webb finished his work the water line length of the yachts had been taken off. He stated that each yacht was under the 75 foot limitation required by the conditions of the race.

PHIL NEER DEFEATED SPOKANE, Wash., July 8.—Wallace Scott of Tacoma yesterday afternoon won the international men's singles tennis title from Phil Neer of Portland captain of the Stanford university tennis team, 4-1, 6-2, 7-5. Neer's service was erratic while Scott scored 15 aces in the 39 games.

RUTH HAS GAVVY'S MARK TO SHOOT AT

Babe Ruth may pole even fifty home runs this season but he won't endanger one major league record—that held by silver-topped "Wooden Shoes" Garry Cravath, of the Philly clan. Cravath began poling homers in Los Angeles in 1903. He has ambled around the bases after slamming the ball over the fence exactly 118 times to date. Ruth up to date has made 71 home runs.

RUTH NOT INJURED IN ACCIDENT TO HIS CAR

(By Associated Press.) NEW YORK, July 8.—"Babe" Ruth, champion home run hitter of the New York American League baseball club, was not injured in the accident in which his automobile was wrecked near Wawa, Pa., early Wednesday. Miller Huggins, manager of the club announced here last night, Ruth returned to New York late yesterday and will play in the game here today against Detroit. Manager Huggins said: "Ruth, Mrs. Ruth and three other ball players were in the car on their way to New York from Washington, where the team played Tuesday. The accident, according to information received by the club officials here, resulted when Ruth, who was driving, attempted to turn out to avoid another car. His machine was overturned and wrecked."

AMERICAN TEAMS LEAD AT ANTWERP FOR GAMES

(By Associated Press.) ANTWERP, July 8.—The American rifle and equestrian teams for the Olympic games arrived at Antwerp on an army transport last night. They proceeded to the American army base at Coblenz for practice work. Brigadier General Sage, who was in charge of American Olympic affairs, tried to have the rifle team train at Beverloo range, where the Olympic contests will be shot, but this was impossible as the Belgian army is maneuvering there.

POLO SEASON SHAPING AT COLORADO SPRINGS

(By Associated Press.) COLORADO SPRINGS, Colo., July 8.—Plans for the polo season in Colorado Springs have been completed by the Cheyenne Mountain Country Club and various teams will compete in a series of championship games during July and August, the season culminating in September when at least six crack fours will be here for a round robin tourney.

A wire received here by Jefferson Hayes Davis, chairman of the polo committee, gave definite assurance that an army team will be from Fort Riley, Kan., for a month's play at least. They are to meet an All-Colorado aggregation, composed of Colorado Springs and Denver players. The army four will be followed in August by a quartet from Wichita Falls. The Denver and Cheyenne Mountain Country Club teams, coupled with those from Fort Riley and Wichita Falls will be augmented by teams from Kansas City, Fort D. A. Russell and possibly one from the west coast if the necessary arrangements can be made.

The Colorado Springs players will be reinforced by Frederick H. Prince, Jr., brother of Norman Prince, American Ace who was killed in France, next month. Mr. Prince is a member of the Meadowbrook, L. L. four and will be here in July. Among the Cheyenne Mountain country club players are Dr. Gerald R. Webb, Jefferson Hayes Davis, Captain Barrie Houston, "Chuck" Newbold, Bryant Turner and Graham Douglas. Denver players who will be seen on the Cheyenne fields are Ralph Brooks, Lafayette and Berman Hughes, Johnny Hobbs and John Dodge.

OREGON COACH WITH STARS STAR'S EAST

(By Associated Press.) EUGENE, July 8.—Trainer "Bill" Hayward of the University of Oregon left Wednesday with his trio of star athletes, Tuck, Foster and Bartlett, for Boston where they will compete in the final tryout for the Olympic games at Antwerp. The party goes by way of Portland and Seattle thence by steamer to Vancouver, where they will take the Canadian route for the eastern seaboard. By this route Hayward hopes to obviate the rigors of the overland journey incident to traveling over a more central trip through the humid middle west. The tryouts are scheduled from July 15 to 17. Hayward says he feels assured that his men will make good in the climate change is not too trying.

"Make a hole! Make a hole!" yelled the lieutenant, coming up. "Sh-h! Don't excite my contractor," the doughboy replied. Over the edge of the mound the lieutenant saw a German prisoner feverishly digging almost at the end of the doughboy's gun.—Home Sector.
