Vernicol makes old furniture new—keeps new furniture from getting old—

Don't discard that old piece of furniture just because its finish is scratched and marred. Give it a new lease on life with a coat of Vernicol, the jiffy-do-over varnish stain. Stains and varnishes the wood at each stroke of the brush. Scratches disappear almost magically. Dries with a rich, hard, glossy luster. Wears and wears. It's good for floors, too.

Keep a can of Vernicol handy. It's a great antidote for careless servants and thoughtless children. Comes in all the popular finishes. Ask for color card and booklet.
