WELLS AND BROOKS TO BE ONLY ABSENT VETS

BERKELEY, Cal., Aug. 23.—(A. P.) All except two members of the University of California 1919 football team, are expected to answer the call to practice this fall. The two missing men will be "Dummy" Wells fullback and Fred Brooks, left half. Both have graduated. With most enough veterans to form a team, Andy Smith, head coach, and his assistants, believe they will not have much trouble turning out a team that will make a strong fight for the Pacific Coast Conference championship. "Dummy" Wells will be one of Smith's assistants and will coach the freshman team. Other coaches will be E. B. Watson, "Nibs" Price and "Boles" Rosenthal.

SEATTLE CLUB STARTS COAST FANS TALKING

SAN FRANCISCO, Aug. 23.—(A. P.)—Seattle's club of the Pacific Coast baseball league, seven weeks ago on the bottom rung of the percentage ladder, has, since then, met every other club of the league and has not lost a series. Fans up and down the coast, elated with Seattle's rise, have pointed out that the northern team is not an aggregation of youngsters, but for a record, but is made up of players, who, with the exception of one or two, have played on other clubs of the league in the past. Seattle started its climb early in July. Then in the week, during the week ending July 4, the northers took a series from Vernon. The following week Oakland won two of its seven games with Seattle. Sacramento led the northern team for the next week, but in the following series, the Salt Lake Bees, playing on their home diamond, lost six games to two, to Seattle. Seattle won the Los Angeles series next, four to two, and the San Francisco series, the following week, four to three. Finally, Portland, call-

BRITISH GUNNERS LOSE IN RIFLE COMPETITION

CAMP PERRY, O., Aug. 23.—(A. P.)—The United States team won from the British in the international small bore rifle match finished Sunday. The Americans had a total score of 7649, defeating the British by eighty-four points. The match for the Dewar trophy was shot on home ranges of each team and the results transmitted by cable. The British team shot in England July 31 and the scores held here secretly until the American team finished. The trophy has been held by the United States.

CHICAGO WHITE SOX IN POSITION TO WIN OUT

NEW YORK, Aug. 23.—(A. P.)—The pace of the Chicago Americans which has carried them to the top of the league standing, indicated that only a decided brace by either Cleveland or New York can prevent the White Sox from repeating last year's success. Chicago has won 12 of its last 14 games, including Sunday's victory over Washington. No great strength is being displayed by the three leading National league teams and a close race down the September stretch is expected. Brooklyn Sunday brought about a virtual tie with Cincinnati for first place by defeating the Red Sox, breaking even on the four game series. New York, two games behind, will start a series with Cincinnati Friday.

SUPERIORITY OF EAST IN TENNIS ATTRIBUTED TO MORE SPARE HOURS

PHILADELPHIA, Aug. 23.—(A. P.)—The reason the east has an advantage over all other sections of the

NATION'S BEST CASTING EXPERTS WILL VIE FOR FOUR DAYS NEXT MONTH

COLUMBUS, O., Aug. 23.—The twelfth annual tournament of the National Association of Scientific Angling Clubs, to be held September 1 to 5 at the Ohio State Fair, will be the biggest event of its kind ever held in the state and one of the largest ever held in the middle west, according to promoters of the contest. The four-day meet will be held at the state fair grounds by the Columbus Casting Club and under the auspices of the state department of agriculture and the state fish and game bureau. Fly and ball casting experts and title holders from throughout the country and Canada will take part in the tournament. To add to the interest in the events, H. E. Shaw, state secretary of agriculture, it is said, will probably proclaim the last day of the state fair as Sportsmen's Day. Some of the champion masters who will compete in the tournament are: Fred Post, world champion long distance fly-caster, and William Stanley, champion ball-caster, both of Chicago; Jack Schwinn, Newark, N. J., salmon fly and ball-caster; E. F. Fiegel, Kalamazoo, Mich., holder of the world's record for long distance ball-casting; V. D. Besse, Columbus, holder of the Ohio championship; Perry Frazier,

HUNDREDS PICK BERRY SUPPLY FOR WINTER

(East Oregonian Special.) UTAH, Aug. 23.—The people still continue to go and come to and from the huckleberry patches and hundreds of gallons of the luscious berries are being picked and brought out. On account of the high price of sugar and the scarcity of fruit, many families are picking enough to run them through the winter. The weather has turned cooler and the nights are cold and Wednesday night frost fell and ice froze on the water troughs and a little fire is now very comfortable in the early morning. Jesse McGee was a Ukiah visitor last Sunday for a short time. Charley Hynd returned from Portland last Friday, after disposing of his beer cattle at a good price. Mr. and Mrs. J. W. Sturdivant, and sons, Clair and Cloyd, will remain here for the last of the week and will remain here for an indefinite time, visiting with relatives and picking huckleberries. Mr. and Mrs. W. H. Hughs and daughter, are guests of Mr. and Mrs. Charley Hynd at the Hynd ranch. Mrs. J. H. Mettie returned Monday from Butter creek after spending several weeks on Butter creek with her daughter, Mrs. Frank Chapman. A very agreeable sand storm blew in over the mountains Monday evening, which caused considerable house-cleaning Tuesday. Sam Carter of Long Creek, was in town Monday night to meet his wife, who was returning from the hospital. Ted Boynton returned to Ukiah Tuesday going on to Bridge creek Wednesday to finish Oscar Hilbert's house. He was accompanied by his uncle, Bert Boynton of Sunnyside, Washington, who went to work on the hardware building for J. H. Warner. Mr. Hoyston left here 21 years ago and

MAKES WILDEST BIRDS TAME

NEW YORK—The wildest birds soon become tame when this woman handles them! She is Mrs. Tartone, wife of the noted artist, Pierre Tartone. The picture shows her with two Turquoise birds, caught in the Columbian wilds of South America. They have become so tame that she carries them with her wherever she goes.
