"Clarence" Was Liked.
Booth Tarkington's clever modern comedy, "Clarence," delighted a summer night audience at the Oregon last evening. The little play proved to be all that was claimed for it and the cast with one or two exceptions is exceedingly good. "Clarence" was a returned soldier who wanted a job but it finally developed that his name was in Who's Who and that he was a famous entomologist who following the war had failed to take his old position because he did not want to throw a married man out of a job. Robert Adams plays the part well.

S. A. Finds Boy.
Little Marvin Cady, the three and a half year old son of Mr. and Mrs. Fred Cady, was found yesterday afternoon by the Salvation Army. The little lad had been lost since morning. He was found playing on Main street.

Five Beavers Captured.
Five beavers captured by the party of members of the United States biological survey, were shipped to Rainier park over the Northern Pacific from Walla Walla last night. The beavers comprised one family which was captured by the men after experiments with box traps had been tried and failed. The method of capture is being kept secret.

Screens to Be Placed
Fish screens are to be placed in the irrigation ditches of the Freewater district by W. R. Coleman, official screener of the State Fish and Game commission. Mr. Coleman and William Albee, game warden, left today for the east end of the county. The law requires that the screens be installed to keep the fish from going into small ditches in fields, where they die. It has been difficult in the past to get satisfactory fish screens, but the commission is now recommending a special screen. The creens are installed at the expense of irrigation companies. Mr. Coleman arrived here today from Medford.

Weather is Cooler.
The weather continues to be cool and the maximum is 84, with a minimum of 50, says Majo Lee Moorhouse, official weather observer. The barometer registers 29.60.

She will be assisted by the student-teachers. Boys and girls under 15 years of age are invited to attend. Music will be furnished through the Pendleton Commercial Association.

R. Carr Receives Order.
R. Carr, local navy recruiting officer, today received the following notice from the Portland office: "With reference to the requests for discharge of soldiers furloughed to the regular army reserve in order that they may enlist in the navy, upon which action has been taken, the army reorganization bill approved June 4, 1920, abolishes the egular army reserve and department commanders have been instructed to discharge all reserves as of June 4, 1920. This permits the navy department to enlist any army reservist without reference to this department. In cases where such men have not received their discharge, they should be instructed to apply to the proper department commander."
