THINK SOVIET FORCE WANTS RECOGNITION

WASHINGTON, July 27.—(A. P.)—Russia's proposal for a conference with the allies in London was regarded unofficially yesterday by a skillful maneuver to effect a quasi recognition of the soviet regime. Officially the state department was without knowledge of the soviet suggestion, but it was clear that unless more urgent reason than now is apparent is given, the United States will be in no haste to accept an invitation to join in such a conference, even though one were extended.

It was said that the U. S. will be asked to participate but the prevailing opinion appeared to be that the specific issue—cessation of war with Poland might better be considered first by the principals. The United States, it was explained, has a peculiar interest in the situation aside from that of desiring stabilization of political conditions in Europe, but the method suggested by Russia was regarded generally as a contribution of war with Poland to the principals. The United States has refused to enter into relations with the soviet, but always has been definitely interested and watchful of every move made either by Russia or another government looking to an adjustment of the former's international relations.

President Wilson, it was said today, has kept informed regarding developments. It has been indicated that unless the president otherwise directed, the attitude of the United States would be that of an interested observer and that for the present no expression of "moral support" or more active aid would be extended to the Poles.

SAYS WESTERN FOLK WILL LIKE GOV. COX

DAYTON, O., July 27.—(A. P.)—Governor Cox made progress today on his speech of acceptance for August 7. He found, however, he was unable to carry out his plan for "locking" himself in his library to work. But between several visitors, he put in good hours on the drafting job. The address, the governor said, will be "just long enough to tell the story." He is to send it in installments to his newspaper office here for composition and then he promised to "use the blue pencil vigorously" on proofs to eliminate unnecessary words. The governor today conferred with Judge J. G. Johnson of the Ohio supreme court, who made the Cox nominating speech at the San Francisco convention.

"Western people seem to realize that Governor Cox is one of them, in their ideals and aspirations," Judge Johnson said. "They believe Governor Cox is for the people. They refer to him as 'Jimmy' like Theodore Roosevelt was called 'Teddy.' It indicates a feeling of personal interest and regard, as I believe Governor Cox is the first presidential candidate since 'Teddy' whose first name is being popularly and generally used."

GRANDE RONDE LUMBER COMPANY IS SUED BY GOVERNMENT, \$683,943

PORTLAND, July 27.—(U. P.)—Alleging the Grand Ronde Lumber company attempted to defraud the government out of 24,992 acres of public land in Union county, Oregon, the government has filed a \$683,943 suit against the company in the federal court here. It is charged that 153 fraudulent entries were made through a "dummy entry" process. Company officers and several stockholders are alleged to have induced others to take timber lands under an agreement that as soon as patent was completed, the property be deeded to the company.
