

Good Coal

In these uncertain days good coal is hard to get. There's so much of the inferior product on the market now.

But we are fortunate in having excellent grades of coal for every purpose.

A friendly tip to you: Order your winter coal immediately. It may be hard to obtain later and when you really need it.

Vernicol makes old furniture new— keeps new furniture from getting old—

Don't discard that old piece of furniture just because its finish is scratched and marred. Give it a new lease on life with a coat of Vernicol, the jiffy-do-over varnish stain. Stains and varnishes the wood at each stroke of the brush. Scratches disappear almost magically. Dries with a rich, hard, glossy luster. Wears and wears. It's good for floors, too. Keep a can of Vernicol handy. It's a great antidote for careless servants and thoughtless children. Comes in all the popular finishes. Ask for color card and booklet.

Big Receipts of Corn Tend to Weaken All Grains.

CHICAGO, Sept. 21.—All grain and provisions weakened in price today as a result of big receipts of corn and wheat to unlikelyhood of frost. Wheat closed steady at the same time as Saturday's finish to 1-2c lower with Dec. 2.39 3-4 to 2.40 and March 2.34 3-4. Corn dropped to the lowest prices yet for deferred deliveries. Reactions were ascribed to profit taking by shorts.
