**Vernicol makes old furniture new— keeps new furniture from getting old—**

Don't discard that old piece of furniture just because its finish is scratched and marred. Give it a new lease on life with a coat of Vernicol, the jiffy-do-over varnish stain. Stains and varnishes the wood at each stroke of the brush. Scratches disappear almost magically. Dries with a rich, hard, glossy luster. Wears and wears. It's good for floors, too.

Keep a can of Vernicol handy. It's a great antidote for careless servants and thoughtless children. Comes in all the popular finishes. Ask for color card and booklet.

# Doctor Cupid

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of.

Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as liquid form.

ROSEBURG, OREGON—"I suffered something terrible from an organic trouble. Could scarcely stand on my feet. My head and back ached so hard and I was weak and nervous. I had severe pains in my side and my limbs and feet ached. I was also troubled with constipation. I took Dr. Pierce's Favorite Prescription, Golden Medical Discovery, and Pleasant Pellets. These medicines cured me of all my ailments and I was well and strong."—Mrs. W. D. MOORE, 1246 N. Jackson Street.

Stocks Are Uncertain With Loans Getting Bigger  
NEW YORK, Oct. 5.—Lacking more definite or convincing reasons, the uncertain tendencies manifested by the stock market again today were ascribed generally to local monetary conditions as revealed at the close of last week's business. No material change was shown by the federal reserve bank but the combined clearing house institutions reported the largest actual reserve deficit of the year, loans and discounts also expanding to a new high record for that period.

Wheat Hits Low Level In Smash at Chicago  
CHICAGO, Oct. 5.—All grain prices smashed down Monday to the lowest level since 1917. Impairment of confidence on the part of owners appeared to be largely responsible. The finish in wheat was semi-demoralized at 11 1/2 to 12 1/2c net decline, with Dec. 1.95 to 1.92 1/2; and March 1.91 to 1.91 1/2. Corn lost 4 1/2 to 5c; oats 1 1/2 to 1 1/4 to 2 3/8 and provisions 20c to 1 1/2.

profits. Toward the last, even this prop gave out and values collapsed in good earnest notwithstanding that the pressure to sell had diminished as compared with the first part of the day. The unanimity of bearish sentiment was due in a considerable degree to gossip that liquidation from rural sources had increased. Beside, export demand seemed to have vanished for the time being and domestic millers save no sign of coming to the rescue. On the contrary one of the biggest flour mills in St. Louis was reported as having closed down for lack of buying orders. Canadian wheat continued to be offered freely and it was confirmed that actual exports from India had begun.
