The Dean Tatom Co.

Grocery Dept.

While in Butte inspecting electrical equipment in the copper mines, this Dutch engineer, whose knowledge of English is rather vague, was taken for an automobile ride about the city. A health department placard with the word "Measles" and the usual warning attracted his attention. He was informed that it was a notice that measles, a contagious disease, was provaient in that house. During his ride the engineer frequently noticed other placards.

Upon his return to his hotel the

demics of two contagious diseases Moved Back to
