TELLS HARDING THAT WEST WANTS G. O. P.

MARION, Ore., July 25.—(A. P.)—The needs of western farmers were told over with Senator Harding yesterday by Senator Capper of Kansas and Henry Wallace of Des Moines, Iowa both editors of farm publications and in statement afterward Senator Capper declared the farmers of the west "were fast realizing why it is necessary that the republican ticket be elected."

Senator Capper's statement blamed the democratic administration of market inequities favorable to the cotton and sugar industries, and declared, "Governor Cox's nomination for president by the democrats placed the party under a joint obligation to southern interests and to the 'hoaxes' of the North. Governor Cox, he said, in the eight years he has dominated democratic politics in Ohio, has built a machine based on the Tammany model."

"During the war and since," the statement said, "we have seen what southern control means. The Southern states were for rightly controlling and limiting the price on wheat that compelled the farmers to take far less than they would have got in an uncontrolled market. Cotton went to dizzy prices."

"Recently we have seen the same thing in the case of sugar. I know no more complete demonstration of democracy's administrative incompetency than in the story of sugar this year."

"People are paying up to thirty cents for sugar and can't get it any other way. Yet there is sugar enough for all. It is held by speculators to boost prices."

PROTESTANT CHURCH NATIONAL CAMPAIGN TO BE CONDUCTED

NEW YORK, July 26.—(A. P.)—A nation-wide united evangelistic campaign of the Protestant churches has been decided upon for the coming year by the leaders of the 18 of the larger denominations, the Federal Council of the Churches of Christ in America, announced here today.

The directors of evangelism for the Methodist bodies, the Baptists, Presbyterians, Lutherans, Congregationalists, Disciples, the two Reformed groups and other bodies have met here and decided upon the common program to be carried out during 1920-21.

The fall campaign will be opened by a series of all day rallies for ministers in a dozen strategic centers. A party composed of the directors of

evangelism of the cooperating denominations will accompany Dr. Goodell of the Federal Council to Buffalo, Cleveland, Cincinnati, Indianapolis, Chicago, Detroit, St. Louis, Louisville, Pittsburgh, Harrisburgh, Philadelphia, Washington and Baltimore.

From September to December evangelistic committees are to be organized and trained in every local congregation. Each church will present the plan to its whole church membership at a church rally to be held in the Fall. Parish surveys will be undertaken to ascertain definitely the persons who should be reached by each church.

GERMANS ABOARD SHIP IN THE SOUTH SEAS

PAPEETE, Tahiti, July 26.—Germanians departed from Australia and Samoa were aboard the steamer Main, formerly a German ship, which arrived here today. The Main is en route to Germany via Panama.

A former German governor of Samoa, Dr. Schultz, two Roman Catholic priests and a Lutheran minister were aboard the Main. Most of the departed men were planters in New Guinea and other Pacific islands.

English wives of some of the Germans protested when placed on the Main at Australian ports. Many of the Germans, however, aided in the work of getting the ships under way. At Apia, while in the launches from the shore to the ship, the Germans sang their national songs.

Influenza broke out aboard the Main after she left Australia. No deaths resulted. At Apia the New Zealand government announced that on account of the influenza Germans who desired to do so could wait and return home by other routes. Only five accepted the offer.

Boy, Page Mr. Burleson
MILWAUKEE, Wis., July 26.—A team of slow snails hitched up to two postal cards would have brought them to a Milwaukee address about twenty-five times as fast as did the Milwaukee post office department.

The Scott Brothers company, 283

Fourth street, one morning recently found in its mail two cards one dated Chicago, August 23, 1917, and the other dated New York, June 5, 1913. The cards were received at the Milwaukee post office from one to two days after they were mailed, according to the official figures stamped upon them. It took one card eight years to be delivered ten blocks, the other seven years.

COMMITTEE ON PUBLICITY NAMED BY OIL INTERESTS

MEXICO CITY, July 26.—(A. P.)—Attorney M. G. Villers, of the Transcontinental Company, and Rodolfo Montes, of the Eagle Company, a British owned corporation, have been named by the foreign oil interests as a committee on publicity as a result of the recent flood to statements on the Mexican petroleum legislation situation from government sources.

The oil question again is exciting much attention, although it generally is believed here that final action on what the foreign oil interests charge was Carranza's confiscatory measure will be left by the present de facto government to the administration which will be elected September 5.

WOMAN'S BEAUTY NOT SECRET

It all lies in the care she bestows upon herself and in keeping at bay those dread little pests in the complexion, the clear complexion never accompany organic troubles. The distressed expression, lamitude, headaches and mental depression are only the tell-tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, and restore their health to a normal condition.
