Further Break in Corn Market Are Recorded
CHICAGO, Aug. 21.—Further breaks were in evidence all grains today because of liquidation in corn. At the finish, wheat for December delivery was unchanged from yesterday's finish at \$2.37, while March was off 3-4c at \$2.38 1-2. Corn showed a net loss of 7-8c to 4 1-8c while oats were up 1-2c to 3-4c. There was a decline in pork of 20 cents and a loss of 15-20@17.00 in lard while ribs were a shade to 12 1-2c higher.
Buying by strong commission houses caught the wheat market after it had broken 3c at the start and prices were carried back to about yesterday's finish, the market easing off, closing firm. France and the British commission were still out of the market; but Germany took 200,000 bushels at the Gulf.

Little New in Wool Situation This Week
BOSTON, Aug. 21.—The Commercial Bulletin today says:
"With few exceptions sales of wool during the past week have been of retail description. Prices are barely steady on the basis of last week's sales. There is little new with reference to the new domestic clip.

Stock Market Making Steps Toward Recovery
NEW YORK, Aug. 21.—The stock market made further progress towards recovery today, yesterday's rebound from low levels of the early days of the week being very substantially enhanced on a pronounced expansion of business.
Not only were the days transactions the largest of the week, but they encompassed a more diversified group of stocks, including investment rails as well as many speculative specialties recently subjected to severe pressure.
Local banks manifested more liberal attitude regarding time loans, though holding to long prevailing rates and call money upon the calculations of the shorts by loaning over the week at 7 per cent.
Steels, equipments and oils were the most active stocks, followed by motors and their subsidiaries, rails and shipping. Sugar recovered part of their loss and tobacco, leather and paper issues featured the specialties, metals also hardening. Sales \$25,000 shares.
The bond market failed to keep pace with stocks, either as to the tone or activity, although liberty issues excepting the 3 1-2s, were mostly high. Among foreign bonds United Kingdom and Belgian issues eased slightly with Anglo-French 5s while Paris 6s made a fractional gain. Total sales, (par value) \$7,475,000. Old United States bonds unchanged on call.

Declines Outnumber Advances in Weekly Business List
NEW YORK, Aug. 21.—Dun's Review today says:
While no single element fully accounts for the continued hesitation in business, it is even clearer now than recently that the price question remains the dominant factor in the situation. Resistance to market yielding persists in some quarters, but fails to offset the influence of natural economic forces and declines in commodity quotations this week, as Dun's list demonstrates, again outnumber advances by a considerable margin.
Liquidation of goods that could not be moved at previous extreme prices is still a feature in various wholesale and retail channels, the prevailing momentary restrictions hastening the offerings in some instances, and it is significant that openings of new lines of merchandise for forward seasons are being made at appreciable reduc-

MAIL ORDER CATALOGUES STRAPPED ON BODY FAIL TO TURN AWAY BULLETS

SACRAMENTO, Calif., Aug. 21.—(A. P.)—With three mail order catalogues strapped at vital points around his body to turn away the bullets, George F. Davis, 23 years old, made a dash for liberty at Folsom prison Wednesday afternoon only to be shot and killed when he was two thirds of the distance across the American river.
At one time he had been an inmate of a reform school in Oregon, from which he escaped last year.
Davis was working with a gang of other convicts in the granite quarry. Suddenly when he thought the attention of the guards was turned he started toward the river in a wild dash for freedom.
Through the two lines of guards he swiftly ran while the bullets whistled around him. A fusillade followed him as he jumped into the river and started for the other shore.
