

News of Pendleton

J. W. Maloney Chosen
J. W. Maloney of Pendleton has been chosen as a member of the board of trustees of Albany college. He was chosen to serve a three year term.

Will Visit Crater Lake
Clarence Bishop and Mr. and Mrs. Royal M. Sawtelle, who left recently on a motor trip to California, are now in Eureka. The party will visit Crater Lake before returning home.

Fire In Forest
A small forest fire, in the Umatilla National Forest, in the region south of Kamela, was reported today to R. A. Botcher, deputy supervisor. The fire, which is not a serious one, was caused by lightning.

W. W. Green to Speak
W. W. Green, county school superintendent, will address the student body of the summer normal school Friday morning, at the regular weekly assembly of the student-teachers. The assembly is open to the public.

Entertainment to be Given
Next week will be the last week of the summer normal school in Pendleton, as the school closes July 30. The student-teachers plan to give an entertainment sometime during the week, as a closing feature. The student body has been divided into three groups and each group will be responsible for an original number on the program.

George Linn Enters College
Mrs. Charles Richmond returned today from Spokane where she placed her adopted son, George Linn, in the Northwestern Business College.

Leaves on Buying Trip
W. H. Thomas, of the Thomas Shop, left yesterday on a month's buying trip to New York, Chicago and Cleveland. Mr. Thomas will buy fall and winter stock for his store in Pendleton and in Wenatchee. He is manager of a store in Walla Walla also.

Preference Revoked
The preference right on the Umatilla National Forest, given to stock and cattle owners after three years use of the range, is to be revoked in the case of non-citizens, according to word received by R. A. Botcher, deputy supervisor. The ruling applies to all national forests. Aliens are to be given temporary permits good only for 1920. As non-citizens preferences have automatically expired, they cannot sell to citizens and transfer their privileges, says the order. On forest districts or divisions where temporary permits are given aliens for 1920, permits are temporary and are to be revoked in the same per cent as those of citizens, plus 20 per cent. After 1920 no alien will be considered for a grazing permit unless there is clear excess of range after satisfying the demands of citizens. The fact that one who becomes a citizen has previously held a permit as an alien will entitle

such person to no preference over any other citizen. Mr. Botcher says that as far as he knows there is only one alien who has cattle grazing on the Umatilla forest.

Ralph Temple Fined
Ralph Temple was fined 12 in police court yesterday, after pleading guilty to a charge of parking at the curb on Main street.

Old Fine Paid
Joe Hays today paid an old fine of \$10 imposed some time ago when Hays was arrested on a charge of being drunk and disorderly.

Guardian is Named
Melvina Farrow has been named by County Judge Marsh as the guardian of Jesse, Earl and Walter Farrow, all minor children.

Had Concealed Weapon
Local police officers have arrested Robert Jeffries on a charge of carrying concealed weapons. He is now in the county jail awaiting action by the district attorney.

Building Permit Secured
Rodger Kay secured a building permit today for a five-room bungalow, to be built in Block 3, Jacobs addition, facing Lee street. The permit is for \$4000 and it is stated that the house is to be a five-room bungalow, with a full basement and all the modern conveniences.

Are Remodeling Building
Workmen are remodeling the offices at 224 Court street, which will be occupied by William Falconer, who recently purchased the Cunningham Sheep and Land Co. Mack Hoke, secretary for Mr. Falconer, will have his offices at the location. The quarters will include a general lobby and private offices and the occupants will move in August 1.

Little Boy Lost
Little Marvin Cady, the three and a half year old son of Mr. and Mrs. Fred Cady, 129 Monroe street, was missed by his mother this morning at 10 a. m. and the child has not yet been found. Little Marvin is in the habit of running away but has never been lost for so long a time. He has brown eyes and light hair, and is dressed in overalls.

Awaiting Judge's Return
Owing to the absence of Judge Parkes from the city the district attorney has not yet filed an information against Owens and Hart, the two auto thieves who gave the sheriff and deputies such a chase near Rieth. As soon as the justice returns the information will be filed. In the meantime the two men are safe in jail and will remain there unless some other state wants them for a more serious crime.

