## HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headaches are caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headaches. You become nervous, dependent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetaminol, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.  
A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.  
Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar.  
If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

## SALTS IF BACKACHE AND KIDNEYS HURT

Stop eating meat for a while if your Bladder is troubling you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and legsy. When your kidneys get sluggish and clog you must relieve them. Like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels of ten-got sore, water scalds and you are obliged to seek relief two or three times during the night.  
Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.  
Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.

## WOMEN POLICE MAKE GOOD, REPORTS SHOW

(By United Press)  
LONDON, July 12.—Policewomen who have been on a year's probation, have proved of very real service to the country, according to the annual reports of Sir Leonard Dunning, inspector of constabulary, just published.  
"The employment of women on police work," says Sir Leonard "like any other novelty, has been and is the subject of much difference of opinion. But there is no doubt that with regard to two evils—juvenile crime and immorality—the preventative work of the policeman can be better accomplished by a policewoman. Her very sex gives her influence over the child whose mischief has brought him under the notice of the police before the mischief takes the form of crime, and over the mother to whose neglect the offense of the child is so often due."  
"She can speak to the giddy girl before her giddiness makes her slip down the first step to ruin, as no man can speak without rising the accusations of undue interference which have so often stopped the efforts of the police to save them from themselves."

## HAWAIIAN MUSICAL SHOW COMING HERE

On next Saturday, July 17, at the Oregon Theatre the pretty musical play of old Hawaii, "A Night in Honolulu," will play an engagement of one night only, breaking their jump between Seattle and Salt Lake City.

This is a good meritorious company. They have a nice comedy written by the well known author Howard McKent Barnes, a complete outfit of scenery and electrical equipment. One realistic scene shows a big, burning, smoking volcano in full action and is very thrilling and exciting climax to an absorbing love story.  
A troupe of real native Hawaiians will sing and play their fascinating melodies that sweet dreamy music one never tires of hearing. Mark Twain once said the Hawaiian music is the most entrancing in the whole world.

Miss Una Carpenter will positively appear and introduce her artistic conception of the famous nature "Hula" dance.

The cast of actors is a capable one and is headed by Miss Una Carpenter as "Kalama" the dancing girl; Miss June Rose, the musical comedy beauty last season with "Zeigfeld's Follies"; Miss Hazel Baker, formerly with David Belasco's "N. Y. Theatre Co.," Miss Frances Dowling, a prominent mid-west stock actress; Lester A. Smith, Milton Goodhand, Thos. Belmont, Russell Hoffman and Thos. Keeney.

To those people who enjoy the better things in life "A Night in Honolulu" will prove a treat and a pleasant evening's entertainment.
