

People Here and There

J. W. Keen, of Freewater, was a business visitor to Pendleton today.

Will M. Peterson, local attorney, left Saturday night for Enterprise where he is attending to business matters for a few days.

Dr. William Thomas Phy, proprietor of the sanitarium at Hot Lake, Ore., was a week end visitor in Pendleton, the guest of friends.

Thirty years ago when Chehalis was a much smaller community than today, J. C. Bush became published of the Bee-Nugget, one of two weeklies which still thrive there. A few years ago Mr. Bush retired as a publisher, selling the publication to a brother. Hop and berry raising and dairying, for which Lewis county is famed, proved both interesting and lucrative and Mr. Bush followed the life of an agrarian for several years. Printers ink and the hum of a linotype are still dear to Mr. Bush and this morning, while he and Mrs. Bush awaited their train for Ontario, they called to look over the East Oregonian plant. After a visit to Ontario, they will come back to Baker and go to Grant County over the Stampier Valley railroad to visit with relatives at Long Creek.

He was eating peanuts and had the safety set on his shot gun or he would have shot all three of them. That is what Rev. Robert Lee Bussabarger gave as his alibi for bagging only one goose this morning out near Mission instead of all three that he scared up. The minister made a good clean shot and brought down one of the honkers, however, and was as proud of it as a boy with his first game. The opening of the pheasant season is a handicap to a minister but early this morning Rev. Mr. Bussabarger got after his quota and bagged five before the sun had ascended to the Zenith. He cannot shoot next Sunday, either, so, where others are allowed a limit of 15 in eight days, Rev. Bussabarger will have to be content with only 10. With ducks and geese in season, however, Rev. Mr. Bussabarger needs not go without game.

For warden of a state penitentiary one might look for a man with a Simon Legree look and a visage showing years of contact with criminals. Just because he is not that kind of a man at all, one would never suspect L. H. Compton of being warden of the Oregon state prison. Mr. Compton, wearing a victory button showing service in the world war, is a large, jovial appearing man with a kindly face, a warm greeting and a very likeable per-

sonality. He is here to testify in the trial of the Taylor murderers and is proving a favorite with officers about the sheriff's office who are becoming acquainted with him for the first time.

NEWS OF THE COUNTY OFFICES AND OFFICERS

Both Grooms Named Thompson.
Marriage licenses were issued today to two couples, the name of the prospective grooms in both cases being Thompson. The first license was issued to Ramey P. Thompson and Miss Vera May Taylor, of Pendleton, and the second to Joseph Thompson and Miss Rosie Davis, both of the reservation. The second named wedding is set for Tuesday at Mission.

Registration Is Completed.
The books for registration were closed at the county clerk's office Saturday evening until after the general election on Nov. 2. The final registration showed the heaviest registration

of any, there having been 128 names added. Of this number, 67 were republicans, 45 democrats and 14 independent. County Clerk R. T. Brown has no idea of the size of the registration but is inclined to believe that it is a record breaker.

Woman Charged With Desertion.
Fred S. Lyon today filed suit for divorce from Olive C. Lyon, charging her with desertion. The couple was married in June, 1917. Peterson, Bishop & Clark represent the plaintiff.

Sue to Cancel Contract.
The Inland Irrigation Co., Inc., today brought suit against A. L. Steiner and Marie Steiner to foreclose on a contract for the purchase of irrigated lands and for judgment for \$591.57 and interest, alleged due and unpaid on the contract, which, it is alleged, has been violated by non-payment of installments as agreed. Raley, Raley & Steiner are attorneys for the plaintiff.

FIVE CHILDREN DIE IN FARMHOUSE FIRE

MERILL Wis., Oct. 4.—(U. P.)—Five children were burned to death in a fire which destroyed the farm house of Edward Nelson here today. Nelson and his wife were burned trying to rescue the others. Mrs. Nelson escaped uninjured. The five children, ranging from 5 to 16 years of age slept in the upper part of the house.

SHIPLOAD OF FRUIT WILL SELL AT COST

CHICAGO, Oct. 4.—(U. P.)—Prices were given another jolt here today. Grapes, pears—a whole shipload of them—arrived to be sold at cost. The shipment was part of a purchase by the City of Chicago from Michigan fruit growers in an effort to force prices down. Six more shipments have been ordered.

NEW 'FIXING' SCANDAL REVEALED AS HUSBANDS COAX WIVES TO N. Y.

NEW YORK, Oct. 4.—(U. P.)—Another "fixing" scandal in connection with the world series was revealed here today. The revelation had to do with how so many big business men in all parts of the country from Kennebunkport, Maine, to Walla Walla, Washington, "fixed" their wives to let them come to the big city. The explanation is simple: They brought the wives with them. A real bribe was the greatest of all female desires—a shopping trip on Fifth Avenue.

