WILL PRESENT PLAN
WASHINGTON, July 29.—(A. P.)—The railway executives will in a few days present the commerce commission with a suggestion of how the railroad income might be increased to meet the war raises granted by the railroad labor board. General Counsel Thom of the association of railway executives today said. It is practically certain the suggestions will be for an increase in rates. Just what percentage will be asked was not indicated.

CHALLENGER NEEDS ONE MORE VICTORY

SANDY HOOK, July 29.—(U. P.)—The Shamrock IV today won another race from the American defender Resolute and needs only one more victory to life America's cup. It was a neck and neck race with the result resting almost on seconds. The Resolute had about a minute and 30 seconds to make up on the last 10 miles and for a time it appeared as though she would be able to do so. Her chances, however, began to dwindle with the wind showing signs of flattening out when the Lipton craft was within three miles of the finishing mark and growing easy. The Shamrock finished at 5:27.58 and the Resolute at 5:46.50 unofficial time.

PROFITEERING TO BE FOUGHT WITH UNION MAINTAINED FACTORIES

NEW YORK, July 29.—(A. P.)—Profiteering in the women's garment industry will be fought with union owned shops, factories and stores by the International Ladies' Garment Workers' Union.

This became known here today when officials of the union announced that it has a committee at work laying the foundation for the first group of union owned factories, which are expected to be in operation by next spring.

These factories are to be established, according to Benjamin Schlesinger, international president, to demonstrate that the workers can be paid first class wages, work less hours and enjoy better working conditions, than they are now getting and reap a "reasonable profit" from their product and still sell it considerable under the regular market price.

The union proposes to sell its output to consumers through their own stores. The first group of six factories will be established in New York, together with a number of union stores, union officials said. Others will be located in Chicago and Philadelphia. Ample funds for the factories have been provided by the International Union, Mr. Schlesinger said, and later as more money is needed "union shop and factory assessments" will be levied to finance the project until it is put on a paying basis.

"We expect to be turning out medium and high price garments for the Spring trade," A. Baroff, secretary of the union said. "The first factories will probably employ about 3,000 workers to be selected by the union." They will pay higher wages than are paid by employers in the garment industry and a seven-hour work day will be in effect, he said. The workers now work an eight hour day with a half holiday on Saturday.

The local unions of the Ladies' Garment workers, according to Mr. Baroff are also taking steps on their own initiative to defeat the high cost of living by establishing cooperative restaurants and stores. A number of stores have been started in New York and a restaurant is being operated by unions in Philadelphia, he said.

THIEVES WERE PARTICULAR
The men who robbed Lowman & Son's store at Wallula, Sunday night were particular to get clothes that fit them. They tried on and discarded many pairs of pants, silk shirts and other articles wearing apparel, but took a number of silk shirts, several pairs of coats, and numerous pairs of shoes, silk socks and gloves. They also took 65 pocket knives, \$8 or \$10 in stamps and \$4 or \$5 in pennies.

There is no clue to the robbers who evidently took their time to the task, and turned the stock topsy-turvy in their efforts to get what they wanted. The condition of the store and the number of things tried on and discarded would indicate that the thieves were after things for their own use rather than taking them for sale.

The only clue left was a pair of auto gloves that were badly worn in the saunter as the driver had grasped the steering wheel by the upper side and let his hands and arms rest on the wheel.

IRELAND MAY CLOSE DOOR
LONDON, July 29.—(A. P.)—The question as to whether the Most Rev. Daniel Mannix, archbishop of Melbourne, Australia, shall be barred from Ireland in view of the recent utterances in the United States, which are reported here as anti-English, is under consideration by the British government. This statement was made by Andrew Bonar Law, the government spokesman, in the House of Commons.

ALARMING DEPRESSION PRECEDED PRICE'S ACT

BERLIN, July 29.—(A. P.)—The mental condition of Prince Joachim, who committed suicide, had lately caused his family grave concern. His adjutant, the elderly Colonel Von Steuben, with whom he conversed late Friday, without indicating a design to take his own life, was so alarmed by the prince's depression the same evening that he told Prince Eitel of the younger brother's condition.

Joachim, says the National Zeitung, after taking leave of his 3-year-old son, shot himself through the chest about Friday midnight. Servants found him early Saturday lying in front of his bed unconscious. He was removed to a hospital and regained consciousness and was able to talk to Eitel. He rapidly grew worse and died at 1 a. m. Sunday.

Some reports are that Joachim suffered from the belief that he would be driven from his home by the republican government. The action for divorce brought by his wife, who left him a year ago, also prayed on his mind.

Prince Eitel Frederick, who is in charge of the body, was to have left today for Holland to visit his mother, whose condition of health is reported worse. Eitel, however, postponed his departure.

ANGELS BEAT VERNON IN EXHIBITION GAME

LOS ANGELES, Cal., July 29.—Los Angeles beat Vernon 7 to 2 in an exhibition game here today as part of the Childs Welfare Day program of the Catholic Bureau of Charities for the benefit of orphans. The contest was chiefly in comedy and so many players participated, including members of the teams and non-members, that any attempt at keeping score of more than the runs or enumerating the number of pitchers and catchers was soon abandoned. Frank Chance played at first base for an inning or two for the Tigers and Mike Donlin did some duty for the Angels.
