## IT SEEMS VILLA IS NOT YET AT TORREON

EL PASO, TEX., Aug. 3.—(U. P.)—The failure of news to arrive here that Villa, the bandit chief, has reached Torreon to complete his surrender, caused a belief to spread here he may not intend to surrender after all but is making the government the object of another trick. It is pointed out on scores of previous occasions the rebel leader has misled the government. Many Americans and Mexicans here, who are well posted on Mexican affairs, have never believed Villa intended to lay down his arms and retire to private life.

H. E. Sweet, of Portland, is here today.

W. G. Hale, lone farmer, is in the city on business.

R. L. Abbee of Walla Walla, is in the city.

## WHEAT ADVANCES

(Continued from page 1.)  
ing on conditions in Poland were of a very unsettling nature. It can certainly be said that the situation in that territory with its effects on European political conditions generally must be given more than the usual amount of consideration at this particular time. Money after renewing at the 8 percent level and loaning at that figure throughout the greater part of the session suddenly eased off to a 6 percent rate which is the lowest touched in many weeks. This occurrence in the last hour quite naturally caused some hasty covering by shorts in the industrial quarter of the list but the most convincing show of strength was exhibited in the rail department where a distinctly impressive class of buying made its late appearance and stocks like Great Northern, Atchafson, Southern Pacific, Reading, and in fact, the general rail department.

**MANY EDORSE COX FOR LEAGUE SUPPORT**

DAYTON, O., Aug. 3.—(A. P.)—Receipt of letters from many republicans and democrats urging a strong position for the league of nations was announced today by Governor Cox after a busy day going through his mail and completing Saturday's program for his notification.

More than half of his letters, Governor Cox said, discuss the league declarations of Senator Harding.

"Many are from democrats," he said, "and said they see a fine opening. Many others are from republicans and it certainly looks as if the independent republican vote is thoroughly dissatisfied."

The governor also announced a general policy of non-interference in democratic primary fights. In a statement he declared he would not take sides in the Texas democratic primary and also explained this was a uniform policy applicable to all states.

The governor said he had received many messages and letters urging him to aid opposing Texas factions and that newspapers on both sides had been claiming his support.
