Appeals for Aid

In an appeal addressed to the people of this county today, Mr. Scott said: The Near East Relief is collecting shipments of clothing for Armenia where last winter thousands of orphans perished from cold and exposure and where thousands more may perish this winter unless relief is afforded. This work must be of a strictly volunteer character.

Store Becomes Monument

"Really, I hate to think of all the good old days and how much of my life has been lived up in Pendleton for there has been much joy and very little sorrow in all those years. But let me say here, that the happiest thing which occurs to me at this moment is that the Peoples Warehouse, which is a sort of a monument of all my years of labor, is to go into the hands of men who will continue the high standard liberal policies and broad principles that have made the Peoples Warehouse a respected household name in this vast inland empire."
