MISS YOUNG IS BRIDE

Coming as an interesting surprise to Pendleton friends is news of the marriage of Miss Harriet Esther Young to Fred Orville Freeman of Tulsa, Oklahoma, which occurred Saturday, July 17, in Paris, Idaho. Mr. Freeman is field superintendent of the Piney Creek oil company operating in the Big Piney, Wyoming oil fields. He and his bride will make their home temporarily at Big Piney.

Mrs. Freeman, who is the daughter of Mr. and Mrs. H. J. Young of La Grande, is a musician of rare talent. She has made extensive study abroad and for the past few years has kept a studio in Pendleton. She has taught piano and done symphony work on the 'cello and has been prominently identified with all musical interests of the city.

Several complimentary affairs honored Mrs. Freeman before her departure from Pendleton but while rumor hinted at her plans, only most intimate friends were apprised of the coming wedding and announcements are bringing with them the news.

MOTOR TO PORTLAND

Mr. and Mrs. Charles Bond, Mr. Bond's mother, Mrs. Ellen G. Bond, and little Mary and Bobbie Bond, left this morning by motor for Portland where the family will be domiciled for the summer season in a house in Irvington. Mr. Bond returning soon to Pendleton to look after business interests.

GUESTS ARE HONORED

A recent event was a tea at which Miss Elizabeth Stanfield entertained for Miss Myrtle and Miss Rose Ross of Pendleton.—Portland Oregonian.

WEDDING IS SOLEMNIZED

Marked by charming simplicity was the wedding service which this morning united Miss Erna Mumm and Philip Arthur Baillargeon. The home of Mr. and Mrs. Jurgen Mumm on Lewis street, where the vows were exchanged, was banked in a wealth of garden blossoms and delicate ferns. Miss Amanda Mumm was her sister's only attendant and Thomas Baillargeon of Seattle, brother of the groom acted as best-man. Rev. Father Van Hoomison officiated and the impressive ing service was employed.

The bride was attired in a becoming gown of white Georgette crepe, cut on short, simple lines and worn without a veil. She carried a great bouquet of blossoms. Her bridesmaid wore a dainty frock of yellow Georgette and also carried an arm cluster of flowers.

The service took place at 9 o'clock and was attended only by members of the family who later enjoyed a wedding breakfast which was served at the Mumm home. The table was centered by blossoms of pink and the same motif marked handsome appointments.

Mr. and Mrs. Baillargeon departed at noon on their journey into British Columbia and upon their return to the states will be at home in Seattle.

MRS. HASLETT TO DEPART

Mrs. George D. Haslett will leave tonight for Portland where she will remain for two days before going to San Francisco to join Mrs. H. H. Hartley, who went to California recently. Mrs. Haslette will return after two months time.

WILL VISIT IN CALIFORNIA

Mrs. Minnie Sillman departed at noon today for Portland from where she will go to California for a visit in and near Los Angeles. Many former Pendleton folk are residing in Southern California and Mrs. Sillman plans to remain for a month.

MRS. FERGUSON HONORED

The birthday anniversary of their commander Mrs. Hattie Ferguson, was made delightful yesterday by members of the Macabese lodge who adjourned a business session in Eagle-Woodman hall to honor her with a prettily appointed luncheon. Pastel toned sweetpeas centered the tables in lovely array and nearly sixty members shared in the tribute. A gleaming birthday cake was placed before the honor guest and a handsome gift of cut glass was extended to her.

An interesting feature of the affair was the presentation to the lodge of a "sunset banner," won by securing more than the required quota for an over-the-top record in the recent membership drive. The banner comes from Miss Bina M. West, of the Supreme Revely at Fort Huon, and the presentation yesterday was made through Mrs. Ferguson.

In charge of the interesting affair were Mrs. Maud Dunham, Mrs. Dora Allen, Mrs. Catherine Bluhm, Mrs. Sarah Morton and Mrs. Lillian Conroy.

UMATILLA COUNTY IS WHITE HYBRID CENTER

Umatilla county is the White Hybrid center of the Pacific Northwest, declares G. R. Hyslop, of O. A. C. professor of farm crops, after inspecting the fields of Dave Nelson, Roy Rew, Elmer Moore, Amle Tardiff, J. C. Hawkins, Sheldon Taylor, Chris Breeding, Barney Anderson and Jim Hill.

Professor Hyslop, who with Fred Bennion, county agent, made the tests yesterday, says that some of the White Hybrid has even less than one tenth of one per cent of other varieties. This is the third year of certification in Umatilla county.

Quite a number of otherwise fine fields were rejected, says Professor Hyslop, because strips in the draws had been reseeded to other varieties and these strips had not been cut out for hay. In some cases fields were turned down because stray stalks of other varieties had been drilled in by careless operators.