Local Wheat Not Selling
Aside from some wheat contracted for earlier in the season there has been no local wheat sold it is said. The tendency of the average farmer is not to sell until he has harvested his crop. There is also some dissatisfaction with the price thus far as it is not as high as many farmers had been expecting. To offset this is the contention made by some that the market may show further declines.

Little Boy Hurt
William Arnold, nine year old son of Mr. and Mrs. Miles Arnold, was slightly hurt this morning when he collided with a machine driven by Jim Cleasby. The boy, who was riding a bicycle, was crossing the middle of Court street as Mr. Cleasby was driving on Court toward Main. The boy's right leg was skinned and bruised. He was injured slightly a few months ago when he was run into while coasting, and his 14-year-old brother, Miles, had his arm broken recently in an auto accident.

Cold at Meacham at Night
"We have needed plenty of bed covers at Meacham during the last few nights," says W. M. Peterson who came down from the mountains this morning to spend the day here. Mr. Peterson and family have a house rented at Meacham and are spending the vacation there in preference to the coast. He says huckleberries will be very plentiful but are still green and from appearances won't be ripe for about three weeks. Indians are now getting into the mountains for the purpose of picking berries.

Ordinance Already Passed
It has been discovered that the city already has a perfectly good able bodied ordinance requiring that draymen report all changes in residence to the city recorder. A measure of this sort had been asked by the businessmen who did not know the ordinance was in existence. The ordinance in question is No. 994 and was passed by the council January 16, 1918 and signed by Mayor Vaughan. The measure makes it compulsory for any deliveryman or drayman moving household furniture to any point in the city or to an outside point to report the fact within two days time. For failure to so report the drayman is subject to a \$10 fine and to revocation of his license.

Teachers Will Assist
Nine student-teachers at the summer normal school were chosen today by Miss Ruth Pearson, physical training instructor, to assist her in the children's free play carnival to be held tomorrow, Thursday and Friday, from 7 to 9 p. m., at Northside park. Mrs. D. H. Chastain of Ferndale; Miss Pearl Watt of Baker; Miss Hattie Toetschinger of Burnham Wood, Wisconsin; Mrs. Ida Sunnar, of Weston, and Miss Ruby Hays of Halfway, will be in charge of the girls, while the boys will be in charge of Lenius Johnson of Milton, and James Kenoyer, of Umatilla. Miss Pearson will supervise both boys and girls. All children below 15 years of age are extended an invitation to attend. Games and folk dances will be on the program, with special music, furnished through the Pendleton Commercial association. The association and the local Parent-Teacher Associations are cooperating in holding the carnival, which is the first of its kind ever held in the city.

Games and folk dances will be on the program, with special music, furnished through the Pendleton Commercial association. The association and the local Parent-Teacher Associations are cooperating in holding the carnival, which is the first of its kind ever held in the city.

Have Moved to Hollywood.
Mr. and Mrs. C. F. Colesworthy, who since leaving Pendleton have made their home at Sawtelle, California, are now in Hollywood, California, where they will remain for the summer, according to word received by Pendleton friends. Miss Margaret Colesworthy and Joe Colesworthy, who are students at University of Washington, are spending the summer with their parents.

BEAR OIL
For Your Hair

The new hair oil is a great discovery. It is made from the finest bear oil, with other "bear" oils, and is the only hair oil that will make your hair grow and stay on your head. It is the only hair oil that will make your hair grow and stay on your head. It is the only hair oil that will make your hair grow and stay on your head.

Legion Committee Meets.
Dr. Fred Lienhart, P. L. Idlemann, Harold Warner, C. Z. Randall, Jim Bowler and Lyman Rice, of the American Legion, met today for luncheon at Hotel Pendleton to discuss plans for the Pendleton Post delegation which will attend the state convention at Astoria the latter part of the month. All reports received by the Legion indicate that Pendleton has a good chance to secure the 1921 convention.
