Cleveland Breaks Even While Team Crippled by Gambling Disclosures Loses to St. Louis in Opener of Last Series.

NEW YORK, Oct. 2.—(A. P.)—Cleveland can clinch the American league pennant by winning one of its two remaining games, or by Chicago losing one of its two games.

The Only Is Possible

DETROIT, Oct. 2.—Cleveland, fighting for the American league pennant, made certain of at least a tie by dividing a doubleheader with Detroit while Chicago was losing a single game to St. Louis Friday.

Cleveland and Chicago each have two games to play and should the Indians lose both while Chicago wins two, the tie would result.

Chicago's Hopes Dimmed ST. LOUIS, Oct. 2.—St. Louis dimmed Chicago's pennant hopes, defeating the White Sox, 5 to 4, in the opening game of the series of three that rounds out the American league race.

The loss of the game, while Cleveland was breaking even in a doubleheader with Detroit, placed Chicago two games to the rear of the leaders and destroyed their last chance of capturing the championship unless through a play-off of a tie.

Ineffective pitching and inability to hit in the pinches cost Chicago the game. After getting away to a three run lead in the first inning as the result of three passes, two hits and a sacrifice, Fisher weakened in the third, six of the eight men who faced him hitting safely, giving St. Louis five runs and a lead that was maintained the rest of the game.

The contest was the first in which Chicago has participated since seven members of the club were suspended in connection with the world's series gambling scandal.

Ray Schalk was tendered an ovation when he came to bat the first time and was presented with a huge floral basket from local admirers.

INDIAN WHO FIGURED IN HISTORY STILL LIVES

ALTURAS, Cal., Oct. 2.—(A. P.)—Charley Faithful, the Modoc Indian who years ago, saved the remnant of General Wheaton's command from annihilation during the war of the lava beds, still lives on the Klamath Indian Reservation near here and draws a pension from the government. He is now blind.

On January 17, 1873, General Wheaton attempted to override the stronghold of the Indians, but was repulsed with the loss of 41 of his command. Caught in the mazes of the lava beds, it is believed that every man would have perished but for Charley Faithful.
