LOST!—\$2.80 IN COLD CASH

TWO "BUDDIES" went downtown yesterday to purchase a good pair of work shoes for each. They both came to the Bargain Basement but before they "looked" one said, "I'm going down the street to get my shoes," the other fellow stayed and looked through our BARGAINS and bought a good pair of shoes for \$4.49. Back came his Buddie from down the street with his shoes and in a boastful way said "I've got SOME shoes, believe me, and I paid \$7.29, you should have come along"; but when he examined his pal's shoes, purchased in the B. B. for \$4.49 he declared "I guess I'm stuck for \$2.80."

For the shoes that he bought for \$7.29 he could have bought in the B. B. for \$4.49.

He lost \$2.80 by not buying in Pendleton's Popular Shop, THE BARGAIN BASEMENT.

EUGENE PLEDGES HOUSING

EUGENE, Ore., July 22.—(A. P.)—At a banquet last night citizens of Eugene pledged themselves to relieve the housing situation here before the beginning of the fall term of the University of Oregon. Plans were laid to provide homes for numerous new members of the faculty of the university and for students who cannot be accommodated in the dormitories and fraternity houses. A holding company will be organized to build a men's dormitory on the campus as there are no funds in the university treasury for this purpose.

Word is also sent by Dr. Morrow

that both Governor Cox and Franklin D. Roosevelt, the vice presidential nominee, would visit Oregon during the campaign, the first swing around the circle of the main line towns during the latter part of the campaign, probably in September or October, while Roosevelt will precede his chief and visit the state some time during August.

The selection of Portland as the western headquarters marks the successful close of a long and hard campaign waged in that direction by Dr. Morrow, aided by the national committee from some of the other western states. Its location here will bring an imposing array of political chiefs and workers into the city, for its jurisdiction will extend over the entire tier of states west of the Rocky mountains.

Flaming gray chiffon is combined with the striped silk in sleeves and gimpes while the auriote shade is repeated in the becoming silk belt with two miniature oranges caught in the upturned brim. The important feature is the "tiffin box," a curious looking vanity box of brown and yellow straw bound with Oriental coins.

REDS FIRE BOWARY VILLAGE

Now the Reds have recaptured the ruins, in the advance which has pushed the Polish line back from Kiev.
