

People Here and There

Now that the meeting of the state highway commission is over, County Judge C. H. Marsh can turn his thoughts for a few days to the paying of Round-Up bills. The judge is secretary of the Round-Up and as such is entrusted with the big job of auditing and paying the bills. Until next Wednesday when the October term of the county court convenes, the secretary will have time to finish up accounts on the 1920 show, he hopes, and he is asking that everyone have in their accounts early.

Dr. M. K. Hill, formerly a physician in La Grande, was a Pendleton visitor yesterday. Dr. Hill, during the recent war, was in the medical corps and served at Letterman General Hospital.

James H. Sturgis, of Sturgis & Storie, left last night on No. 18 for Boise where he will attend their Round-Up as the guest of friends.

President H. W. Collins, of the Round-Up was unable to get away last evening to attend the Boise Round-Up and is planning to leave tonight, if possible, to spend two days there attending their show.

Roy W. Ritter, state senator, and R. E. Chloupek, secretary of the republican county organization here, are leaving tonight for Boise to attend the Round-Up there and to look over the

eastern Oregon political situation while enroute.

The Round-Up is over and Sharkey is still undecided by Jimmy Hicks, O. W. H. & N. traveling passenger agent. Mr. Hicks for weeks before the big show maintained that he could ride the bull but during the days of September 23, 24 and 25 he was strangely silent. He is in Pendleton today and feels safe in stating that he really could have ridden the outlaw.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Insane Man Brought Here.
A man giving the name of Rode Tolkie was committed to the Eastern Oregon State Hospital yesterday afternoon after having been brought to the county jail from Huron by William Chelst, special deputy sheriff at Meacham. The man was shabbily dressed, wore a long black beard and his hair was matted and unkempt. For three days prior to being taken into custody, the man stayed in a cabin near Huron, refusing food that was offered him and eating nothing whatever. He is harmless and of the hermit type, has eyes having the peculiar glare and his face the flemish grin of one insane. He was examined and committed by Dr. D. J. McPaul, county physician.

Ukiah Man Marries.
John C. Lorenz, of Ukiah, and Miss Edly Gallington, were licensed yesterday afternoon to wed. The wedding took place later in the day in the office of Justice Joe H. Parks.

Registration Speeded Up.
Registration of voters at the county clerk's office was speeded up considerably today, as the end approaches for registering. This morning there were 23 names added to the lists, 16 of these being democrats and 12 republicans. The rush to register continued this afternoon.

Would Become Citizen.
Hugh Thomas Fraser, of Hermiston, on Wednesday filed his petition with the county clerk for final naturalization papers and will be heard at the January term on January 8, 1921.

MAY TOW LOGS TO SWEDEN.
VANCOUVER, B. C., Sept. 21.—To ship lumber in raft formation from this coast to Sweden is the ambitious project being investigated here by prominent lumbermen of Sweden. The visitors have carefully investigated waters of the Pacific, tides, currents and seasonal winds and say that on account of the huge size of British Columbia timbers it will be possible to make and tow rafts containing from twenty to twenty-five million feet of timbers to Sweden.

BILLY SUNDAY FINDS MORAL IN IDOL'S FALL

BY BILLY SUNDAY.
(Copyright by the United Press.)
ROANOKE, Va., Sept. 30.—The heart of the average American boy will cherish bitter enmity toward dastardly gambling interests that corrupted his baseball idols. But no boy will say he has lost faith in baseball. He is just one more factor of the public eager to repudiate the slightest suggestion of dishonesty and anxious to back up efforts to maintain for baseball the reputation it had for years—clean, on the square, wholesome and distinctly American. Dishonesty and dishonesty did what all slanders of the American league could not do—drive Eddie Cicotte from the box.

Thus one of the idols of American boyhood fell from its pedestal of fame. To my mind this constitutes one of the saddest features connected with the baseball scandal. Even this, however, will not rob the average boy of his interest and love for baseball. Thousands of youthful players on city lots, members of country and town teams from coast to coast, will see in the baseball scandal only proof of things that they have always believed: "That you can't play a crooked game and win."