White Hybrid, says Professor Hyslop, is recommended for those sections where the soils are rather heavy but

most of all where the rainfall is good.

"It is a good winter wheat and there are many fields of great purity," said the expert. "No one need go outside of Umatilla County to get the finest White Hybrid No. 123. The College certified stock has passed from farmer to farmer and is holding up with remarkable purity records."

"Observations on the various wheat varieties of the dry sections of Umatilla County show some very good ones and some that are outstandingly poor. The poorest variety seen in the west end of the county is Forty Fold. Next comes Blue stem as a winter wheat. The best is Turkey Red. After it comes the White Hybrid, but it is mostly pinched except where too thin to produce a good yield."

Executives in Session. WASHINGTON, July 21.—(U. P.)—Railroad executives met with passenger and freight traffic managers today to consider means of raising the \$600,000,000 wage increase granted rail workers. Those attending said they will probably decide to ask the interstate commerce commission to raise passenger fares a half a cent per mile.

OHIO CITY BUSY ON EVE OF CEREMONIES

MARION, July 21.—Harding is spending a quiet day preparatory to the ceremonies for tomorrow officially notifying him of his selection as republican presidential candidate. People of Marion were busy hanging bunting, flags and Harding posters. A long heralded march of militant suffragettes is awaited with apprehension.

League Is Paramount. MARION, July 21.—Senator Harding's speech of acceptance will be delivered here tomorrow and it is expected, by close associates, to give prominence to the foreign policy of President Wilson and the League of Nations in such a way as to advance the campaign toward a squarely joined issue between the two political parties.

Wire Harding Assurance. SAN FRANCISCO, July 21.—The republican national committee and state chairmen of six in the far western states sent a telegram to Harding assuring him that he will carry these states in November.

PORTLAND, July 21.—(A. P.)—Cattle, hogs, butter and eggs are steady and unchanged; sheep are weak, valley lambs are at \$3.25 a \$10.25.

OREGON PLAYGROUND FOR TOURISTS AIM OF STATE CHAMBER

Switzerland used to be the poorest country, per capita, in the world. Now it is the richest. Tourist travel did it.

Main and Colorado each receive \$50,000,000 per year from their tourists; Florida gets \$250,000,000; California, half a billion a year. Oregon gets \$5,000,000.

A three year's advertising campaign by the Oregon State Chamber of Commerce may be expected to bring in at least one-half of what Main and Colorado get, or \$25,000,000, which should increase on a rising scale.

STATE CHAMBER SEEKS TO DOUBLE POPULATION ON FARMS IN 3 YEARS

Oregon has water resources to irrigate 4,000,000 acres of land now unproductive, and which would support in comfort, 200,000 new population, or about 40,000 new families.

If in its three year's campaign to put families on Oregon's vacant land, the Oregon State Chamber of Commerce can bring 1,000 families to utilize this land and water, it will mean in expenditures alone for such commodities as clothing, food, furniture, etc., of \$1,000,000, calculating the expenditures for an entire family at only \$1,000 per year, to say nothing of the wealth produced by these new settlers. Land settlement is one of the chief aims of the Oregon State Chamber of Commerce expansion program in its movement to aid in the development of the State.

Oregon has 16,000,000 acres of tillable land now uncultivated. Oregon produced 20,400,000 bushels of wheat in 1919.

If Oregon's 16,000,000 acres of tillable but uncultivated land were planted in wheat and the yield were the Oregon average for ten years—21.9 bushels per acre—new production would be 350,400,000 bushels which, at the price today of \$3 per bushel, would mean a cash value of \$1,051,200,000.

The Oregon State Chamber of Commerce expects to double the number of farmers in three years. If this means double the wheat crop, it will mean an additional yield of 20,400,000 bushels of wheat, which at the prevailing price would mean a cash value in new money of \$61,200,000.

Card of Thanks. We wish to express our sincere appreciation to the many kind friends for their sympathy and kindness shown during our sad bereavement in the death of our beloved son, also for the many beautiful floral offerings. MR. AND MRS. CHAS. MOORE

Railroad Shares Go.

(From Overbeck & Cooke Co.) New York.—The railroad shares, particularly Reading, were bought rather actively at intervals during today's session. The general list advanced sympathetically during the forenoon but as the session went along, weakness in certain industrial shares had the effect of promoting scattering liquidation. Exceptional pressure seemed to be exerted on the sugar shares, likewise, some of the rubber, tire, and automobile stocks. Much of the selling of the sugar stocks is understood to be based on the idea that the price of the commodity itself has certainly reached the peak and a further lowering in same will take place. Today's advances show that raw sugar values have apparently reached the declining period. Reports were also in circulation
