Rev. J. W. Hood has outlined plans for "Go to Church" Sunday on Sept. 12 at the Community church. Considering the number of people in every community who could materially assist in important church work, who have done so in the past, and considering the great need of the socializing influence of the church, it is a matter of regret that so many have drifted away, so far that they do not even attend regularly. Like every community activity church attendance needs jogging up occasionally, so go to church Sunday, he says.
