"There is a race on in the dry section and the light land section of Umatilla county between Turkey Red and White Hybrid wheat," says Professor G. H. Hyslop, professor of farm crops at O. A. C. This will continue until the line somewhere north and west of Pendleton is established between the two varieties." Professor Hyslop, who

left today for Morrow county after making tests in the wheat fields of the county, says that on the west and north of the line where the rainfall is less and the soils are more sandy, the drought resistant Turkey Red will win out, but east of the line where the rainfall is heavier and there is not so much hot wind, the greater tendency for yellow berry in the Turkey Red will make it yield to Hybrid 128.

Zo Houser, who used to be sheriff of Umatilla county, is again a candidate for the office and secured the republican nomination at the May primaries. He was at one time United States marshal. Mr. Houser was in the city yesterday from Echo.

## JAPANESE CREWS LEAVE SHIPS IN U. S. PORTS

TOKIO, July 22.—(U. P.)—Allegations that high officials have accepted bribes in consideration of winking at the illegal departure of immigrants for the United States has caused the Japanese government to start an investigation on the charges that Japanese are being smuggled into the United States. The foreign office today verified reports that such an investigation was started, and declared every effort would be made to see that a "gentlemen's agreement" with America will be lived up to strictly. Thus far the investigation revealed that in recent months 200 Japanese shipping as sailors deserted in American ports.

## NEW HOPE PREVAILS IN RESOLUTE CAMP

NEW YORK, July 22.—(U. P.)—New Hope pervaded the American yachting club while the crew of the Resolute were giving America's defender a "rubdown" in preparation for tomorrow's race that means defeat or another chance for victory. ## PROPOSED SCHEDULE OF RATES PRESENTED

WASHINGTON, July 22.—(U. P.)—Railroads today presented to the interstate commerce commission a schedule of rates aimed to raise the \$229,000,000 additional revenue to meet the wage award granted workers. The railroad proposed increasing passenger fares of 20 per cent, excess baggage rates 20 per cent, and parlor and sleeping car privileges of 50 per cent. Increased rates for carrying milk were also proposed as well as additional increases in freight switching rates beyond that asked in application filed several weeks ago. The railroad officials say mail and transportation rates will remain practically where they were before the era of soaring prices and that the railroads will lose money on that basis. Other means of raising additional revenue were under consideration when railroad executives met here today were 1-2 cent per mile increase on passenger fares, additional increase in freight rates, higher rates for transporting milk, additional charges for Pullman car privileges, an advance in price commutation multiple tickets.

## 'GRAVEYARD' SIGNBOARDS WHICH HAS CUT DOWN ACCIDENTS IN LOUISVILLE STREETS

Carless pedestrians need a good jolting. Louisville, Ky., authorities have decided. In a campaign to lessen accidents, particularly those in which automobiles are concerned, "graveyard" headboards have been introduced in the busy downtown section. One striking sign reads "A Fatal Accident Occurred Here Last Year." During the first week of the campaign not one fatal accident occurred and there were no really serious smashups.
