## ROOSEVELT CHALLENGES G. O. P. LEAGUE STAND

CLARKSBURG, Sept. 29.—(A. P.)—A demand that Senator Harding state "plainly and unequivocally just what his attitude is on the league of nations" was made by Franklin D. Roosevelt, democratic vice presidential nominee, in a series of speeches in West Virginia yesterday. Speaking in many of the towns through which the republican presidential nominee passed on his way to Wheeling, Mr. Roosevelt repeated his request, alleging that Senator Harding's previous utterances on the subject have been capable of many interpretations.

"Senator Harding in his speech at Baltimore Monday night," Mr. Roosevelt said, "declared he is opposed to going into that league, referring to the league of nations as it was fashioned at Versailles. The people have a right to know whether he means specifically that league without reservations or whether he means that league regardless of what reservations are offered, or whether, as 'Hiram' Johnson pretends to believe, he proposes to scrap the present league altogether."

## RECORD CROWD TURNS OUT FOR FINAL WEEK

SEATTLE, Sept. 29.—(A. P.)—A record crowd turned out to see the first game of the Portland-Seattle series, transferred from Portland, and saw the Rainiers go down in defeat Tuesday by a score of 12 to 2. Despite their thirteen hits, with only two errors, the Seattle men were unable to handle the visitors who took fifteen hits off three Rainier pitchers.

**Angels Overcome Big Lead.**  
SAN FRANCISCO, Sept. 29.—(A. P.)—Los Angeles came from behind Tuesday, overcoming a five-run lead and defeating Oakland, 7 to 5. The Oaks started out by hammering O. Crandall hard, knocking him out of the box in the third inning. His successor, Thomas, allowed only two hits. Knight drove in all of Oakland's runs. His home run in the third scored two men ahead of him.

**Scale Bent Leaders.**  
LOS ANGELES, Sept. 29.—(A. P.)—San Francisco won from Vernon, 6 to 3, by timely batting. Kennedy scored the winning run in the eighth, going in from third on a single to right by Hashbrook.

## EIGHT G. O. P. LEADERS TO INVADE WASHINGTON

SEATTLE, Sept. 29.—(A. P.)—At least eight prominent republican national leaders will invade the state of Washington next month in the interest of the republican campaign, according to advices received here today by Samuel A. Walker, state chairman. The list of speakers includes United States Senators Johnson of California; Borah of Idaho; Kenyon of Iowa and ex-Senator Beveridge of Indiana; Raymond Robins, who speaks at Spokane Oct. 2; former Congressman J. Adam Bede of Minnesota; former Governor M. E. Brumbaugh of Pennsylvania; and Dr. Charles W. Flint of Cornell University.

Itineraries for the speakers will be announced shortly, Mr. Walker said.

## BUSINESS FAILURES IN PAST MONTH FEWER

SAN FRANCISCO, Cal., Sept. 29.—(U. P.)—Business failures show a decrease compared with last month, and labor continues to be fully employed, without strikes or disturbances of consequence, declares a digest of business and agricultural conditions in the twelfth federal reserve district, which was issued today by the federal reserve bank of San Francisco.

Favorable crop conditions still prevail, according to reports received by the bank from various sections of the district, which includes Arizona, California, Idaho, Nevada, Oregon, Utah and Washington.

"Compared with last month, the condition of the ranges and general crops in California, Oregon, Washington and Idaho, has improved, due to continued favorable factors and timely rainfall in the Pacific Northwest," says the digest.

**Harvests Plentiful.**  
"Harvesting of all grains and picking of remaining fruits are in progress and reports of good quantity and quality of yield are in the majority; but the prices which most of the agricultural products of the district will bring are still uncertain, and this is causing an underlying note of concern. A notable exception to this general statement is the wine and table grape market where abnormally high prices have prevailed.

"Compensation for the short crops of peaches and pears has been found in the high prices which they brought. Prices for the grain crops of the district generally and for the northwestern apple crop are not so high as last year's; lemons, almonds and walnuts are facing destructive competition from Europe. Prices for the large wool clip of the district remain at what growers consider ruinous levels.

**Lumber Industry Uncertain.**  
"The lumber industry of the Pacific coast is seriously unsettled by the application of the new freight rates, and mining throughout the district manifests no improvement over the inactivity of 1919.

"Business generally, however, while indicating the hesitancy natural under present restrictions of the wholesale prices of numerous commodities, is reported to be satisfactory and sound.

## REBELS TAKE CANTON IS REPORT AT PEKIN

PEKIN, Sept. 29.—The foreign ministry of the northern government, has received an unconfirmed report that rebels have occupied Canton. If correct this development probably means renewal of peace negotiations between the north and south of China, and possibly final unification of the country.

It is reported that home leaders were slain but no confirmation or details are given.