T. F. O'BRIEN RESIGNS AS STATION AGENT HERE

T. F. O'Brien, for the past ten and a half years Pendleton station agent for the O. W. R. & N., has resigned his position, according to announcement made by him this morning. F. L. Hall, station agent at Huntington since 1906, arrived last night to succeed Mr. O'Brien.

Mr. O'Brien has for many years been a railroad man. When he came to Pendleton the present depot building had not been built, nor had the grounds been planted to grass and shrubs. Those latter improvements went on under Mr. O'Brien's direction. He is undecided about his plans but expects to take a rest before deciding as to his future.

Mr. Hall's family will arrive here soon to join him.

To "Youth-ify" Gray, Streaked Hair

Ask anybody to guess how old you are, and notice how their first appraising glance is directed at your hair.

To be answered "You can't be more than thirty; I can tell by your hair," must give to any woman who is really forty or more a sense of pride and satisfaction.

It is to become prematurely gray at 25 or 30, to look ten years older

than you actually are—that is indeed a bitter experience. However, your woman can't get a better color of her hair, restore to gray, faded and streaked hair all its maiden beauty and the identical color it had in girlhood, whether light, old, or medium, dark brown or black. Brownstone is instant in results and absolutely harmless.

At all drug stores: 50c and 1.50; two color—dark brown and "Brown" and "Dark Brown to Black."

Special Free Trial Offer
For a free trial package of Brownstone, send to The Kanton Pharmaceutical Co., 577 Coppel Bldg., Covington, Ky., enclosing 11 cents for post postage, packing and war tax. Tear this out.

Our prices always welcome comparison. Each price is marked in plain figures and that figure is the lowest compatible with reliable quality.

Misstatement or exaggeration has no place where quality is of the highest and prices are low. We shall endeavor to always maintain that policy.

ALL other styles were forgotten when we designed our "brogue" No. 440, but reputation wasn't. PRICE DROP STRIKES PIANOS AND POTATOES

PORTLAND, Sept. 30.—(U. P.)—The first drop in the price of food at local restaurants was announced today by a concern operating three eating places. Standard dishes are reduced five cents, the reductions ranging from 20 to 50 per cent.

Wheat Features Affected.
CHICAGO, Sept. 30.—Wheat futures today dropped nine cents on the Chicago board of trade. Other grains also declined. Heavy liquidations, due to continued declines in the prices of various commodities was the principal factor.

Motor Trucks Lower.
LINCOLN, Neb., Sept. 30.—The Patriot Motor company today announced a reduction of from \$200 to \$195 in the price of its trucks.

Potatoes Sell at 50 Cents.
INDIANAPOLIS, Sept. 30.—(U. P.)—Potatoes today hit the price toboggan here. The wholesale price was quoted at 50 cents, a reduction of one dollar.

FAMILIES ARE 50-50 IN THEIR CHOICE FOR PRESIDENTIAL TIMBER

SEATTLE, Wash., Sept. 30.—(U. P.)—Of 33 families in Seattle who have the name of Cox and who were interviewed, 19 stated they are opposed to him, 11 were undecided as to whether they'd mark ballots for him and only two were sure they are for the democratic nominee for president.

And the Harding families in Seattle are by no means unanimous for the republican standard bearer; in fact, it's about 50-50.

So Cox will be for Harding and Harding will vote for Cox—at least in Seattle.

served only to reduce the outstanding short interest, the vulnerable portion of which apparently covered on yesterday bulges. There is but one constructive argument, and that is that the extended decline has discounted a great many bearish conditions, but this will mean nothing until something of a concrete nature develops to stimulate confidence in values. Even the producer seems to have no faith in higher prices as country offerings show no abatement despite the decline.

Out.—This market was under pressure with other grains and not only the futures but the cash as well, suffered sharp reductions. Receipts were estimated at 190 cars, a small increase and met an insufficient demand. This market is in a weak position and the fact that prices have broken in two since early summer, is of no consequence.

Buy.—Trade in futures was dull with the December relatively weaker than the expiring month. Cash type
