HARDING DECLINES TO DISCUSS LEAGUE ISSUE

WEST JEFFERSON, Ohio, Oct. 2.—(By Raymond Clapper, U. P. Staff Correspondent.)—An old fashioned farmers' basket picnic and barbecue near here today offered a setting for Senator Harding's speech. The candidate spoke briefly on agriculture, declaring the welfare of the American farmer is the welfare of the American people. Harding advocated: Government aid to farmers purchasing land; Cheaper distribution of farm products through cooperative marketing; More efficient rail and motor transportation; Protection of American agricultural products from cheaper foreign competition.

The republican nominee is finding the League of Nations issue the most troublesome of the campaign. Headquarters still professed ignorance regarding the alleged intention of Harding to be irremediable to quit the stump. Harding sent a telegram to Edward Ryan of Washington, a heckler who interrupted him at the Baltimore meeting, flatly declining to state more fully his attitude on the league issue.

G. O. P. LEADERS DENY BORAH QUILTS STUMP

NEW YORK, Oct. 2.—(A. P.)—Party leaders at republican national headquarters last night scouted the idea that Senator Borah of Idaho had "quit the campaign," as reported on the strength of a letter in which he is said to have asked that no further speaking engagements be made for him.

"No letter has been received here which indicates that Senator Borah intends to quit," an official of the republican publicity bureau said.

"Several days ago we did have a letter from the senator asking that no more engagements be made for him at present. We understood this to mean that he had made engagements of his own according to his custom. Senator Borah has been handling his own itineraries and not working under our
