

# People Here and There

The city has a mayor again after an absence since Saturday afternoon of Mayor John L. Vaughn. The executive left for the mountains on Saturday to assist in the building of a hunting lodge for the Sugarbowl Hunting Club. He returned last evening and reported the cabin completed. Although deer tracks were plentiful, the party did not get out far enough to see any deer. Those who returned from the woods with his honor were Guy Wyrick, Dean Shull, Guy Matlock, W. D. Humphrey, Wade Privett, Arthur Gibson and Jake Welch.

Two recent apartment building fires in Portland have convinced Manuel Friedly, councilman, that Pendleton should have better protection afforded its buildings. Mr. Friedly is interested in fire prevention by virtue of his being a city official and also a director of a fire insurance company. He returned on No. 4 last night from

Portland where he attended a meeting of the directors of the Pacific States Fire Insurance Co.

One often has to go away from home in order to get proper recognition in the press. Max Hopper, of Pendleton, has just passed through Astoria. The following article in the Budget chronicles the fact:

If a dapper young chap named Hopper, had a wife and decided to drop her, and get a divorce, as a matter of course, would not his wife be a grass hopper? A few years ago Max Hopper of Pendleton was limericked in the above fashion and, as a result, he is still single. He has transferred his residence to Astoria where he is assistant cashier of the First National Bank. Hopper arrived in Astoria yesterday afternoon on the Georgiana and went on to Seaside to spend a short vacation watching Beauty at the Bath.

## Heat Saps Power; Store up Energy

Keep digestion perfect with Dr. Caldwell's Syrup Pepsin and you will have strength to work.

SUMMER is the season of vacations, of slowing up in work. And there is a good reason for it. Heat is enervating and work quickly tires. But people must work, and we should all keep ourselves in such fine physical condition that we can do our share even in hot weather.

Of first importance is to see that there is a regular, daily bowel elimination. If you skip a day you are constipated. Constipation, especially in summer, is a city followed by fatigue, loss of appetite, chills, and colds. There is no energy for work.

When you feel constipated and out of sorts, or are tired, then you know the circumstances warrant, take a spoonful of Dr. Caldwell's Syrup Pepsin. This delightful laxative is a combination of simple laxative herbs with pepsin and can be bought at any drug store.

Syrup Pepsin will quickly relieve your constipation and give you a feeling of lightness and clear-headedness.

Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington St., Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

Mr. Walter of 441 Minnie St., San Francisco, had to quit work because of constipation, colds and a train of other ills. He took Dr. Caldwell's Syrup Pepsin and promptly recovered his health and strength and is now at work again.

You will make no mistake getting yourself a bottle of Syrup Pepsin and taking a little at the first sign of constipation.

T. A. Wylie, manager of the Pendleton Marble & Granite Works, was an arrival home this morning from a business trip to Portland. Mr. Wylie recently returned from a long trip east on which he purchased materials for several months' operation of the local business.

James H. Sturgis returned this morning from Portland where he spent the early part of the week on business.

Dan P. Smythe is leaving tomorrow night for Portland on the first leg of a trip to the middle west which will keep him away from Pendleton until about October 1. He is bound for Chicago and middle west cities in the interests of the Smythe Bros. Sheep Co. After attending to business in Portland he will go to Minneapolis via Spokane over the Milwaukee line and from there to Chicago, where most of the Smythe lambs are marketed. Although he will not be back to attend the Round-Up, Mr. Smythe will do his share of advertising for the show.

As Harney county's first county agent, L. E. McDaniels is forming a county Furs Bureau. Mr. McDaniels, who is here today, is a practical stockman and owns a few herds himself. He was formerly supervisor of the Wenaha National Forest.

The feet-footed youngsters of Umatilla county all looked at the heels of William Ward, of Freewater, when the 50, 100 and 250 yard races were run at the county school championships at Round-Up park last May. Ward showed considerable speed as a ball player during the summer, having played first with Milton-Freewater and later with Althea. He is in Pendleton today.

Lots of persons in the mountains are going several days without getting huckleberries, owing to the concerted hunt for them by organized parties. J. E. Pinson, who returned today, said. Unless sheep herders or others familiar with the mountains disclose places where there are still berries that have not been all picked, many find the results not so good. Around Meacham those who have berries to sell are asking \$2.50 a gallon for them. Mr. Pinson and his party gathered about 10 gallons and did not have to pay the fancy price to get that amount, either, he said.

Folsom Tallman is now owner of a garage in Forest Grove and with Jack Elliott, of Portland, sells Chevrolet's singly or in bulk. Mr. Tallman and Mr. Elliott were classmates at University of Oregon. Mr. Tallman is here today visiting his parents, Mr. and Mrs. J. V. Tallman.

Bob Bremer and Rudolph Mollner, yesterday chosen as members of the advisory board for the Red Cross life saving corps, are experienced in rowing as well as in swimming and both are members of the Portland Rowing Club. Cash Wood, who was chosen also won his certificate in 1915.

A brother of S. P. Hutchinson, Grand Army Veteran, Dr. Hutchinson of San Francisco, stopped over for a short while in Pendleton to visit his brother whom he has not seen for 38 years. Dr. Hutchinson is touring this section of the country on a lecture tour and being in the vicinity of Pendleton to spend a few hours with his brother. Mr. Hutchinson is busy this week as bailiff of the grand jury which is in session.

The bridge across Wild Horse creek at Adams is nearly completed and cars are now able to cross it, according to W. M. Peterson, who was in Athens this morning in company with A. H. Cox, on a short business trip. The

Prisoners Taken to Salem

Austin Mann and William Taylor, who recently were sentenced to the state penitentiary at Salem as the result of their having broken parole, were started on their way this morning in charge of Deputy Sheriff Joe Blakely. Mann was sentenced to a maximum term of 19 years and Taylor to a maximum term of two and a half years and both were paroled in the circuit court here. They were arrested less than a week apart for their violations.

Be sure you get what you ask for.

**COMMON LABOR SOUGHT**

HELENA, Mont., Aug. 13.—(A. P.)—The Helena Commercial club advertised in the east and west for common labor, with indifferent success although wages offered are good. Nowhere in the state has a surplus of labor been reported since the boom which began shortly after the great war started. Even in Butte, where mining production has not been on full time for some months, there is little idleness, it is stated. Farmers have difficulty in obtaining hands although assisted in great measure by high school and college students who have gone into the fields in large numbers.

**MONTANA HAS CLAIM TO MORE POSITIONS**

BUTTE, Mont., Aug. 13.—(A. P.)—Montana is entitled to 51 more places in the department service at Washington, D. C., than the state has received, according to advices received here.