WORLD SERIES (Continued from page 1.)

the greater outfielders baseball has ever known. He is the only playing manager in any major league and it is sufficient testimony to his ability as a leader to have developed in less than two years an aggregation of players that was able to win for Cleveland its first championship in major league circuit.

Both Teams in Trim
When the teams take the field Tuesday they will be in as good condition physically as it is possible for two teams of athletes to be after the strenuous campaigns they have been through. The races in both leagues were not decided as early as usual, Brooklyn winning the National League pennant less than a week before the close of the season and Cleveland capturing the American league title only one day before the close of the season.

It is almost certain that Speaker will call on his pitching ace, Jim Bagby, in the opening game, unless Stanley Coveleskie exhibits the better form. Manager Robinson will start either Marquard or Smith, with the chances favoring the former because of his good pitching in recent games.

Applications Returned.
NEW YORK, Oct. 4.—(A. P.)—Demand for seats for the world series games, the first of which will be played at Brooklyn tomorrow, today far exceeded the capacity. Thousands of applications must be returned.

Beauty More Than Skin Deep
There is an old saying that beauty is only skin deep. That may be so with those who get their beauty out of a box but not the genuine sort. Beauty is really only another word for good health and no woman who is illious and constipated can reasonably hope to be beautiful. Chamberlain's Tablets will correct these disorders, then with proper diet and exercise there is no reason why any young woman with regular features may not hope to be beautiful.

She Sets a Good Example.
"I keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house at all times and have recommended it to many friends and acquaintances, who have used it with good results," writes A. O. Bernal, New Kensington, Pa. "Should you not do like wise? Think of the pain and suffering that must be endured when medicine must be sent for."

Now is the Time to Get Rid of Your Rheumatism.
If you are troubled with rheumatism get a bottle of Chamberlain's Liniment and use it according to the plain printed directions. You will be surprised at the quick relief which it affords. No internal treatment is required in cases of chronic or muscular rheumatism. All you need is to use the liniment freely.

HYDROPLANE SINKS
CHICAGO, Oct. 2.—(U. P.)—A disabled naval hydroplane from the Great Lakes naval training station with its crew aboard sank today off Lake Forest, Ill. Lieutenant Sidney Cedott, pilot, was drowned. The plane went down as a rescue boat arrived to take off the crew.

PRESIDENT PUTS (Continued from page 1.)

the world has constituted a promise to the world we would sustain? This is the most momentous issue that has ever been presented to the people of the United States, and I do not doubt that the hope of the whole world will be verified by an absolute assertion by the voters of the country of the determination of the United States to live up to all the great expectations which they created by entering the war and enabling the other nations to see the way to bring to a victorious conclusion to the confusion of Prussianism and everything that rises out of Prussianism.

Surely we shall not fail to keep the promise sealed in the death and sacrifice of our incomparable soldiers, sailors and marines who fight our verdict beneath the soil of France.

Those who do not care to tell you the truth about the League of Nations tell you that Article X of the covenant of the League of Nations would make it possible for other nations to lead us into war, whether we willed it by our own independent judgment or not. This is absolutely false.

Whole World Waits.
There is nothing in the covenant which in the least interferes with or impairs the right of congress to declare war or not declare war according to its own independent judgment, as our constitution provides. Those who drew the covenant of the league were careful that it should contain nothing which interfered with or impaired the constitutional arrangement of any of the great nations which are to constitute its membership. They would have been amazed and indignant at the things that are now being ignorantly said about this great and sincere document.

The whole world will wait for your verdict in November as it would wait for an intimation of what its future is to be. WOODROW WILSON.

A Plain Statement

Behind every business there must be a definite policy to make that business successful. And in these days of uncertain values it is well for the buyer to turn to an institution that has a clear conception of its responsibilities to the buying public.

Our prices always welcome comparison. Each price is marked in plain figures and that figure is the lowest compatible with reliable quality.

Misstatement or exaggeration has no place where quality is of the highest and prices are low. We shall endeavor to always maintain that policy.

GRUEN WATCHES

BOOZE RUNNERS BURN BRIDGES BEHIND THEM

HUTTS, Mont., Oct. 4.—(U. P.)—Reports received here from Gilford, a small town near the Canadian border, indicate "booze runners" engaged in smuggling contraband whiskey over the border adopted the expedient of literally burning their bridges behind them in order to elude pursuit.

Sheriff Matt McLain, while pursuing so auto truckload of whiskey he had learned had crossed the international boundary, was halted when he reached Milk River and found the bridge burned down. He found evidence indicating the booze smugglers had poured gasoline over the bridge timbers and set them on fire.

MANCHURIA CITY RAIDED BY REDS

TOKIO, Oct. 4.—(A. P.)—Japanese troops have been sent to Hun-Chun, Manchuria, near the Korean frontier, which was raided Saturday. The attacking party consisted of Russian bolsheviks, say Korean and Chinese reports. Ten Japanese were killed and 22 were wounded. Forty-eight raiders were killed or injured.
