Dollar Knowledge

There is nothing surer than this: that the man or the woman who is thoroughly informed on the value of the dollar is going to win out over those who are not.

Such a man or woman might at times not get his or her money's worth but as a rule you will find them right financially,—they know the worth of a dollar.

A savings account in this strong bank and kept up persistently, furnishes in itself, an education as to money value—such savings accounts are opened here every day.

Vernicol makes old furniture new—keeps new furniture from getting old—

Don't discard that old piece of furniture just because its finish is scratched and marred. Give it a new lease on life with a coat of Vernicol, the jiffy-do-over varnish stain. Stains and varnishes the wood at each stroke of the brush. Scratches disappear almost magically. Dries with a rich, hard, glossy luster. Wears and wears. It's good for floors, too.

Keep a can of Vernicol handy. It's a great antidote for careless servants and thoughtless children. Comes in all the popular finishes. Ask for color card and booklet.

Hogs Go Still Lower and Sheep Are Depressed North Portland, along with practically very leading hog market in the country, showed a further slump in hog values Thursday. Cattle were steady, while sheep ruled depressed. In the hog alleys the extreme top of the Thursday morning market was \$16.50, a loss of 25c from the previous day. There was a total run in the alleys of less than two loads, therefore it was not the new supply that caused the generally reactionary tone.

| | |
|----------------------------------|---------------|
| General hog market range: | |
| Prime mixed | \$16.00@16.50 |
| Medium mixed | 15.50@16.00 |
| Smooth heavy | 15.00@16.00 |
| Rough heavy | 13.00@14.50 |
| Pigs | 12.00@14.75 |

Only a handful or so appeared in the mutton alleys at North Portland for the Thursday morning trade. General trade conditions showed a lack of buying appreciation and the entire undertone of the market was in bad shape, although there was practically nothing available during the day to thoroughly establish any quotation.

| | |
|---------------------------------------|------------|
| General sheep and lambs range: | |
| East of mountain lambs | 9.00@10.50 |
| Willamette valley lambs | 8.00@9.50 |
| Feeder lambs | 8.00@9.50 |
| Cull lambs | 6.00@8.50 |
| Yearlings | 6.50@9.00 |
| Wethers | 6.00@8.50 |
| Ewes | 2.25@6.00 |

With only a small run all told in the North Portland alleys for Thursday, the cattle market appeared steady. Of the total supply of 70 head 2 loads went direct to outside killers and therefore were not offered here. A load of calves likewise departed.

| | |
|---------------------------------|------------|
| General cattle range: | |
| Choice gram steers | 9.00@10.00 |
| Good to choice steers | 7.75@9.00 |
| Medium to good steers | 6.75@7.75 |
| Fair to good steers | 6.25@6.75 |
| Common to fair steers | 5.75@6.25 |

Canadian Wheat Buying Lovers Chicago Market CHICAGO, Oct. 1.—Big purchasing of Canadian wheat by millers in the United States had a good deal to do with a severe break in wheat here today. The market closed heavy, 7 1/2-2 1/2 and March 2.10 1/4 to 2.11 1/4. Corn finished 5 1/2 down to 1/4 advance, oats off 1 1/2 to 1 1/4 and provisions unchanged to 5c lower.

Selling pressure in wheat came largely from houses with northwestern connections and this appeared to give special emphasis to word that further large amounts of Canadian wheat had been bought to come into the United States besides quantities announced yesterday. At the same time export business from this country was said to have met with a check. Swiss, German and French buyers asserting they were offered wheat cheaper elsewhere. India was said to have released 14,000,000 bushels for export notwithstanding recent advances of widespread starvation there.

Estimates that the 1920 corn crop would exceed the government forecast by \$2,000,000 had a bearish effect on corn and so did big receipts and apparent absence of frost damage. Oats fell with other grain.

Provisions here decreased by the weakness of hogs and cereals.

Coffee Futures Move About 4 to 5 Points NEW YORK, Oct. 1.—The market for coffee futures was very quiet today and prices fluctuated within a range of four to five points. Oct. 7.32; Dec. 7.67; Jan. 7.81; March 8.16; May 8.34; July 8.54.

Spot coffee nominal, unchanged; Rio 7 1/2 @ 8; Santos 4 1/2 @ 10 1/2.
