"Feed me good coal for I have a distaste for poor coal. I consume it too quickly and it doesn't prove at all satisfactory. It's just like eating poor food. It doesn't sustain the body properly."

Vernicol makes old furniture new— keeps new furniture from getting old—

Don't discard that old piece of furniture just because its finish is scratched and marred. Give it a new lease on life with a coat of Vernicol, the jiffy-do-over varnish stain. Stains and varnishes the wood at each stroke of the brush. Scratches disappear almost magically. Dries with a rich, hard, glossy luster. Wears and wears. It's good for floors, too. Keep a can of Vernicol handy. It's a great antidote for careless servants and thoughtless children. Comes in all the popular finishes. Ask for color card and booklet.

Hogs Steady, Steers Higher and Sheep Dull
Total run of livestock at North Portland for the week's opening included 67 cars compared with 115 cars a week ago. Swine trade was steady at the opening with better grade steers higher and sheep inclined to show dullness. In the hog alleys, there was a small run of 890 head for Monday morning traders. Saturday's extreme top was offered but holders of one lot of extra good stuff with no extra freight charge to the north, were asking an advance. Killers indicated soft spots in the swine trade but this was more in the nature of their desires than an actual showing of weakness.

There was a further gain of strength in the eastern trade for the day and prices were higher.

General hog market range:
Prime mixed \$17.50 @ 18.00
Medium sized 17.00 @ 17.50
Smooth heavy 16.75 @ 17.50
Rough heavy 14.25 @ 14.00
Pigs 12.25 @ 12.50

In the Monday cattle trade, the North Portland market showed a much smaller run than a week ago. For the better class stuff there was a disposition among killers to bid higher, especially as such bids would enable them to grab greater profits on the stock they purchased some time ago.

Prices of Wheat Go Up With Seaboard Buying

CHICAGO, Sept. 28.—Houses with eastern connections absorbed offerings of wheat today and prices soared after a brief down turn at the start. The close was strong, 4 1-4 to 6 1-2c net higher, with Dec. 232 1-2 to 2.23 3-4 and March 2.17 3-4 to 2.18. Corn raised 2 to 5 1-4 and oats 1 1-4 to 1 3-4. Provisions varied from 2 1-2c decline to an advance of 2 1-2. At first the wheat market had a decided downward tendency owing to persistent selling in small lots. General declines in commodity values and some uncertainty as to financial conditions of wheat were taken, however, soon led to a radical change of sentiment. Short covering on a large scale ensued and subsequent accent of prices did not end until the December delivery had gone 10c above the day's bottom figures.

Apples Arrive in Local Markets

Winter banana apples are selling in Pendleton stores at from \$2.50 to \$3 a box. They are grown in Milton, Del. Delicious apples are \$4.50 a box and the same price is asked for Blue Winter Pears. Boxes of pears from southern Oregon are \$5.50 a box.

Grape Fruit

Front in the west and northwest had bullish influences on corn. Oats were firm with corn. Lack of demand weakened provisions.

Stock Market Opens Well, Closes Heavy to Weak

NEW YORK, Sept. 28.—Business on the stock exchange today began with every indication of an extension of last Saturday's rally but the market reversed its course with the first hour, closing heavy to weak.

Various reasons were assigned to explain the further setback, chiefly unsettled conditions brought about by the new era of commodity price reductions. Fresh banking disturbances in Massachusetts also exerted an adverse influence.

Traders seemed to extract some comfort from the stronger reserve position of the local federal bank. This was nullified, however, by the clearing house statement.

Heaviness of metals, equipment, motors, coppers and allied shares gave additional impetus to the conviction that material price concessions are contemplated in those lines. Concurrent declines in leathers, chemicals

and foodstuffs again accompanied rumors of further downward revision of dividend disbursements.

Rails repeated their irregular trend of the past fortnight, some of the cheaper or reorganized roads showing substantial improvement on active dealings, but the movement as a whole was mainly of speculative origin. Sales 975,000 shares.

The only change in money market was the diminished inquiry for commercial loans.

Bonds were reactionary, liberty issues cancelling much of last week's recovery. Foreign issues, notably United Kingdoms of 1937, were firm to strong. Total sales (par value) aggregated \$17,000,000. On call old U. S. bonds were unchanged.

9000 Bales Offered at London Wool Sale

LONDON, Sept. 28.—At the wool auction sales today 9000 bales, comprising a moderate selection, were offered.

Sheep Are Slow With Lambs Mostly Steady

KANSAS CITY, Sept. 28.—Cheap 17,000; slow; fat sheep and lambs steady; wethers 7; western lambs 13; feeding lambs weak to 25c lower, 12.25 paid.

No Great Strength Shown in Coffee Futures Trade

NEW YORK, Sept. 28.—The market for coffee futures opened at an advance of 3 points to a decline of 7 points and held fairly steady during the early trading on covering. December sold up to 7.75 and May to \$4.60 or 1 to 5 points net higher, but there was very little buying power and

the announcement that an importing firm of New York and New Orleans was unable to meet its obligations was followed by scattered selling in the late trading. The offerings were not large enough to suggest that the firm had any large number of contracts outstanding here, however, and business continued quiet. May eased off to 8.25 and the general market closed net unchanged to 13 points lower. September and October 7.15; December 7.65; Jan. 7.81; March 8.13; May 8.32; July 8.50.

Spot coffee quiet. Rio 7a 8c; Santos 4a 13 @ 13 1-4.

SEATTLE, Sept. 28.—Sugar declined another 75¢ a hundred pounds on the Seattle market today according to local announcement. Sugar at the refineries slumped from \$15 down to \$14.25 a hundred. The new price makes the retail price here from 17 to 17 1-2¢ a pound, said Fred H. Baxter of the Kelley-Clarke company.
