JOHNSTON WILL PLAY IN NATIONAL SINGLES

NEW YORK, Aug. 16.—(U. P.)—The triumphal return of America's tennis ace from conquering Europe's best, both in the Davis cup preliminaries and in the national tournament at Wimbledon is bound to have a very strong effect in stimulating tennis in the United States. Also the fact that William M. Johnston, our national champion, will be allowed to enter the challenge round in the national singles at Forest Hills, is bound to attract one of the greatest crowds that ever

witnessed a tennis match. When William T. Tilden survived the eliminations in the Wimbledon tournament while Johnston was beaten on his last day, Johnston's victory has led a great many followers of the net game to acclaim Tilden a greater tennis player than Johnston. It is extremely doubtful, however, if this is the case, although Tilden probably has improved some over his game of a year ago.

It will be recalled that Tilden defeated Johnston about a year ago at Longwood, but that when the actual tennis test came—that at Forest Hills in the national singles—Johnston came through with a remarkable display of court work and defeated Tilden in the final round.

Aside from Maurice McLoughlin this country never has seen a greater tennis player than Johnston. And it isn't all certain that the Comet's wonderful smashing game would have passed Johnston as it did others.

Johnston is a small chap and his physique isn't strong, but he always is able to go through a tournament with something in reserve for the final. He plays a strong game at all times. He isn't master of air strokes but his placement shots are wonderful and he can volley at the net with the best of them. Tilden probably has at his command a greater variety of strokes than the champion, but he hasn't the ability to control his game as has Johnston.

TOLEDO IS SWEEP BY COSTLY FLOOD

Water Is Deep. TOLEDO, Aug. 16.—(U. P.)—Damage estimated at a half million was done by a cloudburst. Nearly four inches of rain fell in an hour and a half. The city will be lightless tonight, probably longer. Telephone service is greatly hampered. The first floors of many buildings are flooded and cellars throughout the city inundated. Water is three feet deep on many streets.

OFFICIALS HOPE FOR SAVING OF WARSAW

WASHINGTON, Aug. 16.—With the reds reported almost at the gates of Warsaw, state department officials and diplomats here are hopefully awaiting word of negotiations by armistice delegates at Minsk and would stop fighting between Poland and soviet Russia. Officials hope an

agreement at Minsk would save Warsaw from the bolshevik armies. While there is skepticism here regarding the permanency of any peace with soviet Russia, it is believed that Poland may have a chance of surviving as a nation if the Poles retain the capital. In the possession of Warsaw, the bolsheviks would immediately sovietize Poland and make that country a passageway to Germany, military men believe.

ROMPS OVER STICKS IN RARE FORM

The former Newark schoolboy, now of Notre Dame University, August Desch, equaled the world's record in the 440-yard hardies at the eastern tryouts in Philadelphia this spring, but he topped the last one and the record does not stand. He romped over the sticks in 54 3-5 seconds. William H. Meanix of the Boston A. A. is shown in the picture going on behind Desch. Meanix holds the world's record.
